Pilgrims And Sacred Sites In China:

Pilgrims and Sacred Sites in China Susan Naquin, Chün-Fang Yü, 2023-11-15 Until now China has been scarcely represented in the burgeoning comparative literature on pilgrimage This volume remedies that omission discussing the interaction between pilgrims and sacred sites from the tenth century to the present From the perspectives of literature art history religion politics and anthropology the essays focus on China's most famous pilgrimage mountains as well as lesser known sites Until now China has been scarcely represented in the burgeoning comparative literature on pilgrimage This volume remedies that omission discussing the interaction between pilgrims and sacred sites from the tenth century to the present From the perspec

Pilgrims and Sacred Sites in China Susan Naquin, Chün-fang Yü, 1992 **Pilgrims and Sacred Sites in China**, 1989 **Pilgrims and Sacred Sites in China** Chün-fang Yü, 1989 **Daoism Handbook** Livia Kohn, 2018-12-24 Thirty major scholars in the field wrote this new authoritative guide to the main features and development of Daoism The chapters are devoted to either specific periods or topics such as Women in Daoism Daoism in Korea and Daoist Ritual Music Each chapter rigidly deals with a fixed set of aspects such as history texts worldview and practices Clear markings in the chapters themselves and a detailed index make this volume the most accessible key resource on Daoism past and present **The Market and Temple Fairs of Rural China** Gene Cooper, 2013-02-01 During the early communist period of the 1950s temple fairs in China were both suppressed and secularized Temples were closed down by the secular regime and their activities classified as feudal superstition and this process only intensified during the Cultural Revolution when even the surviving secular fairs devoted exclusively to trade with no religious content of any kind were suppressed However once China embarked on its path of free market reform and openness secular commodity exchange fairs were again authorized and sometimes encouraged in the name of political economy as a means of stimulating rural commodity circulation and commerce This book reveals how once these secular temple less temple fairs were in place they came to serve not only as venues for the proliferation of a great variety of popular cultural performance genres but also as sites where a revival or recycling of popular religious symbols already underway in many parts of China found familiar and fertile ground in which to spread Taking this shift in the Chinese state's attitudes and policy towards temple fairs as its starting point *The Market and Temple Fairs of Rural China* shows how state led economic reforms in the early 1980s created a revival in secular commodity exchange fairs which were granted both the geographic and metaphoric space to function In turn this book presents a comprehensive analysis of the temple fair phenomenon examining its economic popular cultural popular religious and political dimensions and demonstrates the multifaceted significance of the fairs which have played a crucial role in expanding the boundaries of contemporary acceptable popular discourse and expression Based upon extensive fieldwork this unique book will be of great interest to students and scholars of Chinese religion Chinese culture Chinese history and anthropology **The Market and Temple Fairs of Rural China** Eugene Cooper, 2012 During the early communist period

of the 1950s temple fairs in China were suppressed however once China embarked on its path of free market reform secular commodity exchange fairs were again authorized and sometimes encouraged as a means of stimulating rural commerce This book reveals how once these secular temple less temple fairs were in place they came to serve not only as venues for the proliferation of popular cultural performance genres but also as sites for the revival of popular religious symbols Examining its economic popular cultural popular religious and political dimensions this book presents a comprehensive analysis of the temple fair phenomenon

The Transnational Cult of Mount Wutai, 2020-11-23 The Transnational Cult of Mount Wutai explores the pan East Asian significance of sacred Mount Wutai from the Northern Dynasties to the present day Offering novel readings of comparatively familiar visual and textual sources and in many cases examining unstudied or understudied noncanonical materials the papers collected here illuminate the roles that both local actors and individuals dwelling far beyond Mount Wutai s borders have played in its making and remaking as a holy place for more than fifteen hundred years The work aims to contribute to our understanding of the ways that sacred geography is made and remade in new places and times

