Russian Notions of Power and State in a European Perspective, 1462-1725 Endre Sashalmi, 2022-10-25 Winner of the 2023 Marc Raeff Book Prize A 2023 REFORC Book Award Longlist Title This book highlights the main features and trends of Russian political thought in an era when sovereignty state and politics as understood in Western Christendom were non-existent in Russia or were only beginning to be articulated It concentrates on enigmatic authors and sources that shaped official perception of rulership or marked certain changes of importance of this perception Special emphasis is given to those written and visual sources that point towards depersonalization and secularization of rulership in Russia A comparison with Western Christendom frames the argument throughout the book both in terms of ideas and the practical aspects of state building allowing the reader to ponder Russia's differentia specifica

Tensions of Social History Alessandro Stanziani, 2022-12-15 This book seeks to overcome the tension between western and non-western categories and tools in the study of global history showing how most western approaches to the social sciences and history have developed through transnational and colonial interactions Offering a transnational and global history of the main tools we have to understand the word and its transformations over the last three centuries Tensions of Social History explores the construction of archives and historical memory the making of statistics and their use in politics the identification of social actors and the emergence of key social theories Providing key insights into how to write history and develop social sciences in the global era while avoiding eurocentrism and cultural exceptionalism this ambitious book shows how global history is made of encounters rather than confrontations between civilizations

Europe Against Revolution Matthijs Lok, 2023 Offers a radical new scholarly interpretation of the topics of Enlightenment legacies counter revolution and conservatism as well as the construction of the European Past and the international order Gives a historical perspective on the contemporary radical right as well as current expressions of European identity and memory Combines Enlightenment thought with counter revolution and memory studies historiography Draws on sources from seven languages to give a truly pan-European perspective

The Cambridge World History of Slavery: Volume 2, AD 500-AD 1420 Craig Perry, David Eltis, Stanley L. Engerman, David Richardson, 2021-08-12 Medieval slavery has received little attention relative to slavery in ancient Greece and Rome and in the early modern Atlantic world This imbalance in the scholarship has led many to assume that slavery was of minor importance in the Middle Ages In fact the practice of slavery continued unabated across the globe throughout the medieval millennium This volume the final volume in The Cambridge World History of Slavery covers the period between the fall of Rome and the rise of the transatlantic plantation complexes by assembling twenty-three original essays written by scholars acknowledged as leaders in their respective fields The volume demonstrates the continual and central presence of slavery in societies worldwide between 500 CE and 1420 CE The essays analyze key concepts in the history of slavery including gender trade empire state

formation and diplomacy labor childhood social status and mobility cultural attitudes spectrums of dependency and coercion and life histories of enslaved people [The Cambridge History of Latin American Law in Global Perspective](#) Thomas Duve,Tamar Herzog,2024-02-08 Covering the precolonial period to the present The Cambridge History of Latin American Law in Global Perspective provides a comprehensive overview of Latin American law revealing the vast commonalities and differences within the continent as well as entanglements with countries around the world Bringing together experts from across the Americas and Europe this innovative treatment of Latin American law explains how law operated in different historical settings introduces a wide variety of sources of legal knowledge and focuses on law as a social practice It sheds light on topics such as the history of indigenous peoples laws the significance of religion in law Latin American independences national constitutions and codifications human rights dictatorships transitional justice and legal pluralism and a broad panorama of key aspects of the history of statehood and law This title is also available as Open Access on Cambridge Core [Western History in Musical Perspective](#) John Huber,2023-02-07 Archaeological discoveries indicate that early man even in a primitive state made tools to produce and control sound Music has evolved right along with us From the perspective of Western European culture all known older more advanced forms of music developed in the East The first civilizations of Central Asia the Middle East and the Nile had music with well developed applications as did the Greeks and Romans who follow them in our history books The geographical regions now dominated by China and India and the Turkic peoples spreading westwards from Mongolia all had their own as well as shared variations of percussion string and wind instruments as well as vocal music During the millennia since then Western culture has undergone constant increasingly rapid and advanced development and so has its music during the sixteenth century it was spread into the Americas eventually achieving total domination Soon after colonial activity also forced East Asia and eventually the rest of the world to deal with Western culture which affected and often threatened native cultures Get a detailed look at history from a musical perspective with this scholarly work by a musicologist who is an expert in stringed musical instrument history and development **The Devil from over the Sea** Sarah Covington,2022-03-24 In Ireland few figures have generated more hatred than Oliver Cromwell whose seventeenth century conquest massacres and dispossessions would endure in the social memory for ages to come The Devil from over the Sea explores the many ways in which Cromwell was remembered and sometimes conveniently forgotten in historical religious political and literary texts according to the interests of different communities across time Cromwell s powerful afterlife in Ireland however cannot be understood without also investigating his presence in folklore and the landscape in ruins and curses Nor can he be separated from the idea of the Cromwellian a term which came to elicit an entire chain of contemptuous associations that would begin after his invasion and assume a wholly new force in the nineteenth century What emerges from all these memorializing traces is a multitudinous Cromwell who could be represented as brutal comic sympathetic or satanic He could be discarded also tellingly from the accounts of

the past and especially by those which viewed him as an embarrassment or worse In addition to exploring the many reasons why Cromwell was so vehemently remembered or forgotten in Ireland Sarah Covington finally uncovers the larger truths conveyed by sometimes fanciful or invented accounts Contrary to being damaging examples of myth making the memorializations contained in martyrologies folk tales or newspaper polemics were often productive in cohering communities or in displaying agency in the form of counter memories that claimed Cromwell for their own and reshaped Irish history in the process

