## **Pindars Victory Songs:**

Pindar's Victory Songs Pindar, Frank Nisetich, 1980-06 Pindar's victory odes written in the fifth century B C to commemorate the heroes of the athletic games are some of the most powerful and intricate works of ancient Greek poetry and perhaps the most difficult to translate well **Song and Action** Kevin Crotty, 1982 Pindar's Victory Songs Pindar, Frank Nisetich, 1980-06 Pindar's victory odes written in the fifth century B C to commemorate the heroes of the athletic games are some of the most powerful and intricate works of ancient Greek poetry and perhaps the most difficult to translate well

**Pindar's Verbal Art** James Bradley Wells, 2009 Wells argues that the victory song is a traditional art form that appealed to a popular audience and served exclusive elite interests through the inclusive appeal of entertainment popular instruction and laughter Wells offers a new take on old Pindaric questions genre unity of the victory song tradition and epicinian performance **Pindar, Song, and Space** Richard Neer, Leslie Kurke, 2019-11-05 A groundbreaking study of the interaction of poetry performance and the built environment in ancient Greece Winner of the PROSE Award for Best Book in Classics by the Association of American Publishers In this volume Richard Neer and Leslie Kurke develop a new integrated approach to classical Greece a lyric archaeology that combines literary and art historical analysis with archaeological and epigraphic materials At the heart of the book is the great poet Pindar of Thebes best known for his magnificent odes in honor of victors at the Olympic Games and other competitions Unlike the quintessentially personal genre of modern lyric these poems were destined for public performance by choruses of dancing men Neer and Kurke go further to show that they were also site specific as the dancers moved through the space of a city or a sanctuary their song would refer to local monuments and landmarks Part of Pindar's brief they argue was to weave words and bodies into elaborate tapestries of myth and geography and in so doing to re-imagine the very fabric of the city state Pindar's poems in short were tools for making sense of space Recent scholarship has tended to isolate poetry art and archaeology But Neer and Kurke show that these distinctions are artificial Poems statues bronzes tombs boundary stones roadways beacons and buildings worked together as a suite of technologies for organizing landscapes cityscapes and territories Studying these technologies in tandem reveals the procedures and criteria by which the Greeks understood relations of nearness and distance here and there and how these ways of inhabiting space were essentially political Rooted in close readings of individual poems buildings and works of art Pindar Song and Space ranges from Athens to Libya Sicily to Rhodes to provide a revelatory new understanding of the world the Greeks built and a new model for studying the ancient world *Pindar's Songs for Young Athletes of Aigina* Anne Pippin Burnett, 2005-09-15 Consisting of individual studies of the poet Pindar's 11 odes for the victors of the athletic contests on Aigina the author addresses questions of mythic self-presentation in this book as well as Pindar's techniques for unifying his audience and leading it into a shared experience of inspired success *Jesus, the Best Capernaum Folk-Healer* Zorodzai Dube, 2020-11-10 This book takes the established fields of orality performance and first century Christian healthcare studies

further by combining analogues of praise performances to Apollo Asclepius and those from the Dondo people of South Eastern Zimbabwe to propose that Jesus's healing stories in Mark's Gospel are praise giving narratives to Jesus as the best folk healer within the region of Capernaum. The book argues that the memory of Jesus as the folk healer from Capernaum survived and possibly functioned in similar contexts of praise giving within early Christian households. The book goes through each healing story in Mark's Gospel and imaginatively listens to it through the ears of analogue from praise giving given to Greek healers, heroes and similar practices among the Dondo people. The power, completeness and effectiveness in which Jesus healed each of the mentioned conditions provoke praise giving from the listeners to the best folk healer in the village. In each instance while Mark is calling for attention to the new healer, more so he is raving praise giving. **Three Aeginetan**

**Odes of Pindar** Pfeijffer, 2018-07-17 A study of three epinicia of Pindar which have in common that they celebrate victories of Aeginetan athletes and that they respond to the contemporary political situation in Aegina and to circumstances of the victory. The primary objective of this book is to provide an interpretation of each of the three odes as meaningful, coherent works of the literary art. For each ode it provides a commentary in which problems of text and interpretation are discussed in detail, a structural and metrical analysis and an interpretative essay in which the observations of detail are brought together in order to provide an answer to the question as to how the ode at hand could have functioned as a coherent, meaningful epinicion. The introduction addresses questions of method and provides a description of Pindar's style. **Studies in the**

**Reception of Pindar in Ptolemaic Poetry** Alexandros Kampakoglou, 2019-08-05 Recent years have witnessed a revival of interest in the influence of archaic lyric poetry on Hellenistic poets. However, no study has yet examined the reception of Pindar, the most prominent of the lyric poets in the poetry of this period. This monograph is the first book to offer a systematic examination of the evidence for the reception of Pindar in the works of Callimachus of Cyrene, Theocritus of Syracuse, Apollonius of Rhodes and Posidippus of Pella. Through a series of case studies it argues that Pindaric poetry exercised a considerable influence on a variety of Hellenistic genres: epinician elegies and epigrams, hymns, encomia and epic poetry. For the poets active at the courts of the first three Ptolemies, Pindar's poetry represented praise discourse in its most successful configuration. Imitating aspects of it, they lent their support to the ideological apparatus of Greco-Egyptian kingship, shaped the literary profile of Pindar for future generations of readers and defined their own role and place in Greek literary history. The discussion offered in this book suggests new insights into aspects of literary tradition, Ptolemaic patronage and Hellenistic poetics, placing Pindar's work at the very heart of an intricate nexus of political and poetic correspondences.

