**Perspectives on Japan** John H. Miller,2014-04-02 American Political and Cultural Perspectives on Japan From Perry to Obama is an historical survey of how Americans have viewed Japan during the past 160 years It encompasses the diplomatic political economic social and cultural dimensions of the relationship with an emphasis on changing American images myths and stereotypes of Japan and the Japanese It begins with the American opening of Japan in the 1850s and 1860s Subsequent chapters explore American attitudes toward Japan during the Gilded Age the early 1900s the 1920s the 1930s and the Pacific War The second part of the book organized round the theme of the postwar Japanese American partnership covers the Occupation the 1960s the troubled 1970s and 1980s and the post Cold War decades down to the Obama presidency The conclusion offers some predictions about how Americans are likely to view Japan in the future **America and the**

**Japanese Miracle** Aaron Forsberg,2003-06-19 In this book Aaron Forsberg presents an arresting account of Japan s postwar economic resurgence in a world polarized by the Cold War His fresh interpretation highlights the many connections between Japan s economic revival and changes that occurred in the wider world during the 1950s Drawing on a wealth of recently released American British and Japanese archival records Forsberg demonstrates that American Cold War strategy and the U S commitment to liberal trade played a central role in promoting Japanese economic welfare and in forging the economic relationship between Japan and the United States The price of economic opportunity and interdependence however was a strong undercurrent of mutual frustration as patterns of conflict and compromise over trade investment and relations with China continued to characterize the postwar U S Japanese relationship Forsberg s emphasis on the dynamic interaction of Cold War strategy the business environment and Japanese development challenges revisionist interpretations of Japan s success In exploring the complex origins of the U S led international economy that has outlasted the Cold War Forsberg refutes the claim that the U S government sacrificed American commercial interests in favor of its military partnership with Japan **Modern Japan** James L. Huffman,2013-10-31 A valuable companion reference Concentrating on the period

following Admiral Perry s visit in the 1850 s the encyclopedia examines the historical events leaders and societal pressures in the country s recent past that affected Japan s entry into the modern age Like its companion volume the encyclopedia covers important political topics the arts religion business literature education journalism and other major social cultural and economic forces Looks at the emperor and nationalism Emphasizing the close ties that always existed between the emperor system and nationalism the encyclopedia carefully explores the various forms of nationalism that flourished since the middle of the last century discusses how the supernaturalism of the beginning of the century ultimately led to World War II looks at the uniquely Japanese custom of national self analysis and examines the country s remarkable postwar market building economic nationalism Charts major influences and contemporary concerns The Encyclopedia brings together in a single

volume the major themes and currents that influenced and shaped Japan into a modern economic giant Ranging over the entire spectrum of modern Japanese history expert contributors provide concise entries on specific episodes and individuals as well as longer articles on broad topics such as militarism labor cinema censorship and returning students The Encyclopedia also examines many of the forces driving Japan today trade relationships attitudes towards World War II the role of national defense whether to revise the constitution dealing with unskilled foreign labor and more All major entries are followed by an English language bibliography for pursuing subjects in depth     *Modern Japanese Thought* Bob T. Wakabayashi,1998-03-28 A comprehensive intellectual history describing the forces that made Japanese thinkers both receptive and hostile to Western ideas and values     *Interracial Intimacy in Japan* Gary P. Leupp,2003-01-01 Gary Leupp describes and analyzes intimate relationships between Western men and Japanese women throughout the entire early modern period and into the first few decades of the modern period when Westerners came to reside in the Treaty Ports This subject has been largely overlooked by Western scholars until now     *The American Merchant Experience in Nineteenth Century Japan* Kevin C. Murphy,2004-08-02 Explores the interactions of 19th century American merchants with the Japanese in the treaty port system how the Japanese leadership manipulated them and how the merchants themselves defined the limitations of American business in Japan     [The Scramble for Asia](#) Marc Gallicchio,2011-11-25 As American generals and diplomats accepted Japan's surrender on the deck of the U S S Missouri in September 1945 allied combatants wrestled for power in the new post war world The decisions made to effect Japan's surrender entangled U S forces on the mainland of Asia for the next two years and helped shape the next several decades of international relations in the Far East Marc Gallicchio expertly examines the diplomatic military and economic struggles in which the United States China and the Soviet Union were pitted in the immediate aftermath of victory over Japan The Allied victory was but a prelude to an American search for a lasting peace across Asia stretching from Korea to Vietnam and out to the Pacific atolls In seeking to shape events on the mainland the administration of Harry S Truman confronted the anomalous nature of American power The military operations undertaken by the United States in the early days of post war peace affected developments in Asia in unexpected ways As Gallicchio makes clear Americans would soon find that the scramble for Asia from 1945 to 1947 had set the stage for future conflict in the region     *United States and Asia at War: A Cultural Approach* Philip West,Steven I. Levine,Jackie Hiltz,2015-06-03 This text examines the Pacific War the Korean War and the Vietnam War from the perspective of those who fought the wars and lived through them The relationship between history and memory informs the book and each war is relocated in the historical and cultural experiences of Asian countries     [Pacific Passage](#) Warren I. Cohen,1996 A study of relations between America and East Asia on the eve of the twenty first century     **Domesticated Modern** Don Hoon Choi,2003     [Unconditional](#) Marc Gallicchio,2020 Publishing on 75th anniversary of the Japanese surrender in September 1945 Unconditional not only offers a narrative of the Japanese surrender in its historical moment but reveals how