Images of the Immortal Paul R. Katz, 2000-01-01 The Palace of Eternal Joy Yongle gong is a mammoth cult site dedicated to one of late imperial China s most popular deities Lu Dongbin In one of the first book length studies of a Chinese sacred site Paul Katz focuses on the Palace s role in the development of Lu s legend This highly innovative approach takes into account the various histories of the Palace presented in different texts and surpasses previous scholarship by stressing the ways in which the site both reflected and produced cultural diversity Katz breaks new ground by analyzing the texts in terms of the textuality the processes by which they were produced transmitted and understood The study begins with a detailed description of the Palace of Eternal Joy and a brief account of its history The reader is then introduced to the cult of Lu Dongbin Special consideration is given to various hagiographical traditions particularly those that influenced the growth of his cult at Yongle Throughout late imperial China a growing number of worshipers among them scholar officials Taoist priests artisans and dramatists created an ever burgeoning variety of images of Lu ranging from a patron god of ink makers and prostitutes to a member of that powerful yet rambunctious group of spirits known as the Eight Immortals In this context the author explores the Perfect Realization Taoist movement s adoption of Lu s cult during the Jin and Yuan dynasties and highlight the social and religious factors that led to Lu s immense popularity in north China during the late imperial era Katz next looks at the four type of inscriptions found at the Palace commemorative official hagiographical and poetic and identifies the Palace patrons who worshiped there and contributed to its growth In the description and analysis of the Palace murals that follow he divides these works into two types those painted to provide a setting for and even an object of Taoist rituals performed at the Palace and those used to instruct Perfect Realization Taoists and perhaps pilgrims The final section traces the reception of the Palace texts among the people of Yongle and its environs Here Katz examines the ways in which patrons tried to impose their representations of the Palace s history and the cult of Lu Dongbin on other members of the community

and assesses the extent to which these efforts succeeded Images of the Immortal is richly informed by a wide reading in social cultural and literary theory as well as a thorough awareness of previous work in comparative and Chinese religion Scholars of Taoism Chinese popular religion and art history will find it especially rewarding for its thought provoking reinterpretation of an important religious figure and his cult *Sacred Sites, Rituals, and Performances* Kiran Shinde,2021-09-09 The conceptual territory of religious tourism is fluid While recreation and leisure based motivation and behaviors are evident in religious tourism this volume reiterates its rootedness in tenets from religious traditions and pilgrimages Using fresh perspectives on place stories rituals performances that are central to pilgrimage and sacred sites essays in this volume explain contemporary expressions of religious tourism and illustrate the dynamic nature of religious tourism as an ecosystem embedded in religious practices rituals and performances The explanations will benefit researchers and practioners alike and they can find numerous examples that show the significance of religious tourism for sustainable development of destinations *Journey to the Sacred* Jacob Rawson,2024-04-01 A restless graduate student of Chinese language discovers a rare old book about sacred mountains and embarks on an adventure that sees him scaling cliffs and tramping across alpine tundra to find and speak with monks nuns hermits priests and pilgrims across China He discovers a ninety year old nun who has lived hidden among cliffs for half a century meets one of the world s last cave dwellers and details a chance encounter with a dead body Along the way he deciphers cliff inscriptions and translates classical Chinese poems that help uncover the secrets of these ancient pilgrim trails The journey continues to the author s home in the Pacific Northwest where he climbs a set of renowned American peaks where Beat generation poets such as Jack Kerouac practiced Buddhism and studied Chinese poetry Journey to the Sacred presents a lively adventure and a deeply personal exploration Through his encounters with pilgrims and hermits on both continents the author examines universal themes of isolation vulnerability loss and triumph in the context of the long intimate relationship between people and mountains *Faiths on Display* Tim Oakes,Donald S. Sutton,2010-10-16 By providing a unique perspective on China s changing relationship with religion this groundbreaking book explores the role the Chinese state continues to play in religious revival today Over the past several decades China has experienced a rapid expansion of religious spaces and activities More recently a growing middle class urban society has fueled an upsurge in Chinese domestic tourism Faiths on Display challenges the common separation of religious and tourist activities showing how these practices overlap and blend together A group of leading scholars explores the unlikely interaction between these exuberant phenomena finding a surprisingly clear lens through which to view a rapidly transforming society Even the most casual observer is struck by the Chinese rediscovery of traditional culture particularly at revived religious festivals and pilgrimages in suburbs rural areas and at China s margins where religious practices of ethnic minorities attract particular tourist attention A set of fascinating case studies shows how state organizations are helping revive sacred spaces as exploitable sites for tourism development and revenue generation

