Modern Political Theory From Hobbes To Marx Key Debates

Holger Henke, Fred Réno

Modern Political Theory From Hobbes To Marx Key Debates:

Modern Political Theory from Hobbes to Marx Jack Lively, Andrew Reeve, 1989 Anthology of articles on Hobbes Locke Rousseau Burke Bentham Mill and Marx **Modern Political Theory from Hobbes to Marx** Jack Lively, Andrew Reeve, 1988 Modern Political Theory from Hobbes to Marx Jack Lively, Andrew Reeve, 2013-12-16 This anthology offers students a carefully edited selection of the most influential and enduring interpretations of key political theorists There are sections on Hobbes Locke Rousseau Burke Bentham Mill and Marx Each section includes classic articles by leading critics a substantial introduction by the editors and a guide to further reading A general introduction to the volume as a whole is also provided This is an up to date and extensive guide to the key issues at stake in the interpretative debate and it provides an invaluable text for students and teachers of modern political thought **Modern Political Thinkers and Ideas** Tudor Jones, 2012-09-10 *Modern Political Thinkers and Ideas* is an exciting new text that provides students with a clearly presented introduction to some of the key areas of modern political thought Uniquely combining historical and philosophical approaches to the subject it describes the writings and ideas of the most influential thinkers of the modern era *Modern Political Thinkers and Ideas* features the main concepts in modern political theory such as the State and Sovereignty Political Obligation and Civil Disobedience Liberty Rights Equality and Justice Democracy the ideas of key thinkers such as Machiavelli Hobbes Locke Paine Rousseau Burke Mill Bentham Marx Rawls Hayek a clear and instructive framework for each chapter which provides students with a the significance of each concept in modern political thought b what major political thinkers had to say about each concept and c the relevance of key concepts to contemporary argument and debate

Western Political Thought Robert Eccleshall, Michael Kenny, 1995 This is a guide to the vast amount of literature on the history of political thought which has appeared in English since 1945 The editors provide an annotation of the content of many entries and where appropriate indicate their significance controversial nature and readability **Modern Political Culture in the Caribbean** Holger Henke, Fred Réno, 2003 This contribution to the study and analysis of Caribbean politics explores the political culture of the Caribbean in order to understand the regional differences The contributors renowned internationally for their expertise in Caribbean studies explore the topic from their varied cultural experiences and offer a new dimension to the study of political culture **Race and US Foreign Policy** Mark Ledwidge, 2012-02-06 *African Americans analysis of and interest in foreign affairs* represents a rich and dynamic legacy and this work provides a cutting edge insight into this neglected aspect of US foreign affairs In addition to extending the parameters of US foreign policy literature to include race and ethnicity the book documents case specific analyses of the evolutionary development of the African American foreign affairs network AAFAN Whilst the examination of race in regard to the construction of US foreign policy is significant this book also provides a cross disciplinary approach which utilises historical and political science methods to paint a more realistic appraisal of US foreign policy Including analysis of original archival evidence this

theoretically informed work seeks to transcend the standard mono disciplinary approach which overestimates the separation between domestic and foreign affairs The unique approach of this work will add an important dimension to a newly emerging field and will be of interest to scholars in ethnic and racial studies American politics US foreign policy and US history

Rhetoric and Philosophy in Hobbes' Leviathan Raia Prokhovnik,2019-07-31 Originally published in 1991 This book explicitly examines rhetoric as the art of persuasion in the practical world and as in the expression of thinking in the language a speaker uses It presents Leviathan in terms of the philosophical character of the work considered through Hobbes use of language to express and organise his thought Throughout the nature of the relationship between rhetoric and philosophy is discussed and the problems of language in philosophical understanding The book is concerned with Hobbes political philosophy and his views on figurative language interest in literary theory and particularly his allegory A special feature is the chapter on engraved title pages in Leviathan and other texts of the era **Liberty, Right and Nature**

Annabel S. Brett,2003-10-16 Liberty Right and Nature is a vibrant and powerful contribution to the recently renewed debate over natural rights and natural rights language Annabel Brett argues persuasively that in order to understand the development of the concept we need to look at the way in which the Latin language of ius functioned in a wide range of philosophical contexts Dr Brett traces the range of the terminology of rights within the scholastic tradition from the thirteenth century poverty controversy to the works of the sixteenth century neo Thomistic School of Salamanca A final chapter considers the consequences of this investigation for the rights theory of Thomas Hobbes Dr Brett s analysis covers a panoply of theological and legal sources and should prove indispensable to all those working in the field of medieval and early modern moral and political philosophy **Politics** Barrie Axford,Victoria Browne,Richard Huggins,Rico

