

Pilgrimage In Latin America

Daniel H Olsen, Anna Trono

Pilgrimage In Latin America:

Pilgrimage in Latin America N. Ross Crumrine, Alan Morinis, 1991-02-07 In every region of Latin America there are sacred shrines that draw tens of thousands of pilgrims At present most of these pilgrimages are overtly Catholic but the roots of the contemporary practice are numerous European Christian indigenous pre Columbian African slave and other religious traditions have all contributed to Latin American pilgrimage This book explores the historical development range of diversity and the structure and impacts of this widespread religious practice This volume among the first to focus on pilgrimage in Latin America in general creates a general framework for understanding Latin American pilgrimage Although the contributors focus is predominantly anthropological analytical perspectives are drawn from numerous disciplines including archaeology geography and religious and literary history This diversity reflects the fact that pilgrimage is a multifaceted institution that incorporates geographical social cultural religious historical literary architectural artistic and other dimensions It is this complexity that is responsible for the previous general neglect of the study of pilgrimage by scholars The interdisciplinary collaboration that characterizes this volume is one of the most sensible ways to investigate pilgrimages All of the essays in this book treat pilgrims the pilgrimage center the ritual performances and the audience as major components and examine the interrelationships among these dimensions This volume will interest anthropologists sociologists of religion and others interested in aspects of religious practices

Stations of the Cross Dorothee Sölle, 1993 In nearly 50 vignettes the author of such books as *The Window of Vulnerability and Suffering* presents her insightful reflections on current events during a recent two and a half month journey through Latin America A clear grasp of our broad social crisis Walter Brueggemann Columbia Theological Seminary

Image and Pilgrimage in Christian Culture Victor Turner, Edith Turner, 2011-11-08 First published in 1978 *Image and Pilgrimage in Christian Culture* is a classic work examining the theological doctrines popular notions and corresponding symbols and images promoting and sustaining Christian pilgrimage The book examines two major aspects of pilgrimage practice the significance of context or the theological conditions giving rise to pilgrimage and the folk traditions enabling worshippers to absorb the meaning of the event and the images and symbols embodying the experience of pilgrimage and transmitting its visions in varying ways Retelling its own tales of mere mortals confronted by potent visions such as the man Juan Diego who found redemption with the Lady of Guadalupe and the poor French shepherdess Bernadette whose encounter with the Lady at Lourdes inspired Christians across the globe this text treats religious visions as both paradox and empowering phenomena tying them explicitly to the times in which they occurred Offering vivid vignettes of social history it extends their importance beyond the realm of the religious to our own conceptions of reality Extensively revised throughout this edition includes a new introduction by the theologian Deborah Ross situating the book within the work of Victor and Edith Turner and among the movements of contemporary culture She addresses the study's legacy within the discipline especially its hermeneutical framework which introduced a novel method of describing

and interpreting pilgrimage She also credits the Turners with cementing the link between mysticism popular devotion and Christian culture as well as their recognition of the relationship between pilgrimage and the deep spiritual needs of human beings She concludes with various critiques of the Turners work and suggests future directions for research **The ^AOxford Handbook of the Sociology of Latin America** Xochitl Bada,Liliana Rivera-Sánchez,2021-04-09 The essays included in this volume provide both an assessment of key areas and current trends in sociology specifically with regard to contemporary sociology in Latin America as well as a collection of innovative empirical studies The volume serves as an effective bridge of communication allowing sociological academics to mobilize and disseminate research dynamics from Latin America to the rest of the world **Transatlantic Travels in Nineteenth-Century Latin America** Adriana Méndez Rodenas,2013-12-12 Transatlantic Travels in Nineteenth Century Latin America European Women Pilgrims retraces the steps of five intrepid lady travelers who ventured into the geography of the New World Mexico the Southern Cone Brazil and the Caribbean at a crucial historical juncture the period of political anarchy following the break from Spain and the rise of modernity at the turn of the twentieth century Traveling as historians social critics ethnographers and artists Frances Erskine Inglis 1806 82 Maria Graham 1785 1842 Flora Tristan 1803 44 Fredrika Bremer 1801 65 and Adela Breton 1849 1923 reshaped the map of nineteenth century Latin America Organized by themes rather than by individual authors this book examines European women s travels as a spectrum of narrative discourses ranging from natural history history and ethnography Women s social condition becomes a focal point of their travels By combining diverse genres and perspectives women s travel writing ushers a new vision of post independence societies The trope of pilgrimage conditions the female travel experience which suggests both the meta end of the journey as well as the broader cultural frame shaping their individual itineraries Latin America and the Caribbean David Leslie Clawson,Benjamin Farr Tillman,2018 Respected by scholars for its currency clarity authority and rich visual and map program Latin America and the Caribbean Lands and Peoples elucidates the commonalities in this highly diverse rapidly changing region making it more comprehensive than ever for students and instructors Dr Ben Tillman of Texas Christian University joins as a co author for the Sixth Edition which has been meticulously updated to take in to account recent changes in the region and to emphasize environmental concerns more strongly The Geography of South America Thomas A. Rumney,2013-04-18 South America is an area of fascination and study for geographers and other scholars from around the world and its land and people have played important roles in the discovery and distribution of civilizations resources and nations for millennia The region has long stimulated a large amount of research across the many subdisciplines of geography and Thomas A Rumney collects organizes and presents as many scholarly publications as possible in The Geography of South America A Scholarly Guide and Bibliography Every South American nation is included Argentina Bolivia Brazil Chile Colombia Ecuador French Guiana Guyana Paraguay Peru Surinam Uruguay and Venezuela Beginning with an overview of the region as a whole successive chapters one per nation are divided

