Care and
Abandonment

On Being Ill

Virginia Woolf

On Being Ill:

On Being Ill Virginia Woolf, 2023-04-26 Novels one would have thought would have been devoted to influenza epic poems to typhoid odes to pneumonia lyrics to toothache But no with a few exceptions literature does its best to maintain that its concern is with the mind that the body is a sheet of plain glass through which the soul looks straight and clear and save for one or two passions such as desire and greed is null and negligible and non-existent Penned in 1925 during the aftermath of a nervous breakdown *On Being Ill* is a groundbreaking essay by the Modernist giant Virginia Woolf that seeks to establish illness as a topic for discussion in literature Delving into considerations of the loneliness and vulnerability experienced by those suffering from illness as well as aspects of privilege others might have the essay resounds with an honesty and clarity that still rings true today

On Being Ill Anthony Wilson Thorold (successively Bishop of Rochester and of Winchester.), 1865

ON BEING ILL Virginia Woolf, 2023-11-28 In *On Being Ill* Virginia Woolf offers a profound meditation on the intersection of illness the body and the self exploring the subjective experience of sickness through a lyrical and introspective lens Woolf's literary style is characterized by its stream of consciousness narrative and rich imagery allowing readers to feel the fragmented yet intimate nature of illness Written in the context of early 20th century modernism the essay delves into how societal perceptions of health and wellness shape one's identity and experience challenging the traditional silencing of the ill and giving voice to their inner lives Virginia Woolf a pioneering figure of modernist literature often faced personal struggles with mental health and physical ailments This intimate connection to suffering fueled her desire to articulate the nuances of illness as she sought to transform the often lonely experience of being unwell into a shared human condition Woolf's own battles with health and her literary friendships undoubtedly influenced her examination of existential themes allowing her to approach the subject with unique sensitivity and insight *On Being Ill* is an essential read for those interested in the complexities of human experience offering a nuanced exploration that resonates beyond its era Woolf's eloquent prose invites readers to reflect on their own experiences with illness making this work a timeless and deeply enriching journey into the heart of what it means to be human In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work's timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era's events and influences that shaped the writing An Author Biography reveals milestones in the author's life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work's messages connecting them to modern life Hand-picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Virginia Woolf Lorraine Sim, 2016-02-11 In her timely contribution to revisionist approaches in modernist studies Lorraine Sim offers a reading of

Virginia Woolf's conception of ordinary experience as revealed in her fiction and nonfiction. Contending that Woolf's representations of everyday life both acknowledge and provide a challenge to characterizations of daily life as mundane, Sim shows how Woolf explores the potential of everyday experience as a site of personal meaning, social understanding, and ethical value. Sim's argument develops through readings of Woolf's literary representations of a subject's engagement with ordinary things like a mark on the wall, a table, or colour. Woolf's accounts of experiences that are both common and extraordinary, such as physical pain or epiphanic moments of being, and Woolf's analysis of the effect of new technologies, for example, motor cars and the cinema, on contemporary understandings of the external world. Throughout, Sim places Woolf's views in the context of the philosophical and lay accounts of ordinary experience that dominated the cultural thought of her time. These include British Empiricism, Romanticism, Platonic thought, and Post-Impressionism. In addition to drawing on the major novels, particularly *The Voyage Out*, *Mrs Dalloway*, and *To the Lighthouse*, Sim focuses close attention on short stories such as *The Mark on the Wall*, *Solid Objects*, and *Blue*. Nonfiction works including *On Being Ill*, *Evening over Sussex*, *Reflections in a Motor-car*, and *A Sketch of the Past* and Woolf's diaries. Sim concludes with an account of Woolf's ontology of the ordinary, which illuminates the role of the everyday in Woolf's ethics. *Refiguring Modernism, Volume 1* Bonnie Kime

