The Radical Wesley & Patterns for Church Renewal Howard A. Snyder, 1980-01-01 **The Radical Wesley & Patterns for Church Renewal** Howard A. Snyder, 1987-09-01 *The Radical Wesley and Patterns for Church Renewal* Howard A. Snyder, 1996-12 The world needs radical Christianity writes Howard Snyder In two thousand years the church has not noticeably improved on the gospel or the biblical picture of Christian community and discipleship One of the clearest lessons from twenty centuries of experience is that the church has always been most faithful when it has gotten back to its biblical spiritual roots Snyder traces eighteenth century revival preacher John Wesley's spiritual pilgrimage and then looks at his views on the church and the Christian life in order to shed light on radical faith today [The Global House Church Movement](#) Rad Zdero, 2004 A major church shift is happening all around the world God is once again bringing back the power and simplicity of New Testament style Christianity The Lord is raising up the global house church movement Do you want to reach your friends and your nation with an approach to church life and church planting that is biblical and effective If so read this book **Movements That Change the World** Steve Addison, 2011-03-17 Steve Addison gleans the characteristics of the dynamic missionary movement from biblical historical and contemporary case studies Addison shows how these factors recur in every period of Christian expansion and suggests that Christianity's distinction as a historical movement lies in its power to outlast the centuries **Religion of the People** David Hempton, 2013-10-31 Taking account of broader patterns of growth the focus of this book is Methodism in the British Isles Hempton discusses why Methodism the most important religious movement in the English speaking world in the 18th and 19th centuries grew when and where it did and what was the nature of the Methodist experience for those who embraced it He also explores the themes of law politics and gender which lie at the heart of Methodist influence on individuals communities and social structures **Ten Great Ideas from First Corinthians** George Renner, Mark Shaw, 2021-10-19 First Corinthians is one of the most relevant NT documents for both younger churches seeking maturity in the majority world and older churches seeking renewal in the Western world in the twenty first century The reason this epistle is so relevant is that it focuses on renewing the church through believing and living out the good news that because of Jesus's death and resurrection God has begun his new creation agenda amid the broken world of today This is not just another commentary there are many very good ones but rather we present a biblical theology of church renewal based on solid exegesis and our experience as teachers and pastors in both Africa and North America This book will pull out the essential teaching of Paul on renewal in ten manageable principles or great ideas Church renewal is not just following certain steps but results from nurturing a culture that practices both cross power and a life of new creation hope When churches make the shift from traditionalism to radical community and evangelical activism through a new experience of the gospel seen as both personal liberation and the transformation of all things the church begins to move and the world begins to change **Methodism and Politics in British Society**

1750-1850 David Hempton, 2013-10-17 Originally published in 1984 this book charts the political and social consequences of Methodist expansion in the first century of its existence While the relationship between Methodism and politics is the central subject of the book a number of other important themes are also developed The Methodist revival is placed in the context of European pietism enlightenment thought forms 18th century popular culture and Wesley's theological and political opinions Throughout the book Methodism is treated on a national scale although the regional chronological and religious diversity of Methodist belief and practice is also emphasized *Historical Dictionary of the Holiness Movement* William

Collins

Winn, 2007-07-15 Recognized as a leading interpreter of major movements in American Christianity such as Evangelicalism Pentecostalism and the Holiness movement Donald W Dayton has produced a body of work spanning four decades and diverse areas of inquiry In *From the Margins* friends and colleagues respond to major essays by Dayton several published here for the first time so as to celebrate and reflect on this diverse and rich body of work The essays highlight the breadth of Dayton's contribution while also revealing a methodological core The latter could be described as Dayton's deconstructive reading of standard scholarly narratives in order to short circuit their domesticating effects on the more radical aspects of American Christianity Dayton's work has challenged long held assumptions about the conservative nature of American

