Problems in Later Life Dan Blazer,1998-01-01 Written by an internationally renowned authority in geriatric psychiatry this text discusses the most common emotional problems affecting the elderly memory loss depression anxiety sleeping problems alcohol and drug abuse and others Each problem is addressed in a consistent format highlighting the nature and scope of the problem the etiological factors involved a diagnostic workup treatment strategies The focus is on providing the health practitioner with information and specific strategies to diagnose the nature of the problem and to resolve the difficulties as the situation dictates This updated edition includes new information on managed care for older adults clearly illustrating for the professional how mental health care is financed The author's pragmatic problem oriented approach and his illustrative case vignettes make the book an invaluable reference for all who work with this challenging underserved and rapidly growing population

Philosophy as Therapy James F. Peterman,1992-01-01 This book presents an account and defense of Wittgenstein's later philosophy emphasizing its therapeutic character Peterman argues that any therapeutic philosophy must present an account of human health a related account of the mechanisms of health and illness and finally an account of how philosophy can bring someone from a state of illness to health In light of this general model he presents an interpretation of Wittgenstein's therapeutic project that emphasizes the continuity between it and the earlier ethical project of the Tractatus The book confronts the problem of continuity by arguing that the earlier ethical goal of coming into agreement with the world as such is replaced in the later views by the therapeutic goal of coming into agreement with forms of life In the course of the argument Peterman challenges standard interpretations of Wittgenstein's project and standard modes of criticizing and defending it The book also contributes to contemporary philosophical discussion by showing why we should take seriously the project of philosophical therapy

Problems of Community Life Seba Eldridge,1915 **A New Approach for Optimization of Real Life Transportation Problem in Neutrosophic Environment** A.Thamaraiselvi, R.Santhi, Neutrosophic sets have been introduced as a generalization of crisp sets fuzzy sets and intuitionistic fuzzy sets to represent uncertain inconsistent and incomplete information about a real world problem For the first time this paper attempts to introduce the mathematical representation of a transportation problem in neutrosophic environment The necessity of the model is discussed A new method for solving transportation problem with indeterminate and inconsistent information is proposed briefly A real life example is given to illustrate the efficiency of the proposed method in neutrosophic approach