Zinsser writing with Bonnie S Anderson Incorporating essays from top scholars ranging over an abundance of regions dates and methodologies the three volumes of *Women's History in Global Perspective* constitute an invaluable resource for anyone interested in a comprehensive overview on the latest in feminist scholarship Bonnie G Smith is the Board of Governors Professor of History and director of the Institute for Research on Women at Rutgers University She is the author of *Confessions of a Concierge Madame Lucie's History of Twentieth Century France* and many other books *Perspectives on History*, 2009 German History in Marxist Perspective Andreas Dorpalen, 1985 Andreas Dorpalen's *German History in Marxist Perspective* The East German Approach is the most comprehensive study of historical scholarship in the former German Democratic Republic to have appeared in any language His purpose is to analyze the way in which GDR historians guided by the theoretical presuppositions of Marxist Leninist ideology have interpreted the German national past from the early Middle Ages to the present To accomplish his task Dorpalen examined the mass of writing produced by historians of the GDR from the time the historical profession was reestablished in 1945 He thereby provides readers with access to historical literature that up to now has been largely ignored by English speaking scholars The European Experience Jan Hansen, Jochen Hung, Jaroslav Ira, Judit Klement, Sylvain Lesage, Juan Luis Simal, Andrew Tompkins, 2023-02-21 *The European Experience* brings together the expertise of nearly a hundred historians from eight European universities to internationalise and diversify the study of modern European history exploring a grand sweep of time from 1500 to 2000 Offering a valuable corrective to the Anglocentric narratives of previous English language textbooks scholars from all over Europe have pooled their knowledge on comparative themes such as identities cultural encounters power and citizenship and economic development to reflect the complexity and heterogeneous nature of the European experience Rather than another grand narrative the international author teams offer a multifaceted and rich perspective on the history of the continent of the past 500 years Each major theme is dissected through three chronological sub chapters revealing how major social political and historical trends manifested themselves in different European settings during the early modern 1500 1800 modern 1800 1900 and contemporary period 1900 2000 This resource is of utmost relevance to today's history students in the light of ongoing internationalisation strategies for higher education curricula as it delivers one of the first multi perspective and truly European analyses of the continent's past Beyond the provision of historical content this textbook equips students with the intellectual tools to interrogate prevailing accounts of European history and enables them to seek out additional perspectives in a bid to further enrich the discipline **Urban Communities and Memories in East-Central Europe in the Modern Age** Aleksander Łupienko, 2024-08-07 This edited volume studies the logic of community formation and the common view of the past to show how various social bonds of communities functioned during the modern national era of East Central Europe from the late eighteenth century until today and how multifaceted this group building really was Through an overview of selected examples of communities in East Central European urban centres mainly the territories of the Polish Lithuanian

Commonwealth and its successor empires the volume shows the potential of re interpretation or adaptation of the past as a crucial tool for assuring social cohesion and for strengthening the image of group boundaries It studies not only textual sources but also the cultural construction of local historical writings such as oral tradition and municipal publications as well as symbolic objects such as epitaphs plaques monuments and public edifices The contributors explore the actual creativity employed by these communities to envision their past and their future in homage to the ideals of centralised nationalism or regionalism and how these strongly ethnically marked historic spaces can be interpreted celebrated or neglected This book will be of interest to scholars and students of regional urban history and cultural diversities memory cultures and community formation

A Cultural History of Youth in the Renaissance Lucy Underwood,2022-12-29 Written by a diverse team of experts this third volume of A Cultural History of Youth explores themes such as rites of passage ideas about morality youthful engagement with religion and the Reformations and the experiences of young people With analysis of the broader framework in which the cultural histories of the Renaissance played out this volume combines detailed analysis of the 1450 1650 period with an examination of the representations and enactments of youth across time Richly illustrated with images of tapestries maps woodcuts and contemporary architecture and artwork this volume offers a detailed exploration of youth during the Renaissance and covers its interactions with themes such as Concepts of Youth Spaces and Places Education and Work Leisure and Play Emotions Gender Sexuality and the Body Belief and Ideology Authority and Agency War and Conflict and Towards a Global History

The Limits of History Constantin Fasolt,2022-12-22 History casts a spell on our minds more powerful than science or religion It does not root us in the past at all It rather flatters us with the belief in our ability to recreate the world in our image It is a form of self assertion that brooks no opposition or dissent and shelters us from the experience of time So argues Constantin Fasolt in The Limits of History an ambitious and pathbreaking study that conquers history s power by carrying the fight into the center of its domain Fasolt considers the work of Hermann Conring 1606 81 and Bartolus of Sassoferrato 1313 14 57 two antipodes in early modern battles over the principles of European thought and action that ended with the triumph of historical consciousness Proceeding according to the rules of normal historical analysis gathering evidence putting it in context and analyzing its meaning Fasolt uncovers limits that no kind of history can cross He concludes that history is a ritual designed to maintain the modern faith in the autonomy of states and individuals God wants it the old crusaders would have said The truth Fasolt insists only begins where that illusion ends With its probing look at the ideological underpinnings of historical practice The Limits of History demonstrates that history presupposes highly political assumptions about free will responsibility and the relationship between the past and the present A work of both intellectual history and historiography it will prove invaluable to students of historical method philosophy political theory and early modern European culture