While this may appear to be a straightforward collision of Chinese tradition with modernization the contributors argue that the results of combining religion and tourism offer important insights not only into the practice of religion and the rise of leisure culture in contemporary China but also into the changing and contested nature of state governance The policies of an authoritarian modernizing state obviously influence both religion and tourism but religious practices the book clearly illustrates tend to slip out of state control and tourist tastes push development into directions not anticipated or welcomed by the state Contributions by Kenneth Dean Brian R Dott Xiaofei Kang Charlene Makley Susan K McCarthy Charles F McKhann Tim Oakes Yu Luo Rioux Donald S Sutton Marina Svensson and Rubie Watson Sacred Place Jean Holm, John Bowker, 2001-01-01 This book explores the function of buildings for worship shrines and pilgrimage centers and the part they play in the lives of individuals and the community while also recognizing that sacred place is not defined as architectural buildings Pilgrimage Linda Kay Davidson, David M. Gitlitz, 2002-11-17 Nationalistic meccas shrines to popular culture and sacred traditions for the world's religions from Animism to Zoroastrianism are all examined in two accessible and comprehensive volumes Pilgrimage is a comprehensive compendium of the basic facts on Pilgrimage from ancient times to the 21st century Illustrated with maps and photographs that enrich the reader's journey this authoritative volume explores sites people activities rites terminology and other matters related to pilgrimage such as economics tourism and disease Encompassing all major and minor world religions from ancient cults to modern faiths this work covers both religious and secular pilgrimage sites Compiled by experts who have authored numerous books on pilgrimage and are pilgrims in their own right the entries will appeal to students scholars and general readers **New Pathways in Pilgrimage Studies** Dionigi Albera, John Eade, 2016-11-18 Although there has been a massive increase in the volume of pilgrimage research and publications traditional Anglophone scholarship has been dominated by research in Western Europe and North America In their previous edited volume International Perspectives on Pilgrimage Studies Routledge 2015 Albera and Eade sought to expand the theoretical disciplinary and geographical perspectives of Anglophone pilgrimage studies This new collection of essays builds on this earlier work by moving away from Eurasia and focusing on areas of the world where non Christian pilgrimages abound Individual chapters examine the practice of ziyarat in the Maghreb and South Asia Hindu pilgrimage in India and different pilgrimage traditions across Malaysia and China before turning towards the Pacific islands Australia South Africa and Latin America where Christian pilgrimages co exist and sometimes interweave with indigenous traditions This book also demonstrates the impact of political and economic processes on religious pilgrimages and discusses the important development of secular pilgrimage and tourism where relevant Highly interdisciplinary international and innovative in its approach New Pathways in Pilgrimage Studies Global Perspectives will be of interest to those working in religious studies pilgrimage studies anthropology cultural geography and folklore studies Host Communities and Pilgrimage Tourism Ricardo Nicolas Prozano, Joseph M. Cheer, Xosé Manuel Santos, 2023-04-25 This book delves into topics