Christianity by showing that both in their history and in their deeper theological substructures traditions such as Evangelicalism and Pentecostalism are far more radical and productive of social change than was previously imagined A Crown and a Cross Andrew Goodhead,2010-04-09 This book critically reviews the origins development and decline of the Class Meeting Beginning with an overview of the religious and societal milieu from the sixteenth century and examining the heritage of John and Charles Wesley the inheritance John Wesley took from the past is studied The rise of the Anglican Unitary Societies is considered and Wesley's active work within those societies drawn out The arrival of the Moravians in London in 1738 to form a group for Germans resident in London influenced many of the Anglican society members not least the Wesley brothers These influences are also considered before the Methodist movement and particularly the Class Meeting are considered in detail This book is unique in its drawing together the manner of religious association experienced in the Evangelical Revival and aims to show how Methodism was a fusion of pre-existing ideas formed into a new working model of religious association Paramount to the success of the early Methodist was the Class Meeting This book draws on testimony diary and journal records to provide first hand accounts of people's lives being changed through attendance at the Class Meeting and its making possible growth in grace and holiness In the early period of Methodism the Class Meeting was the crown to Methodist identity An analysis of the primary aims of this meeting which gave the Methodist people their distinct characteristics is followed by a study of the social identity and group processes that occurred when prospective members considered joining the Methodists The decline of the Class Meeting to 1791 forms the concluding chapters and using three classic sociological models Weber routinisation Durkheim totemism and Troeltsch primary secondary religion as themes the reasons why the class became a cross are examined Journal diary and testimonial material support the Methodists declining interest in the class that led to its irrelevance for a people seeking respectability rather than an immediate encounter with God *Remembering Our Baptism* Philip R. Meadows,2018-01-01 Drawing on the roots of early Methodists Philip Meadows urges readers to use the act of remembering their baptism to connect themselves to their own discipleship and mission This will result in the daily shaping of their Christian lives by personal and corporate spiritual discipline which is itself decidedly baptismal in character When church communities of every size remember their baptism they hold one another accountable for the life of disciplined discipleship and everyday witness A great resource for small group study and clergy

Pentecostal Healing Kimberly E. Alexander,2019-05-21 WINNER OF THE FOUNDATION FOR PENTECOSTAL SCHOLARSHIP 2007 AWARD OF EXCELLENCE This detailed historical study of the formative years of Pentecostal healing shows with abundant examples how many early Pentecostals were grappling with questions of great importance for the Christian understanding of healing and its relationship to soteriology This is essential reading for an understanding of the background to Pentecostal thinking and will inform theological reflection on issues associated with the healing ministry of the Christian church **The Craft of Church Planting** Christian Selvaratnam,2022-06-30 Drawing on insights from the

training practices of the English medieval craft guilds a global survey of 500 church planters interviews with artists and church planting trainers and the authors 30 years of ministry experience The Craft of Church Planting offers a distinctive and imaginative perspective on the methods used to train future practitioners in the art of church planting Demonstrating how training for the next generation of church planting leaders might be informed by the historic master apprentice model guild learning communities creativity and an artisan approach to ministry this book is a vital resource to inform the methods of training for the next generation of church planters

Seven Days of Faith, 2d Edition R. Paul Stevens, 2021-10-07 These days people talk about their schedules filling up 24 7 twenty four hours a day seven days a week We wear busyness like a merit badge as if the more we do the better we become But R Paul Stevens says this is not biblical Nor is it helpful For Christians life isn't about checking off to do lists It's about connecting with God and infiltrating thoughtful biblical faith into our everyday lives Sometimes that means activity but sometimes not Everyday spirituality the subject of the book embraces purposeful times of work relationships and rest centered on God instead of personal or cultural expectations But how can you do it It's not easy exiting the fast track to practice a slowed down yet down to earth holiness Stevens understands this and offers practical insights to developing a subversive spirituality a meaningful faith that seeps into your work family sexuality friendships outreach aloneness and leisure and fills you with joy But most importantly it motivates you to lovingly abide with God seven days a week Matthew the Poor an Eastern monk in Egypt once said that life is but one single way that leads to the kingdom of God

The Other Six Days R. Paul Stevens, 2000-09-05 In this provocative book Stevens writes the clergy laity division has no basis in the New Testament and challenges all Christians to rediscover what it means to live daily as God's people Exploring the theological structural and cultural reasons for treating laypeople as the objects of ministry Stevens argues against the idea of clericalism and in favor of equipping people for ministry in their homes workplaces and neighborhoods

Integrated Mission Sarah Nicholl, 2024-05-31 There can be no doubt the positive influence the Lausanne Movement has had on current approaches to evangelical global missions since its inception in 1974 But as with all things made and organized by humankind it should not be above critique Dr Sarah Nicholl asserts spirituality now often seen as an individual rather than communal endeavour has been disconnected from the missional practices in the movement In bringing together missiology mission practice and spirituality she joins a chorus of scholars calling for more integration between areas of theory and practice This book defines this synergy as integrated mission and to illustrate what this mission can look like draws upon the writings and lives of four mission oriented Christians John Wesley St Ignatius of Loyola Orlando Costas and Fr Segundo Galilea This book reasons all believers practising this way of mission will be animated rooted and participatory with the triune God in the missio Dei to the world