Scott, 1996-01-22, an invaluable aid to the reconfiguration of literary modernism and of the history of the fiction of the first three decades of the twentieth century. Novel: her readings of texts are quite smart and eminently readable. *Tulsa Studies in Women's Literature*: a challenging and discerning study of the modernist period. James Joyce Broadsheet note review of volume 1: only highly important and beautifully written, constructing a contextually rich cultural history of Anglo-American modernism. It wears its meticulous erudition lightly, synthesizing an enormous amount of research, much of it original archival work. *Signs*: Through her thoughtful exploration of the lives and work of these three female modernists, Scott shapes a new feminist literary history that successfully reconfigures modernism. *Woolf Studies Annual*: In this revisionary study of modernism, Bonnie Kime Scott focuses on the literary and cultural contexts that shaped Virginia Woolf, Rebecca West, and Djuna Barnes. Her reading is based upon fresh archival explorations combining postmodern with feminist theory. *Virginia Woolf* Katherine Dalsimer, 2008-10-01. By the time she was twenty-four, Virginia Woolf had suffered a series of devastating losses that later she would describe as sledgehammer blows, beginning with the death of her mother when she was thirteen years old and followed by those of her half-sister, father, and brother. Yet vulnerable as she was, Woolf began through these years to practice her art and to discover how it could serve her. Ultimately, she came to feel that it was her shock-receiving capacity that had made her a writer. Astonishingly gifted from the start, Woolf learned to be attentive to the movements of her own mind. Through self-reflection, she found a language for the ebb and flow of thought, fantasy, feeling, and memory for the shifts of light and dark. And in her writing, she preserved, recreated, and altered the dead, altering in the process her internal relationship with their invisible presences. "I will go backwards, forwards," she remarked in

her diary a comment on both her imaginative and writerly practice Following Woolf's lead psychologist Katherine Dalsimer moves backward and forward between the work of Woolf's maturity and her early journals letters and unpublished juvenilia to illuminate the process by which Woolf became a writer Drawing on psychoanalytic theory as well as on Woolf's life and work and trusting Woolf's own self observations Dalsimer offers a compelling account of a young artist's voyage out a voyage that Virginia Woolf began by looking inward and completed by looking back DIV DIV [Timescapes of Waiting](#) ,2019-08-26 Timescapes of Waiting explores the intersections of temporality and space by examining various manifestations of spatial immobility The individual articles approach these spaces from a variety of academic perspectives including the realms of history architecture law and literary and cultural studies in order to probe the fluid relationships between power time and space The contributors offer discussion and analysis of waiting spaces like ante chambers prisons hospitals and refugee camps and also of more elusive spaces such as communities and nation states Contributors Olaf Berwald Elise Brault Dreux Richard Hardack Kerstin Howaldt Robin Kellermann Amanda Lagji Margaret Olin Helmut Puff Katrin R der Christoph Singer Cornelia Wchter Robert Wirth *On being ill by Virginia Woolf* Ane Thon Knutsen,2020 **Ill Feelings** Alice Hattrick,2022-05-10 An intrepid galvanizing meditation on illness disability feminism and what it means to be alive In 1995 Alice's mother collapsed with pneumonia She never fully recovered and was eventually diagnosed with ME or Chronic Fatigue Syndrome Then Alice got ill Their symptoms mirrored their mother's and appeared to have no physical cause they received the same diagnosis a few years later Ill Feelings blends memoir medical history biography and literary nonfiction to uncover both of their case histories and branches out into the records of ill health that women have written about in diaries and letters Their cast of characters includes Virginia Woolf and Alice James the poets Elizabeth Barrett Browning and Emily Dickinson John Ruskin's lost love Rose la Touche the artist Louise Bourgeois and the nurse Florence Nightingale Suffused with a generative transcendent rage Alice Hattrick's genre bending debut is a moving and defiant exploration of life with a medically unexplained illness **Contradictory Woolf** Derek Ryan,Stella Bolaki,2012-06-01 Edited collection from acclaimed contemporary Woolf scholars exploring the theme of contradiction in Virginia Woolf's writing *The Body Alone* Nina Lohman,2024-07-03 The Body Alone is an inquiry into the experience meaning and articulation of pain It is a personal hybrid account incorporating research scholarship and memoir to examine chronic pain through the multi lens of medicine theology and philosophy Broken bodies tell broken stories Nina Lohman's pain experience is portrayed through a cyclical narrative of primers vocabulary lessons prescription records and hypothesized internal monologues fractured not for the sake of experimentation but because the story itself demands it In both form and content The Body Alone represents boundary pressing work that subverts the traditional narrative by putting pressure on the medical cultural and political systems that impact women's access to fair and equal healthcare This is more than an illness narrative it is a battle cry demanding change