the policy underlying it poisoned American postwar politics and warped our understanding of World War II for decades

The Making of Modern Japan Kenneth B. Pyle, 1996 Analyzing the dynamics of historical change the text discusses the major forces in Japan's development from 1600 to the present day including samurai officialdom industrialization militarism and social values

Blowback Chalmers Johnson, 2001-01-23 An explosive account of the resentments American policies are sowing around the world and of the payback that will be our harvest in the twenty first century Blowback a term invented by the CIA refers to the unintended consequences of American policies In this sure to be controversial book Chalmers Johnson lays out in vivid detail the dangers faced by our overextended empire which insists on projecting its military power to every corner of the earth and using American capital and markets to force global economic integration on its own terms From a case of rape by U S servicemen in Okinawa to our role in Asia's financial crisis from our early support for Saddam Hussein to our actions in the Balkans Johnson reveals the ways in which our misguided policies are planting the seeds of future disaster In the wake of the Cold War the United States has imprudently expanded the commitments it made over the previous forty years argues Johnson In Blowback he issues a warning we would do well to consider it is time for our empire to demobilize before our bills come due

*Routledge Handbook of Japanese Media* Fabienne Darling-Wolf, 2018-02-01 The Routledge Handbook of Japanese Media is a comprehensive study of the key contemporary issues and scholarly discussions around Japanese media Covering a wide variety of forms and types from newspapers television and film to music manga and social media this book examines the role of the media in shaping Japanese society from the Meiji era's intense engagement with Western culture to our current period of rapid digital innovation Featuring the work of an international team of scholars the handbook is divided into five thematic sections The historical background of the Japanese media from the Meiji Restoration to the immediate postwar era Japan's national and political identity imagined and negotiated through different aspects of the media including Japan's lost decade of the 1990s and today's post Fukushima society The representation of Japanese identities including race gender and sexuality in contemporary media The role of Japanese media in everyday life The Japanese media in a broader global context Taking an interdisciplinary approach this book will be of use to students and scholars of Japanese culture and society Asian media and Japanese popular culture

**Inside the Bataan Death March** Kevin C. Murphy, 2014-10-27 For two weeks during the spring of 1942 the Bataan Death March one of the most widely condemned atrocities of World War II unfolded The prevailing interpretation of this event is simple American prisoners of war suffered cruel treatment at the hands of their Japanese captors while Filipinos sympathetic to the Americans looked on Most survivors of the march wrote about their experiences decades after the war and a number of factors distorted their accounts The crucial aspect of memory is central to this study how it is constructed by whom and for what purpose This book questions the prevailing interpretation reconsiders the actions of all three groups in their cultural contexts and suggests a far greater complexity Among the conclusions is that violence on the march was largely the result of a clash of cultures

