Revolt Of The Second Sex

Carrie Tarr, Brigitte Rollet

Revolt Of The Second Sex:

Cinema and the Second Sex Carrie Tarr, Brigitte Rollet, 2016-10-06 Women's filmmaking in France has been a source of both delight and despair. On the one hand, the numbers are impressive: over 250 feature-length films were made by over 100 women directors in France in the 1980s and 1990s. On the other hand, despite the heritage of French feminism, French women directors characteristically disclaim their gender as a significant factor in their filmmaking. This incisive study provides an informative critical guide to this major body of work, exploring the boundaries between personal films, intimate psychological dramas relating to key stages in life, and genre films which demonstrate women's ability to appropriate and rework popular genres. It analyzes the effects of postfeminism, women's desire to enter the mainstream, and the impact of a new generation of filmmakers, enabling readers to take stock of the wealth and diversity of women's contribution to French cinema during the 1980s and 1990s.

A New Dawn for the Second Sex Karen Vintges, 2025-10-01 To what extent is Simone de Beauvoir's study *The Second Sex* still relevant? From her work, it emerges that patriarchy is a many-headed monster. Over the past decades, various heads of this monster have been slayed; important breakthroughs have been achieved by and for women in law, politics, and economics. Today, however, we witness movements in the opposite direction, such as a masculinist political revival in different parts of the world, the spread of the neoliberal myth of the Super Woman, the rise of transnational networks of trafficking in women and children, and a new international Jihadism. This suggests that patriarchy is indeed a Hydra, a multi-headed monster that grows several new heads every time one head is cut off. Since different, often hybrid, heads of patriarchy dominate in different settings, feminism requires a variety of strategies. Women's movements all over the world today are critically creating new models of self and society in their own contexts. Drawing on notions of Beauvoir as well as Michel Foucault, this book outlines a feminism in a new key, which consists of women's various freedom practices, each hunting the Hydra in their own key but with mutual support.

The Philosophy of Simone de Beauvoir Debra B. Bergoffen, 1997-01-01 Challenges Beauvoir's self-portrait and argues that she was a philosopher in her own right. *Revolt of the Second Sex* Julie Ellis, 1970 **An Analysis of Simone de Beauvoir's The Second Sex** Rachele Dini, 2017-07-05

Simone de Beauvoir's 1949 book *The Second Sex* is a masterpiece of feminist criticism and philosophy. An incendiary take on the place of women in post-war French society, it helped define major trends in feminist thought for the rest of the 20th century, and its influence is still felt today. The book's success owes much to Beauvoir's brilliant writing style and passion, but both are rooted in the clarity of her critical thinking skills. She builds a strong argument against the silent assumptions that continually demoted and still demote women to second place in a society dominated by men. Beauvoir also demonstrates the central skills of reasoning at their best, presenting a persuasive case, organising her thoughts, and supporting her conclusions. Above all, though, *The Second Sex* is a masterclass in analysis. Treating the structures of contemporary society and culture as a series of arguments that tend continuously to demote women, Beauvoir is able to isolate and describe the implicit

assumptions that underpin male domination Her demolition of these assumptions provides the crucial ammunition for her argument that women are in no way the second sex but are in every way the equal of men **Translating Simone de Beauvoir's *The Second Sex*** Julia C. Bullock, Pauline Henry-Tierney, 2023-05-19 This collection offers insights into the transnational and translingual implications of Simone de Beauvoir's *Le Deuxième Sexe* *The Second Sex* a text that has served as foundational for feminisms worldwide since its publication in 1949 Little scholarly attention has been devoted to how the original French language source text made its way into languages other than English This is a shocking omission given that many but by no means all other translations were based on the 1953 English translation by Howard M. Parshley which has been widely criticized by Beauvoir scholars for its omissions and careless attention to its philosophical implications This volume seeks to fill this gap in scholarship with an innovative collection of essays that interrogate the ways that Beauvoir's essay has shifted in meaning and significance as it has travelled across the globe This volume brings together for the first time scholars from Translation Studies Literary Studies and Philosophical Studies and over half of it is dedicated to non Western European engagements with *Le Deuxième Sexe* including chapters on the Chinese Japanese Arabic Hungarian and Polish translations As such this collection will be essential to any scholar of Beauvoir's philosophy and its contributions to feminist discourses *The Bonds of Freedom* Kristana Arp, 2001 *The Bonds of Freedom* is the first full scale analysis of Beauvoir's existentialist ethics as laid out in her important work *The Ethics of Ambiguity* written in 1946 Kristana Arp traces the central themes of Beauvoir's ethics back to her earlier philosophical essays and to literary works such as *The Blood of Others* and *All Men Are Mortal* Drawing from the thought of Husserl Heidegger Sartre and Merleau-Ponty Beauvoir developed her own distinctive version of existentialism throughout these works **BOOK JACKET** [The Sexual Revolution in Modern American Literature](#) I. Glicksberg, 2012-12-06 1 *The Dialectic of the Sex Motif in Literature* Sex is a function of culture in literature today it plays only a small though aggressively righteous part Nature long held in bondage periodically breaks out in revolt but its victory is never complete In every society primitive as well as modern the sexual instinct is for good or evil always subject to some measure of regulation and restraint In literature where the battle between love and sex spirit and flesh is fought out in terms of symbolic action the writers support their cause for or against sexual freedom with varying degrees of evangelical ardor and outspokenness On this issue there is no unanimity for the simple reason that American culture is not unified in its beliefs concerning the nature of man The central conflict between instinctual needs and the claims of the ideal between physical desire and the inner check between Dionysus and Christ goes on all the time Sublimation is the cultural process whereby sexual energy is deflected from its biological source and diverted into spiritually higher and socially more useful channels But sublimation is for most men hard to achieve As civilization grows more complex the individual is exposed to a series of increasingly severe moral strains Pitted against Nature while subject to its laws he must henceforth be governed in his behavior by inner as well as outer controls [Candida Royalle and the Sexual](#)