The Portrait of an Artist as a Pathographer: On Writing Illnesses and Illnesses in Writing Jayjit

Sarkar,Jagannath Basu,2021-05-09 Focusing on the various intersections between illness and literature across time and space The Portrait of an Artist as a Pathographer seeks to understand how ontological phenomenological and epistemological experiences of illness have been dealt with and represented in literary writings and literary studies In this volume scholars from across the world have come together to understand how the pathological condition of being ill the sufferers as well as the pathologists dealing with the ill the healers and caregivers have shaped literary works The language of medical science with its jargon and the language of the every day with its emphasis on utility prove equally insufficient and futile in capturing the pain and suffering of illness It is this insufficiency and futility that makes us turn towards the canonical works of Joseph Conrad Samuel Beckett William Carlos Williams Virginia Woolf Kazuo Ishiguro Miroslav Holub as well as the non canonical Ant nio Lobo Antunes Yumemakura Baku Wopko Jensma and Vaslav Nijinsky This volume helps in understanding and capturing the metalanguage of illness while presenting us with the tradition of writing pain In an effort to expand the definition of pathography to include those who are on the other side of pain the essays in this collection aim to portray the above mentioned pathographers as artists turning the anxiety and suffering of illness into an art form Looking deeply into such creative aspects of illness this book also seeks to evoke the possibility of pathography as world literature This book will be of particular interest to undergraduate postgraduate and research students as well as scholars of literature and medical humanities who are interested in the intersections between literary studies and medical science

Reflections on a Simple Twist of Fate: Literature, Art, and Parkinson's Disease Dean Scaros,2018-06-21 What happens when our lives are suddenly disrupted by chronic or terminal illness Of course science family faith and friends are there to help But as author Dean Scaros demonstrates in this elegantly written and affecting book all the issues we face as a result of illness have been expressed through human artistic sensibility We have been seeking meaning and solace and have often found it ever since we painted figures on the walls of our caves This book considers through the lens of great literature and art issues that are important to us as we struggle to come to terms with progressive debilitating illness issues such as personal dignity courage fear hope love time chance fate and friendship to name just a few These issues are not physical or clinical Rather they concern the ways in which we think and feel about our experience Reflecting on them affords us an opportunity to better understand our experience and even gain a measure of wisdom from it

Mental Health Symptoms in Literature since Modernism Nicolas Pierre Boileau,2023-09-22 Mental Health Symptoms in Literature since Modernism looks at various ways of treating symptoms of psychological disorders in the literature of the long twentieth century This book shows that literature can in its questioning of commonly accepted views of this lived experience of psychic symptoms help engender new theories about the functioning of subjective cases Modernism emerged at about the same time as Freudian psychoanalysis did and the aim of this book is to also show that to a certain extent Woolf preceded Freud in her exploration of the symptom and contributed to fashioning another approach that is now more common especially in writers from the 1990s onwards