Isaacs,2018-12-07 The eagerly awaited third edition of this highly respected and user friendly text for introductory courses has been thoroughly updated to reflect the world today Politics An Introduction provides stimulating coverage of topics essential to the understanding of contemporary politics It offers students necessary guidance on ways of studying and understanding politics and illustration of the many different sites at which politics is construed and conducted Ideal for students taking combined degrees at introductory level in politics and the social sciences it emphasises the individual and social dimension of politics and covers theories and concepts in an accessible way Fundamentally it helps students see the political and its relevance in their lives Key features include a revised introduction considering what is politics and how we understand and approach its study clear and well organised coverage of political theory political behaviour institutions and the policy process carefully crafted in text chapter features such as consider this thought provoking scenarios think points keyword definitions chapter summaries and exercises designed to enliven and extend the learning experience stimulating up to date examples and case studies from across the globe such as fake news online activism the rise of populism culture wars fertility tourism in India hydropower in Cambodia free speech in France and personality politics in Turkmenistan detailed

consideration of democratisation authoritarian regimes direct democracy gender critical perspectives minority rights global capitalism social movements radical political change post secularism and challenges and changes brought by social media

Politics An Introduction is a broad ranging accessible and essential guide for all students studying or beginning to study politics Interpreting Modern Political Philosophy Alistair Edwards, Jules Townshend, 2017-03-14 The interpretive literature in the history of political thought is now vast complex and esoteric posing as much a barrier to the understanding of the undergraduate student as it offers assistance This unique and innovative text provides the student with a guide through this maze of argument Each chapter sets out the major positions and debates that surround the texts of key thinkers analyzes major problems of interpreting them examines the sources of disagreement and evaluates the different interpretations in terms of their strengths weaknesses and contributions to scholarship *Marxism and Social Science* Andrew Gamble, David Marsh, Parthasarathi Sensarma, 1999-04-28 This major reassessment of the relevance of Marxism in the social sciences decisively rebuts claims that it has been consigned to the dustbin of history by the collapse of communism and apparent triumph of capitalism and liberal democracy The book first considers how Marxism has engaged with various critiques including Postmodernism New Right theory and Feminism before assessing its continuing utility as a framework for analysis of a range of substantive issues from class and the state to culture ecology and globalization *Political Communication and Democracy* G. Rawnsley, 2005-11-01 Political Communication and Democracy provides a wide ranging and inclusive study of political communications that uses current political events and debates to illustrate its arguments Looking beyond the narrow view that political communication concerns only the media and spin doctors Gary Rawnsley examines the subject in its myriad forms political parties and pressure groups as a way by which people join together referendums public opinion and how communications contribute to the process of democratization around the world

Barack Obama and the Myth of a Post-Racial America Mark Ledwidge, Kevern Verney, Inderjeet Parmar, 2013-10-08 The 2008 presidential election was celebrated around the world as a seminal moment in U S political and racial history White liberals and other progressives framed the election through the prism of change while previously acknowledged demographic changes were hastily heralded as the dawn of a post racial America However by 2011 much of the post election idealism had dissipated in the wake of an on going economic and financial crisis escalating wars in Afghanistan and Libya and the rise of the right wing Tea Party movement By placing Obama in the historical context of U S race relations this volume interrogates the idealized and progressive view of American society advanced by much of the mainstream literature on Obama Barack Obama and the Myth of a Post Racial America takes a careful look at the historical cultural and political dimensions of race in the United States using an interdisciplinary analysis that incorporates approaches from history political science and sociology Each chapter addresses controversial issues such as whether Obama can be considered an African American president whether his presidency actually delivered the kind of deep rooted changes that were initially prophesised and

whether Obama has abandoned his core African American constituency in favour of projecting a race neutral approach designed to maintain centrist support Through cutting edge critically informed and cross disciplinary analyses this collection directly addresses the dimensions of race in American society through the lens of Obama s election and presidency

