Bulletin ,1915 **The Rainbow'S Light** Derek Earls,2016-10-12 Droplets of evil had diluted and eventually dispersed the white power of the suns special light The special light had a purpose It was created for such a time as this The purpose carried a good intent but some devilry had diluted and dispersed the good intent It was remembered by those occasions when rainbows arched the sky The rainbows appeared less to men and others forgot But most men had forgotten the purpose of the rainbows reminder and most men and others had never known the purpose of the special light It was always known by a few that such a time as this would come The few intent on good feared the coming of such a time Now the greater number who were evil were aware that the time or a time had come They were at first unaware that the special light might reconvene as a whole and that the white power of the whole might thwart their intent These others were not men not human Though they had mans outward appearance most were subhuman some were superhuman Evil intent rested with the superhuman but to them the intent was not evil just inevitable Only those carried upon the waves of the special light had the energy to combat the evil intent and then it was only when they came together *Postcards from Rainbow's End* R. Buddy Murphy,2010-05-25 A captivating journey of life misadventures and survival through the eyes of Lane Webster The flashbacks are riveting and

exciting the pages almost turn on their own It starts with a blast of demonic energy just keeps going and going until the last page has been turned A good and easy read that keeps you begging for more Lane Webster What a guy and the colourful characters he meets on the journey provide a tale that must be told and must be heard I dare you to try and put it down Go ahead Try International mining and metallurgical manual ,1926 *Rainbow's End* Maury Klein,2003-05-01 Rainbow's End tells the story of the stock market collapse in a colorful swift moving narrative that blends a vivid portrait of the 1920s with an intensely gripping account of Wall Street's greatest catastrophe The book offers a vibrant picture of a world full of plungers powerful bankers corporate titans millionaire brokers and buoyantly optimistic stock market bulls We meet Sunshine Charley Mitchell head of the National City Bank powerful financiers Jack Morgan and Jacob Schiff Wall Street manipulators such as the legendary Jesse Livermore and the lavish living Billy Durant founder of General Motors As Klein follows the careers of these men he shows us how the financial house of cards gradually grew taller as the irrational exuberance of an earlier age gripped America and convinced us that the market would continue to rise forever Then in October 1929 came a perfect storm like convergence of factors that shook Wall Street to its foundations We relive Black Thursday when police lined Wall Street brokers grew hysterical customers bellowed like lunatics and the ticker tape fell hours behind This compelling history of the Crash the first to follow the market closely for the two years leading up to the disaster illuminates a major turning point in our history The Rainbow's Foot Julius Washington Muller,1921