Virginia Woolf Jones Clara Jones, 2015-12-14 Rescues the particularities of Virginia Woolf's political and social participation tracing her career as an activist across forty five years Clara Jones re reads Woolf's fiction and non fiction in light of her examination of the details of Woolf's involvement with Morley College the People's Suffrage Federation the Women's Co-operative Guild and the National Federation of Women's Institutes Drawing on extensive archival research into these organisations Jones also positions Woolf's activism with regard to the institutional contexts in which she worked *Virginia Woolf Ambivalent Activist* demonstrates the degree to which Woolf was sensitive to the internal politics and conflicts of the bodies she was associated with and the ways in which she interrogated her ambivalent attitudes towards her activism throughout her literary career Focusing on texts that represent the range of Woolf's literary output this book includes essays unpublished sketches Woolf's social realist 1919 novel *Night and Day* and her final visionary novel *Between the Acts* This approach to Woolf's writing takes an integrated view incorporating her juvenilia and foregrounding Woolf's critically neglected early novels Rather than offering readings of Woolf's well known political works Jones instead uncovers the unexpected ways in which Woolf's activism made its way into unlikely texts Key Features Includes two new transcriptions of material by Woolf the Report on Teaching at Morley College Morley Sketch and the Cook Sketch Provides insights into the histories of neglected institutions through accounts of Woolf's activism Explores a range of texts reading across genres with an alertness to class and gender politics in each case *Beyond Words* Kathlyn Conway, 2013-05-15 Kathlyn Conway opens primordial questions about the shattering events of illness through close readings of selected illness narratives proposing that only writing of a daring kind can utter the knowledge of the self telling body Wielding her ferocious intellect and braving exposure to self and other Conway makes original discoveries about writing and illness and more stunningly about writing and life Not a book about illness this is a book about writing and being It is taut brave unequalled in our scholarship and true Conway joins our most powerful investigators of the human predicament of mortality helping us to see helping us to live Rita Charon Columbia University Program in Narrative Medicine Published accounts of illness and disability often emphasize hope and positive thinking the woman who still looked beautiful after losing her hair the man who ran five miles a day during chemotherapy This acclaimed examination of the genre of the illness narrative questions that upbeat approach Author Kathlyn Conway a three time cancer survivor and herself the author of an illness memoir believes that the triumphalist approach to writing about illness fails to do justice to the shattering experience of disease By wrestling with the challenge of writing about the reality of serious illness and injury she argues writers can offer a truer picture of the complex relationship between body and mind **The Oxford Handbook of Virginia Woolf** Anne E. Fernald, 2021-08-12 With thirty nine original chapters from internationally prominent scholars The Oxford Handbook of Virginia Woolf is designed for scholars and graduate students Feminist to the core each chapter examines an aspect of Woolf's achievement and legacy Each contribution offers an overview that is at once fresh and thoroughly grounded in prior scholarship Six sections focus on Woolf

s life her texts her experiments her life as a professional her contexts and her afterlife Opening chapters on Woolf s life address the powerful influences of family friends and home The section on her works moves chronologically emphasizing Woolf s practice of writing essays and reviews alongside her fiction Chapters on Woolf s experimentalism pay special attention to the literariness of Woolf s writing with opportunity to trace its distinctive watermark while Professions of Writing invites readers to consider how Woolf worked in cultural fields including and extending beyond the Hogarth Press and the TLS The Contexts section moves beyond writing to depict her engagement with the natural world as well as the political artistic and popular culture of her time The final section on afterlives demonstrates the many ways Woolf s reputation continues to grow across the globe and across media in ideas and in artistic expression Of particular note chapters explore three distinct Woolfian traditions in fiction the novel of manners magical realism and the feminist novel Edinburgh Companion to the Short Story in English Paul Delaney,2018-11-27 This collection explores the history and development of the anglophone short story since the beginning of the nineteenth century **Virginia Woolf, Europe, and Peace** Peter Adkins,Derek Ryan,2020-07-09 This volume asks how Woolf conceptualized peace by exploring various experimental forms she created in response to violence and crisis Across fifteen chapters written by an international array of scholars this book draws out theoretical dimensions of Woolf s aesthetics and deepens our understanding of her writing about war ethics feminism and European culture **Affective Materialities** Kara Watts,Molly Volanth Hall,Robin Hackett,2019-03-04 *Affective Materialities* reads modernist literature for the ways in which bodies come to matter physically socially and juridically using two recent turns in literary studies one to affect studies and the other to ecocriticism Each chapter in the collection delves into a multifold body investigating how body forms come to matter