undisciplined individualistic Americans encountered Japanese who valued order and form while Filipinos were active even ambitious participants in the drama      *Routledge Handbook of Modern Japanese History* Sven Saaler, Christopher W. A. Szpilman, 2017-10-16 The Routledge Handbook of Modern Japanese History is a concise overview of modern Japanese history from the middle of the nineteenth century until the end of the twentieth century Written by a group of international historians each an authority in his or her field the book covers modern Japanese history in an accessible yet comprehensive manner The subjects featured in the book range from the development of the political system and matters of international relations to social and economic history and gender issues to post war discussions about modern Japan s historical trajectory and its wartime past Divided into thematic parts the sections include Nation empire and borders Ideologies and the political system Economy and society Historical legacies and memory Each chapter outlines important historiographical debates and controversies summarizes the latest developments in the field and identifies research topics that have not yet received sufficient scholarly attention As such the book will be useful to students and scholars of Japanese history Asian history and Asian Studies      *Inglorious, Illegal Bastards* Aaron Skabelund, 2022-07-15 In *Inglorious Illegal Bastards* Aaron Herald Skabelund examines how the Self Defense Force SDF the post World War II Japanese military and specifically the Ground Self Defense Force GSDF struggled for legitimacy in a society at best indifferent to them and often hostile to their very existence From the early iterations of the GSDF as the Police Reserve Force and the National Safety Force through its establishment as the largest and most visible branch of the armed forces the GSDF deployed an array of public outreach and public service initiatives including off base and on base events civil engineering projects and natural disaster relief operations Internally the GSDF focused on indoctrination of its personnel to fashion a reconfigured patriotism and esprit de corps These efforts to gain legitimacy achieved some success and influenced the public over time but they did not just change society They also transformed the force itself as it assumed new priorities and traditions and contributed to the making of a Cold War defense identity which came to be shared by wider society in Japan As *Inglorious Illegal Bastards* demonstrates this identity endures today several decades after the end of the Cold War      **Jesus of Korea** Paul Hyoshin Kim, 2016-05-19 In 2010 nearly 30 percent of South Koreans a country with a Confucian tradition over 1000 years old identify as Christian the largest percentage of Christians in an Asian nation aside from the Philippines Korea also boasts of having the largest church in the world it also has the largest Presbyterian Methodist and Pentecostal churches in the world Its vibrant spirituality devout church life and missionary zeal are well known around the world its number of missionaries nearly 20 000 is second only to US churches How can we explain this religious revolution in modern Korea Many people look to the 1970s and 1980s to find the cause of the rapid growth of Christianity in Korea But to understand the real story behind the growth of the Korean church we need to rediscover the story of the American missionary enterprises of the late nineteenth and early twentieth centuries There we will learn how the story of the American Christ came to Korea and gradually became a part of

the Korean people's story After the missions he is no longer the American Christ but Jesus of Korea

The book delves into Modern Japan The American Nexus. Modern Japan The American Nexus is an essential topic that needs to be grasped by everyone, from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Modern Japan The American Nexus, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:

- Chapter 1: Introduction to Modern Japan The American Nexus
- Chapter 2: Essential Elements of Modern Japan The American Nexus
- Chapter 3: Modern Japan The American Nexus in Everyday Life
- Chapter 4: Modern Japan The American Nexus in Specific Contexts
- Chapter 5: Conclusion

2. In chapter 1, the author will provide an overview of Modern Japan The American Nexus. The first chapter will explore what Modern Japan The American Nexus is, why Modern Japan The American Nexus is vital, and how to effectively learn about Modern Japan The American Nexus.
3. In chapter 2, this book will delve into the foundational concepts of Modern Japan The American Nexus. This chapter will elucidate the essential principles that need to be understood to grasp Modern Japan The American Nexus in its entirety.
4. In chapter 3, this book will examine the practical applications of Modern Japan The American Nexus in daily life. The third chapter will showcase real-world examples of how Modern Japan The American Nexus can be effectively utilized in everyday scenarios.
5. In chapter 4, the author will scrutinize the relevance of Modern Japan The American Nexus in specific contexts. This chapter will explore how Modern Japan The American Nexus is applied in specialized fields, such as education, business, and technology.
6. In chapter 5, this book will draw a conclusion about Modern Japan The American Nexus. This chapter will summarize the key points that have been discussed throughout the book.

The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. This book is highly recommended for anyone seeking to gain a comprehensive understanding of Modern Japan The American Nexus.
