Brunei and the British in the Nineteenth Century Ooi Keat Gin, 2025-09-10 Brunei and the British in the Nineteenth Century relates the remarkable tale of the encounter between the Sultanate of Brunei which in 1800 possessed nominal hegemony over most of northern Borneo and Western colonialists particularly the British The study focuses on two notable protagonists Pengiran Indera Mahkota c 1790s 1858 a high born Bruneian courtier and James Brooke 1803 1868 a former English soldier and gentleman adventurer Pengiran Indera Mahkota was governor rajah of Sarawak then a small fiefdom of Brunei He penned his cautionary words and counsel in a popular verse form titled Syair Rakis which he presented to the throne in 1847 James Brooke successfully detached Sarawak from Brunei and established there his own dynastic raj ruling as the White Rajah of Sarawak from 1841 until his passing to be succeeded by his younger nephew as Rajah Charles Brooke In this book textual analysis together with archival research present a mapping of verse poem and fact history that revealed a confluence of poetry and history that was believably compatible It shows the veracity of the forewarnings and intuitive hunches in the Syair Rakis that uncannily reflected historical developments Although Pengiran Indera Mahkota s counsel was not acted on and the outcome for Brunei was unfavourable the book argues that Pengiran Indera Mahkota was a significant figure whose prominent and pivotal role deserves greater recognition This book will be of interest to historians and scholars of Southeast Asian history Imperial and Colonial history and Malay literature **Report on Brunei in 1904** A. Age of Contestation, 2024-07-12 Comparative constitutionalism emerged in its current form against the backdrop of the fall of the Berlin Wall and the end of the Cold War As that backdrop recedes into the past it is being replaced by a more multi polar and confusing world and the current state of the discipline of comparative constitutionalism reflects this fragmentation and uncertainty This has opened up space for new more varied and increasingly critical voices seeking to improve the project

of democratic constitutionalism But it also raises questions What of the past if anything is worth preserving Which more recent parts should be defining of the field In this context this book asks which are or should be the canonical texts of comparative constitutionalism The theoretical scope of the contributions is broad and ambitious selecting primary material from beyond the existing textbooks to engage the concept of a canon This framework provides significant insights about inclusion and exclusion and proposes candidates for canonical and anti canonical materials The result is a wide ranging discussion among many voices of how particular judgments and other primary texts have shaped or should shape our understanding of central elements of democratic constitutionalism from a comparative law perspective This book is not a prescription of one universal understanding but a broader conversation about the field and the future of constitutional democracy

A History of Brunei Graham E.