on pilgrimage travel and communities from a variety of perspectives through academic research based on the Middle East Northeast Asia the Indian subcontinent and Europe where sacred sites have become of great importance for both international and domestic tourism In particular Europe and Asia possess a high volume of world renowned pilgrimage sites that are currently being developed as tourism destinations in their respective countries such as Santiago de Compostela Spain Lourdes France and Koyasan Japan This book includes studies on these two continents that harbor both a great history of pilgrimage tradition as well as tourism development related to religious travel The book importantly covers the role of the community in religious tourism as well as the impact on the locals which is comparatively an unexplored area Whilst pilgrimage is seen as an effective tool to revitalize local economies this book also reveals the different challenges to achieving this goal Realizing the importance of the interrelationship of community and pilgrimage travel as well as the lack of studies on it this book seeks to address this research gap through 14 chapters divided into two parts Communities and Constestation and Pilgrimage Shaping Communities To ensure diverse perspectives case studies from different Eurasian countries written by authors with expertise in the study of pilgrimage and religious travel are included Readers can expect to gain new perspectives by having a deeper comprehension of the community side of pilgrimage travel in Eurasia and thus an integral understanding of contemporary pilgrimage

World History Encyclopedia [21 volumes] Alfred J. Andrea Ph.D.,2011-03-23 An unprecedented undertaking by academics reflecting an extraordinary vision of world history this landmark multivolume encyclopedia focuses on specific themes of human development across cultures era by era providing the most in depth expansive presentation available of the development of humanity from a global perspective Well known and widely respected historians worked together to create and guide the project in order to offer the most up to date visions available A monumental undertaking A stunning academic achievement ABC CLIO s World History Encyclopedia is the first comprehensive work to take a large scale thematic look at the human species worldwide Comprised of 21 volumes covering 9 eras an introductory volume and an index it charts the extraordinary journey of humankind revealing crucial connections among civilizations in different regions through the ages Within each era the encyclopedia highlights pivotal interactions and exchanges among cultures within eight broad thematic categories population and environment society and culture migration and travel politics and statecraft economics and trade conflict and cooperation thought and religion science and technology Aligned to national history standards and packed with images primary resources current citations and extensive teaching and learning support the World History Encyclopedia gives students educators researchers and interested general readers a means of navigating the broad sweep of history unlike any ever published

Mandarins and Heretics Junqing Wu,2017-01-23 In Mandarins and Heretics Wu Junqing explores the denunciation and persecution of lay religious groups in late imperial 14th to 20th century China These groups varied greatly in their organisation and teaching yet in official state records they are routinely portrayed as belonging to the same esoteric tradition stigmatised under generic labels such as

White Lotus and evil teaching and accused of black magic sedition and messianic agitation Wu Junqing convincingly demonstrates that this heresy construct was not a reflection of historical reality but a product of the Chinese historiographical tradition with its uncritical reliance on official sources The imperial heresy construct remains influential in modern China where it contributes to shaping policy towards unlicensed religious groups *Designing Sacred Spaces* Sherin Wing, 2015-10-05 Sacred spaces exemplify some of the most exciting and challenging architecture today *Designing Sacred Spaces* tells the inside story of seven architecture firms and their approaches to designing churches mosques synagogues and temples monasteries and retreats Twenty beautifully illustrated case studies located in Asia Europe and North America are showcased alongside discussions with the designers into concept and design development materiality and spatial analysis Complementing these are essays on the cultural historical and theoretical meaning and importance of sacred spaces By exploring the way we see religion and how we understand secular and sacred space *Designing Sacred Spaces* reveals how we see ourselves and how we see others A tour de force of first person narratives research and illustrations this book is a vital desk reference *The Five-Colored Clouds of Mount Wutai: Poems from Dunhuang* Mary Anne Cartelli, 2012-12-07 In *The Five Colored Clouds of Mount Wutai Poems from Dunhuang* Mary Anne Cartelli examines a set of poems from the Dunhuang manuscripts about Mount Wutai the most sacred mountain in Chinese Buddhism Dating from the Tang and Five Dynasties periods they reflect the mountain's transformation into the home of the bodhisattva Ma ju r and provide important literary evidence for the development of Buddhism in China This interdisciplinary study analyzes the poems using Buddhist scriptures and pilgrimage records as well as the contemporaneous wall painting of Mount Wutai in Dunhuang cave 61 The poems demonstrate how the mountain was created as a sacred Buddhist space as their motifs reflect the cosmology associated with the mountain by the Tang dynasty and they vividly portray the experience of the pilgrim traveling through a divinely empowered landscape