**Pindar and the Poetics of Permanence** Henry Spelman, 2018-04-23 Recent scholarship on early Greek lyric has been primarily concerned with the immediate contexts of its first performance. This volume instead turns its attention to the rhetoric and realities of poetic permanence. Taking Pindar and archaic Greek literary culture as its focus, it offers a new reading of Pindar's victory odes which explores not only how they were received by those who first experienced them but

also what they can mean to later audiences Part One of the discussion investigates Pindar's relationship to both of these audiences demonstrating how his epinicia address the listeners present at their premiere performance and also a broader secondary audience across space and time It argues that a full appreciation of these texts involves taking both perspectives into account Part Two describes how Pindar engages with a wide variety of other poetry particularly earlier lyric in order to situate his work both within an immanent poetic history and a contemporary poetic culture It shows how Pindar's vision of the world shaped the meaning of his work and illuminates the context within which he anticipated its permanence The book offers new insights into the texts themselves and invites us to rethink early Greek poetic culture through a combination of historical and literary perspectives

**Lying and Poetry from Homer to Pindar** Louise H. Pratt, 1993 A suggestive study of an elemental aspect of fiction

**Pindar** Anne Pippin Burnett, 2013-10-16 Of all the lyric poets of ancient Greece Pindar is the one whose work has been best preserved His odes to victorious Greek athletes were entertainments designed for performance in a hospitable atmosphere of drinking dining and jokes The victor has known the favour of the god whose contest he entered and has brought back pan Hellenic fame to his family friends and city To extend this glory and make it permanent he has commissioned a song of praise had dancers trained to sing it and summoned an audience of kinsmen neighbours and friends to enjoy it Pindar's odes contain invocations and prayers but their most characteristic effects are achieved through the depiction of fragments of myth Anne Pippin Burnett argues that these passages were meant neither as mere decoration nor as moral instruction but served rather as a dramatic mechanism by which dancers brought an experience of another world to guests gathered in the banqueting suite of the victor

Pindar D. S. Carne-Ross, 1985-01-01 Study of classical Greek poet and the ode form in Western tradition Assumes no knowledge of specialist literature and includes translations

Pindar and the Cult of Heroes Bruno Currie, 2010-04-29 Pindar and the Cult of Heroes combines a study of Greek culture and religion hero cult with a literary critical study of Pindar's epinician poetry It looks at hero cult generally but focuses especially on heroization in the 5th century BC There are individual chapters on the heroization of war dead of athletes and on the religious treatment of the living in the 5th century Hero cult Bruno Currie argues could be anticipated in different ways in a person's lifetime Epinician poetry too should be interpreted in the light of this cultural context fundamentally this genre explores the patron's religious status The book features extensive studies of Pindar's Pythians 2 3 5 Isthmian 7 and Nemean 7

**Pindar and the Emergence of Literature** Boris Maslov, 2015-10-14 For much of Western history Pindar's work was recognized as the pinnacle of lyric poetry This book presents an introduction to different aspects of Pindar's art while demonstrating its importance for the coming into being of literature as it has been conceived of in the West

**A Heavenly Chorus** Justin Jeffcoat Schedtler, 2014-10-30 The claim that Revelation's hymns function as did Classical tragic choral lyrics insofar as they comment upon or interpret the surrounding narrative has become axiomatic in studies of Revelation Justin Jeffcoat Schedtler marks an advance in this line of inquiry by offering an exegetical analysis of Revelation's hymns alongside a presentation of the forms and functions of ancient tragic choruses and choral lyrics Evaluating the hymns in light of the varieties and complexities of ancient tragic choruses he demonstrates that they are not best evaluated in terms of choral lyrics generally but in terms of dramatic hymns in particular insofar as they constitute mythological theological reflections on the surrounding narrative and function to situate the surrounding dramatic activity in a particular mythological theological context

**Myth, Locality, and Identity in Pindar's Sicilian Odes** Virginia M. Lewis, 2019-08-15 This book argues that Pindar engages in a striking innovative style of mythmaking that represents and shapes Sicilian identities in his epinician odes for Sicilian victors in the fifth century BCE and it contributes new insights into current debates on the relationship between myth and place in classical literature

**Thucydides and Pindar** Simon Hornblower, 2004 Simon Hornblower demonstrates a thematic and literary kinship between Thucydides one of the greatest of the ancient Greek historians and Pindar one of the greatest Greek poets who specialized in celebratory odes for victors in the Olympic Games

**Pindar's Nemeans** W. Ben Henry, 2012-03-12 This work provides new editions with introduction and commentary of five odes from Pindar's Nemeans Three celebrate victories won by Aeginetans at the Nemean games Nemeans 4 6 and 8 The remaining two are drawn from the appendix to the book Nemean 10 for the Argive wrestler Theaeus and his family including the famous myth of the Dioscuri and Nemean 11 for the installation of a prytanis on the island of Tenedos The commentaries elucidate problems of metre text and interpretation and provide up to date treatment of the language and subject matter of the poems