by specific subdisciplines of geography cultural social economic historical physical and environmental political and urban Each section is then divided by document type atlases books book chapters articles from scholarly journals master s theses and doctoral dissertations Although the majority of entries focus on English language works selected entries written in Spanish French German and other languages are also included with the entry titles translated into English and noted accordingly

Christian Pilgrimage in Modern Western Europe Mary Lee Nolan,Sidney Nolan,2018-06-15 Christian Pilgrimage in Modern Western Europe is a commanding exploration of the importance of religious shrines in modern Roman Catholicism By analyzing more than 6 000 active shrines and contemporary patterns of pilgrimage to them the authors establish the cultural significance of a religious tradition that today touches the lives of millions of people Roman Catholic pilgrimage sites in Western Europe range from obscure chapels and holy wells that draw visitors only from their immediate vicinity to the world famous often thronged shrines at Rome Lourdes and Fatima These shrines generate at least 70 million religiously motivated visits each year with total annual visitation exceeding 100 million Substantial numbers of pilgrims at major shrines come from the Americas and other areas outside Western Europe Mary Lee Nolan and Sidney Nolan describe and interpret the dimensions of Western European pilgrimage in time and space a cultural geographic approach that reveals regional variations in types of shrines and pilgrimages in the sixteen countries of Western Europe They examine numerous legends and historical accounts associated with cult images and shrines showing how these reflect ideas about humanity divinity and environment The Nolans demonstrate that the dynamic fluctuations in Christian pilgrimage activities over the past 2 000 years reflect socioeconomic changes and technological transformations as well as shifting intellectual orientations Increases and decreases in the number of shrines established coincide with major turning points in European history for pilgrimage no less than wars revolutions and the advent of urban industrial society is an integral part of that history Pilgrimage traditions have been influenced by and have influenced science literature philosophy and the arts Christian Pilgrimage in Modern Western Europe is based on ten years of research The Nolans collected information on 6 150 shrines from published material correspondence with bishops and shrine administrators and interviews They visited 852 Western European shrines in person Their book will be of interest to many general readers and of special value to historians cultural geographers students of comparative religion anthropologists social psychologists and shrine administrators

Contemporary Latin America Robert H. Holden,Rina Villars,2012-08-03 Contemporary Latin America presents the epochal political economic social and cultural changes in Latin America over the last 40 years and comprehensively examines their impact on life in the region and beyond Provides a fresh approach and a new interpretation of the seismic changes of the last 40 years in Latin America Introduces major themes from a humanistic and universal perspective putting each subject in a context that readers can understand and relate to Focuses on Ibero America Brazil and the eighteen countries that were formerly Spanish possessions while offering valuable comparative views of the non Iberian areas of the Caribbean

