*Corporate Warriors* P. W. Singer, 2011-06-16

Some have claimed that War is too important to be left to the generals but P W Singer asks What about the business executives Breaking out of the guns for hire mold of traditional mercenaries corporations now sell skills and services that until recently only state militaries possessed Their products range from trained commando teams to strategic advice from generals This new Privatized Military Industry encompasses hundreds of companies thousands of employees and billions of dollars in revenue Whether as proxies or suppliers such firms have participated in wars in Africa Asia the Balkans and Latin America More recently they have become a key element in U S military operations Private corporations working for profit now sway the course of national and international conflict but the consequences have been little explored In this book Singer provides the first account of the military services industry and its broader implications *Corporate Warriors* includes a description of how the business works as well as portraits of each of the basic types of companies military providers that offer troops for tactical operations military consultants that supply expert advice and training and military support companies that sell logistics intelligence and engineering In an updated edition of P W Singer's classic account of the military services industry and its broader implications the author describes the continuing importance of that industry in the Iraq War This conflict has amply borne out Singer's argument that the privatization of warfare allows startling new capabilities and efficiencies in the ways that war is carried out At the same time however Singer finds that the introduction of the profit motive onto the battlefield raises troubling questions for democracy for ethics for management for human rights and for national security

*A History of Modern Mercenary Warfare* Harry McCallion, 2024-04-18

Explores the development of modern mercenary forces from the British operation in Yemen in late 1960 s to today's War in Ukraine Since before the time of Alexander the Great trained soldiers have sold their expertise on battlefield around the World fighting and dying in other people's wars for money glory or the lust for violence and combat In this book Harry McCallion explores the development of modern mercenary forces from the British SAS led deniable operation in Yemen in late 1960 s during which the Israelis were persuaded to arm the SAS led Yemeni tribesmen through the bush wars in Africa Britain's ill fated intervention in the war in Afghanistan right up to today's War in Ukraine Many of the modern day British mercenaries were known to the author personally including such notably figures as the legendary SAS Fijian warriors Tak Takevesia who although in his early sixties shot his way out of an ambush in

Bagdad and Fred Big Fred Mrafano who devoted himself to the cause of the people of Serra Leone SAS veteran Bill Scully who received the Queen s Gallantry Medal single handedly protected 1 300 civilians from rebel troops during the uprising in May 199 7after the Sierra Leone coup and American Vietnam veteran Major Mac Mackenzie who although badly wounded in Vietnam rose from trooper to command a Rhodesian SAS squadron and was one of the units most highly decorated soldiers Also included are more notorious figures like Costas Georgiou also known by his alias Colonel Callan who served in the 1st Battalion of the Parachute Regiment but was dishonorably discharged and sentenced to five years in prison for a post office robbery later he proclaimed himself a Colonel and led a group of psychopathic mercenaries in the Angolan War of Independence before being captured and executed by Angolan forces The book explores the roles of modern day mercenaries who s use has expanded precisely because they are mercenaries fighting for money and not love of country their deaths are not seen as a patriotic sacrifice often they go unreported and in turn helps to conceal the true tragic human cost of waging a war As one former private military contractor recently stated to Australian TV If you want to conquer in the 21st century you use mercenaries special forces things to keep war secret and nobody s better at secret wars than mercenaries *A Modern Mercenary* Hesketh Vernon Hesketh Prichard, Kate Prichard, 2015-09-03 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant **Private Military and Security Companies** Thomas Jäger, Gerhard Kümmel, 2009-04-23 Private Sicherheits und Milit runternehmen erleben seit den 1990er Jahren einen au erordentlichen Boom und sind derzeit eines der spannendsten Ph nomene in den internationalen Beziehungen Die Palette der von ihnen angebotenen Dienstleistungen ist gro Sie reichen von logistischer Unterst tzung ber Aufkl rung bis hin zu Kampfeins tzen Zu ihren Kunden z hlen Regierungen Wirtschaftsunternehmen internationale Organisationen NGOs humanit re Organisationen sowie Privatpersonen Gegenw rtig l sst sich an den Auseinandersetzungen im Irak sowohl die Aktualit t wie auch die Brisanz ihres Einsatzes illustrieren gibt es doch Anzeichen daf r dass Besch ftigte solcher Unternehmen u a in die Folterung von Gefangenen verwickelt sind Die Beitr ge des Sammelbandes aus der Feder nationaler wie internationaler Expertinnen und Experten beschreiben und analysieren verschiedene Typen von privaten Sicherheits und Milit runternehmens ihre