History and Historiography in Classical Utilitarianism, 1800-1865 Callum Barrell,2021-10-07 This first comprehensive account of the utilitarians historical thought intellectually resituates their conceptions of philosophy and politics at a time when the past acquired new significances as both a means and object of study Drawing on published and unpublished writings and set against the intellectual backdrops of Scottish philosophical history German and French historicism romanticism positivism and the rise of social science and scientific history Callum Barrell recovers the depth with which Jeremy Bentham James Mill George Grote and John Stuart Mill thought about history as a site of philosophy and politics He argues that the utilitarians contrary to their reputations as ahistorical and even antihistorical thinkers developed complex frameworks in which to learn from and negotiate the past inviting us to rethink the foundations of their ideas as well as their place in and relationship to nineteenth century philosophy and political thought **A Companion to Mill**

Christopher Macleod,Dale E. Miller,2018-04-12 This Companion offers a state of the art survey of the work of John Stuart Mill one which covers the historical influences on Mill his theoretical moral and social philosophy as well as his relation to contemporary movements Its contributors include both senior scholars with established expertise in Mill s thought and new emerging interpreters Each essay acts as a go to resource for those seeking to understand an aspect of Mill s thought or to familiarise themselves with the contours of a debate within the scholarship The Companion is a key reference on Mill s theory of liberty and utilitarianism but also provides a valuable resource on lesser known aspects of his work including his epistemology metaphysics and philosophy of language The volume is divided into six sections Part I covers Mill s life his immediate posthumous reputation and his own telling of his life story Part II brings together an accessible and comprehensive summary of the various influences on Mill s thought Part III offers an account of the foundations of Mill s philosophy and his thought on key philosophic topics Parts IV and V tackle issues from Mill s moral and social philosophy Part VI concludes with a treatment of the broader aspects of Mill s thought tracing his relation to major movements in philosophy

The Anatomy of Ethical Leadership Lyse Langlois,2011 Maximizing productivity without regard for human consequences the quest for profit above all else the stifling of individual personality and creative expression a competitive atmosphere these are the reigning features of the modern workplace Although many writers have called attention to the debilitating effects of this dehumanization of the working environment solutions have been less in evidence In *The Anatomy of Ethical Leadership* Lyse Langlois frames the problem in terms of ethics pointing to the fact that managers are often uncertain how to integrate ethical considerations into their process of decision making She explores the instrumental often highly legalistic patterns of thought that pervade modern organizations and proposes instead a new emphasis on dialogue

and on modes of reasoning that make room for the complexity of ordinary reality To that end she outlines a trajectory for ethical responsible and authentic decision making the TERA model that managers

Constitutions Judith Pryor, 2007-08-09

Bringing a postcolonial perspective to UK constitutional debates and including a detailed and comparative engagement with the constitutions of Britain's ex colonies this book is an original reflection upon the relationship between the written and the unwritten constitution Can a nation have an unwritten constitution While written constitutions both found and define modern nations Britain is commonly regarded as one of the very few exceptions to this rule Drawing on a range of theories concerning writing law and violence from Robert Cover to Jacques Derrida *Constitutions* makes a theoretical intervention into conventional constitutional analyses by problematizing the notion of a written constitution on which they are based Situated within the frame of the former British empire this book deconstructs the conventional opposition between the margins and the centre as well as between the written and unwritten by paying very close detailed attention to the constitutional texts under consideration Pryor argues that Britain's unwritten constitution and immemorial common law only take on meaning in a relation of difference with the written constitutions of its former colonies These texts in turn draw on this pre literate origin in order to legitimize themselves The unwritten constitution of Britain can therefore be located and dislocated in postcolonial written constitutions *Constitutions* is an excellent addition to the bookshelves of all students of the philosophy of law political theory constitutional and administrative law and jurisprudence

Philosophy Brooke Noel Moore, Kenneth Bruder, 1993 One of the most widely adopted texts in the field *Philosophy The Power of Ideas* offers a topical introduction to philosophy within an overarching historical framework The goal of the authors is to make philosophy understandable while not oversimplifying the material showing that philosophy contains powerful ideas that affect the lives of real people

Civilization of Work Callistus V. C. Onaga, 2002 *Civilization of Work* is all about change in the existing work culture The immanent tension between labour and capital performance and profit producer and product employer and employee could be minimized if the labour market and the labour process are founded on and informed by an appropriate socio ethical work culture that propagates the integrity and dignity of man Based on this the socio economic and historical approach in the research recaptures and analyses the work situation in Nigeria in the lime light of the tenets of the document *Libertatis conscientia* The result is a suggestive guideline for a new work culture *Civilization of work* Contents The human person as the subject object and purpose of work Labour and capital Performance and profit Producer and product Employer and employee