Emphasizes the global regional and national dimensions of the region's recent past **Pilgrimage** Linda Kay Davidson, David M. Gitlitz, 2002-11-17 Nationalistic meccas shrines to popular culture and sacred traditions for the world's religions from Animism to Zoroastrianism are all examined in two accessible and comprehensive volumes Pilgrimage is a comprehensive compendium of the basic facts on Pilgrimage from ancient times to the 21st century Illustrated with maps and photographs that enrich the reader's journey this authoritative volume explores sites people activities rites terminology and other matters related to pilgrimage such as economics tourism and disease Encompassing all major and minor world religions from ancient cults to modern faiths this work covers both religious and secular pilgrimage sites Compiled by experts who have authored numerous books on pilgrimage and are pilgrims in their own right the entries will appeal to students scholars and general readers New Pathways in Pilgrimage Studies Dionigi Albera, John Eade, 2016-11-18 Although there has been a massive increase in the volume of pilgrimage research and publications traditional Anglophone scholarship has been dominated by research in Western Europe and North America In their previous edited volume International Perspectives on Pilgrimage Studies Routledge 2015 Albera and Eade sought to expand the theoretical disciplinary and geographical perspectives of Anglophone pilgrimage studies This new collection of essays builds on this earlier work by moving away from Eurasia and focusing on areas of the world where non-Christian pilgrimages abound Individual chapters examine the practice of ziyarāt in the Maghreb and South Asia Hindu pilgrimage in India and different pilgrimage traditions across Malaysia and China before turning towards the Pacific islands Australia South Africa and Latin America where Christian pilgrimages co-exist and sometimes interweave with indigenous traditions This book also demonstrates the impact of political and economic processes on religious pilgrimages and discusses the important development of secular pilgrimage and tourism where relevant Highly interdisciplinary international and innovative in its approach New Pathways in Pilgrimage Studies Global Perspectives will be of interest to those working in religious studies pilgrimage studies anthropology cultural geography and folklore studies **Religious Pilgrimage Routes and Trails** Daniel H Olsen, Anna Trono, 2018-05-30 For millennia people have travelled to religious sites for worship initiatory and leisure purposes Today there are hundreds if not thousands of religious pilgrimage routes and trails around the world that are used by pilgrims as well as tourists Indeed many religious pilgrimage routes and trails are today used as themes by tourism marketers in an effort to promote regional economic development An important resource for those interested in religious tourism and pilgrimage this book is also an invaluable collection for academics and policy makers within heritage tourism and regional development Pilgrims and Sacred Sites in China Susan Naquin, Chün-Fang Yü, 2023-11-15 Until now China has been scarcely represented in the burgeoning comparative literature on pilgrimage This volume remedies that omission discussing the interaction between pilgrims and sacred sites from the tenth century to the present From the perspectives of literature art history religion politics and anthropology the essays focus on China's most famous pilgrimage mountains as

well as lesser known sites Until now China has been scarcely represented in the burgeoning comparative literature on pilgrimage This volume remedies that omission discussing the interaction between pilgrims and sacred sites from the tenth century to the present From the perspec

Atlas of Christian History Tim Dowley, 2016-11-01 A new atlas of Christian history has been needed for many years Now Fortress Press is pleased to offer the Atlas of Christian History from acclaimed author and editor Tim Dowley The Atlas of Christian History is built new from the ground up Featuring more than fifty new maps graphics and timelines the atlas is a necessary companion to any study of Christian history Concise helpful text written by acknowledged authorities guide the experience and interpret the visuals Consciously written for students at any level the volume is perfect for independent students as well as those in structured courses The atlas is broken into five primary parts that correspond well to most major introductions to the topic The final section on the modern era pays significant attention to the growth of Christianity as a global religion Extensive maps are provided that illuminate Christianity in Asian African and Latin American contexts

Blackness in Latin America and the Caribbean, Volume 2 Norman E. Whitten, Arlene Torres, 1998 Shows regional Black history

Israeli-Latin American Relations Edy Kaufman, 2023-07-28 Edy Kaufman Department of International Relations Hebrew University of Jerusalem Yoram Shapiro Latin American Studies Department Hebrew University of Jerusalem Joe Barromi Director UN Department of the Ministry for Foreign Affairs Israel Interaction with Latin America has held varying degrees of importance in Israel's foreign relations This study aims to present a comprehensive analysis of the patterns of continuity and change in Israel's relations with Latin America over a twenty five year period from the creation of the state to the 1973 October War The authors provide a factual survey of major developments in Israeli Latin American relations since 1948 and evaluate the attitudes of Latin American decision makers toward Israel This latter evaluation is accomplished by studying patterns of behavior grouping nations according to levels of support for Israel and analyzing the influence of different variables on the policymaking process both for each of the states involved and their interaction The work is divided into two basic units background inputs and analysis of international and state relations This division is utilized as the basis for the outputs of data and analysis on a multilateral as well as bilateral level culminating in a detailed analysis of Latin American voting in the United Nations General Assembly Quite distinctive in subject and perspective It is timely in its relevance to the Middle East conflict and the recent bid by Latin American leaders for greater influence in Third World politics

Imagining Histories of Colonial Latin America Karen Melvin, Sylvia Sellers-García, 2017-12 Imagining Histories of Colonial Latin America teaches imaginative and distinctive approaches to the practice of history through a series of essays on colonial Latin America It demonstrates ways of making sense of the past through approaches that aggregate more than they dissect and suggest more than they conclude Sidestepping more conventional approaches that divide content by subject source or historiographical turn the editors seek to take readers beyond these divisions and deep into the process of historical interpretation The essays in this volume focus on what

questions to ask what sources can reveal what stories historians can tell and how a single source can be interpreted in many ways