Fifth Generation Warfare Armin Krishnan, 2024-03-11

This book outlines the concept of Fifth Generation Warfare 5GW and demonstrates its relevance for understanding contemporary conflicts Non kinetic modes of attack and war waged by groups or non state actors at the societal level has been termed 5GW This book discusses the theory of generational warfare and explores the key ideas of 5GW such as secrecy the manipulation of proxies the manipulation of identity and culture including disinformation and big data and the use of psychological warfare These techniques are used to achieve

strategic objectives such as inducing desired behaviour and controlling human terrain without resorting to overt war or overt violence The text expands the debate on 5GW by exploring emerging technologies and how they could be used for maliciously shaping human society and even for maliciously changing the genetic makeup of a population for the purpose of unprecedented social control The work closes with comments on the possibility of a Sixth Generation of Warfare which targets technical systems to possibly collapse a society through strategic sabotage Overall the book demonstrates the relevance of 5GW for understanding contemporary conflicts from the Arab Spring to the war in Ukraine in terms of the need for dominating the human domain This book will be of interest to students of security and technology defence studies and International Relations

**Security Beyond the State** Rita Abrahamsen,Michael C. Williams,2010-11-18 Across the globe from mega cities to isolated resource enclaves the provision and governance of security takes place within assemblages that are de territorialized in terms of actors technologies norms and discourses They are embedded in a complex transnational architecture defying conventional distinctions between public and private global and local Drawing on theories of globalization and late modernity along with insights from criminology political science and sociology Security Beyond the State maps the emergence of the global private security sector and develops a novel analytical framework for understanding these global security assemblages Through in depth examinations of four African countries Kenya Nigeria Sierra Leone and South Africa it demonstrates how global security assemblages affect the distribution of social power the dynamics of state stability and the operations of the international political economy with significant implications for who gets secured and how in a global era

**The Mercenary** Christopher Kinsey,2023-05-19 Ever since the French Revolution and the rise of the rise of national armies the mercenary has been viewed as a maligned and marginalized actor in international relations The Mercenary challenges this view suggesting instead that while delegated to the periphery of Great Power politics the mercenary remained a coercive instrument of state power who was willing to discretely promote the client s foreign policy when called upon to do so Never has this been more evident than today This book offers fresh insight into the future of the mercenary as an instrument of state coercion and explains why there is a mercenary renaissance in the 21st century The start of the 21st century has seen renewed interest in the mercenary from across the political spectrum The growing reliance by the US Russia and China on military and security contractors suggests that the mercenary remains a key player in International Politics now emerging from the shadows to help expand state influence on the world stage by serving as an important actor in the conduct of conflict and the winning of small wars Far from being marginalized the future of the mercenary is set to be increasingly active

**The Rise of Security and Why We Always Want More** Mike Croll,2023-04-15 Security is now a 500 billion global business and it s growing fast It s developed from the night watchman keeping a sleepy eye out to the guard patrolling the shopping mall to smart surveillance systems monitoring everything

everywhere all the time This book explains how demand for security is generated by an alignment of interests between big business insurance companies the media lawyers politicians and human nature how our response to terrorism is driven by fear rather than risk and how security has become a key feature of our lives at home on line at work when shopping and when flying This is a panoramic view from an industry insider who describes why the more security we have the more we want And crucial question emerges as security incorporates new technology including facial recognition drones artificial intelligence digital analytics location and heart rate monitoring are we creating Big Brother or Big Mother It s probably the most interesting book on security that you ll ever read      *The A. E. F.: With General Pershing and the American Forces*

Heywood Broun, 2019-12-10 In *The A E F With General Pershing and the American Forces* Heywood Broun masterfully chronicles the experiences of American soldiers during World War I specifically focusing on their involvement with the American Expeditionary Forces A E F under General John J Pershing Broun s narrative blends firsthand accounts vivid descriptions and astute observations creating a rich tapestry that encapsulates the camaraderie struggles and valor of soldiers in the harsh realities of war Drawing on a journalistic style that emphasizes clarity and engagement the text serves both as a historical document and a compelling read situating the A E F s endeavors within the broader context of the global conflict and highlighting the profound impact of American military involvement on the war s outcome Heywood Broun was an influential journalist essayist and social commentator who lived through the tumultuous period of World War I His deep engagement with social justice issues and personal experiences during the war influenced his perspective on the military and the common soldier s plight Broun s dedication to amplifying the voices of those less heard frames the work as a testament not only to American soldiers but to the human spirit amid trials and tribulations This book is highly recommended for readers interested in military history World War I and personal narratives of courage that transcend time Broun s insightful portrayal of the A E F offers a profound understanding of the war s complexities and the soldiers who fought bravely for their country making it an essential addition to any historical library