International Perspectives on Pilgrimage Studies John Eade, Dionigi Albera, 2015-04-10 Although research on contemporary pilgrimage has expanded considerably since the early 1990s the conversation has largely been dominated by Anglophone researchers in anthropology ethnology sociology and religious studies from the United Kingdom the United States France and Northern Europe This volume challenges the hegemony of Anglophone scholarship by considering what can be learned from different national linguistic religious and disciplinary traditions with the aim of fostering a global exchange of ideas The chapters outline contributions made to the study of pilgrimage from a variety of international and methodological contexts and discuss what the metropolis can learn from these diverse perspectives While the Anglophone study of pilgrimage has largely been centred on and located within anthropological contexts in many other linguistic and academic traditions areas such as folk studies ethnology and economics have been highly influential Contributors show that in many traditions the study of folk beliefs and practices often marginalized within the Anglophone world has been regarded as an important and central area which contributes widely to the understanding of religion in general and pilgrimage specifically As several chapters in this book indicate folk based studies have played an important role in developing different methodological orientations in Poland Germany Japan Hungary Italy Ireland and England With a highly international focus this interdisciplinary volume aims to introduce new approaches to the study of pilgrimage and to transcend the boundary between center and periphery in this emerging discipline

Travel, Pilgrimage and Social Interaction from Antiquity to the Middle Ages Jenni Kuuliala, Jussi Rantala, 2019-10-10 Mobility and travel have always been key characteristics of human societies having various cultural social and religious aims and purposes Travels shaped religions and societies and were a way for people to understand themselves this world and the transcendent This book analyses travelling in its social context in ancient and medieval societies Why did people travel how did they travel and what kind of communal networks and negotiations were inherent in their travels Travel was not only the privilege of the wealthy or the male but people from all social groups genders and physical abilities travelled Their reasons to travel varied from profane to sacred but often these two were intermingled in the reasons for travelling The chapters cover a long chronology from Antiquity to the end of the Middle Ages offering the reader insights into the developments and continuities of travel and pilgrimage as a phenomenon of vital importance

Pilgrimage and Healing Jill Dubisch, Michael Winkelman, 2022-08-09 Bikers converge at the Vietnam Veterans Memorial in Washington D C Thousands flock to a Nevada desert to burn a towering effigy And the hopeless but hopeful ill journey to Lourdes as they have for centuries Although pilgrimage may seem an antiquated religious ritual it remains a vibrant activity in the modern world as pilgrims combine traditional motives such as seeking a cure for physical or spiritual problems with contemporary searches for identity or interpersonal connection That pilgrimage continues to exercise such a strong attraction is testimony to the power it continues to hold for those who undertake these sacred journeys This

volume brings together anthropological and interdisciplinary perspectives on these persistent forms of popular religion to expand our understanding of the role of the traditional practice of pilgrimage in what many believe to be an increasingly secular world. Focusing on the healing dimensions of pilgrimage, the authors present case studies grounded in specific cultures and pilgrimage traditions to help readers understand the many therapeutic resources pilgrimage provides for people around the world. The chapters examine a variety of pilgrimage forms, both religious and non-religious, from Nepalese and Huichol shamanism, pilgrimage to Catholic journeys to shrines and feast days to Nevada's Burning Man festival. These diverse cases suggest a range of meanings embodied in the concept of healing itself, from curing physical ailments and redefining the self to redressing social suffering and healing the wounds of the past. Collectively and individually, the chapters raise important questions about the nature of ritual in general and healing through pilgrimage in particular, and seek to illuminate why so many participants find pilgrimage a compelling way to address the problem of suffering. They also illustrate how pilgrimage exerts its social and political influence at the personal, local, and national levels, as well as providing symbols and processes that link people across social and spiritual boundaries. By examining the persistence of pilgrimage as a significant source of personal engagement with spirituality, *Pilgrimage and Healing* shows that the power of pilgrimage lies in its broad transformative powers. As our world increasingly adopts a secular and atheistic perspective in many domains of experience, it reminds us that for many, spiritual quest remains a potent force.

Whispering the Strategies of Language: An Mental Quest through **Pilgrimage In Latin America**

In a digitally-driven world wherever monitors reign great and instant transmission drowns out the subtleties of language, the profound secrets and mental subtleties hidden within phrases usually go unheard. Yet, nestled within the pages of **Pilgrimage In Latin America** a charming literary treasure pulsing with natural thoughts, lies an extraordinary journey waiting to be undertaken.