Sex and the Bible

Wylark Day,2002-02-14 Where did the Sexual Revolution come from Why do we in the West believe in Equality for Women when so many older cultures do not What does God really think about Sex The answers to all these questions and more can be found in Sex and the Bible In this book you will learn what the Bible really teaches about Sex You will also discover how the influence of the Bible on attitudes towards human sexuality has led to the very creation of Modern Civilization and peer into the future to see how those same attitudes threaten to destroy it

A World Made Safe for Differences

Christopher Shannon,2001 Shannon locates the ideological origins of current debates about multiculturalism in the pluralist thought of consensus liberalism The emphasis on individualism in contemporary identity politics Shannon suggests must be understood as a legacy of the Cold War liberalism of the 1950s rather than the counterculture radicalism of the 1960s

Sex, Love, and Letters

Judith G. Coffin,2020-09-15 When Judith G Coffin discovered a virtually unexplored treasure trove of letters to Simone de Beauvoir from Beauvoir's international readers it inspired Coffin to explore the intimate bond between the famed author and her reading public This correspondence at the heart of Sex Love and Letters immerses us in the tumultuous decades from the late 1940s to the 1970s from the painful aftermath of World War II to the horror and shame of French colonial brutality in Algeria and through the dilemmas and exhilarations of the early gay liberation and feminist movements The letters also provide a glimpse into the power of reading and the power of readers to seduce their favorite authors The relationship between Beauvoir and her audience proved especially long intimate and vexed Coffin traces this relationship from the publication of Beauvoir's acclaimed The Second Sex to the release of the last volume of her memoirs offering an unfamiliar perspective on one of the most magnetic and polarizing philosophers of the twentieth century Along the way we meet many of the greatest writers of Beauvoir's generation Hannah Arendt Dominique Aury author of The Story of O Fran ois Mauriac winner of the Nobel Prize and nemesis of Albert Camus Betty Friedan and of course Jean Paul Sartre bringing the electrically charged salon experience to life Sex Love and Letters lays bare the private lives and political emotions of the letter writers and of Beauvoir herself Her readers did not simply pen fan letters but as Coffin shows engaged in a dialogue that revealed intellectual and literary life to be a joint and collaborative production This must happen to you often doesn't it wrote one That people write to you and tell you about their lives

The Sexual Revolution in Modern English

Literature Ch.I. Glicksberg,2013-03-09 The study of its literature is a useful guide to the degree of sexual security existing in a culture When a future historian comes to treat of the social taboos of the nineteenth and twentieth centuries in a fourteen volume life work his theories of the existence of an enormous secret language of bawdry and an immense oral literature of obscene stories and rhymes known in various degrees of initiation to every man and woman in the country yet never consigned to writing or openly admitted as existing will be treated as a chimerical notion by the enlightened age in

which he writes If I were asked to name some characteristics typical of the mid 20th century I would put first the uncritical worship of money the spread of nationalism the tyranny of the orgasm the homosexual protest and the apotheosis of snobbery Money sex and social climbing motivate society The English are on the whole an inhibited people They have a basic prudery and gaucheness in sex matters which sets them apart from almost every other nation in Europe In England the realisation that many of the restraints and taboos of Victorian times are unnatural and even psychologically harmful combined with the decline of organized religion has led to a considerable laxity in sex matters particularly since World War II

1 Situating Existentialism Jonathan Judaken, Robert Bernasconi, 2012 This anthology provides a history of the systemization and canonization of existentialism a quintessentially antisystemic mode of thought Situating existentialism within the history of ideas it features new readings on the most influential works in the existential canon exploring their formative contexts and the cultural dialogues of which they were a part Emphasizing the multidisciplinary and global nature of existential arguments the chosen texts relate to philosophy religion literature theater and culture and reflect European Russian Latin American African and American strains of thought Readings are grouped into three thematic categories national contexts existentialism and religion and transcultural migrations that explore the reception of existentialism The volume explains how literary giants such as Dostoevsky and Tolstoy were incorporated into the existentialist fold and how inclusion into the canon recast the work of Kierkegaard and Nietzsche and it describes the roles played by Jaspers and Heidegger in Germany and the Paris School of existentialism in France Essays address not only frequently assigned works but also underappreciated discoveries underscoring their vital relevance to contemporary critical debate Designed to speak to a new generation s concerns the collection deploys a diverse range of voices to interrogate the fundamental questions of the human condition Love and revolution Matt York, 2023-03-21 Based on award winning research Love and revolution brings classical and contemporary anarchist thought into a mutually beneficial dialogue with a global cross section of ecological anti capitalist feminist and anti racist activists discussing real life examples of the loving caring relations that underpin many contemporary struggles Such a r evolutionary love is discovered to be a common embodied experience among the activists contributing to this collective vision manifested as a radical solidarity as political direct action as long term processes of struggle and as a deeply relational more than human ethics This book provides an essential resource for all those interested in building a free society grounded in solidarity and care and offers a timely contribution to contemporary movement discourse **On the Nature of Human Sexual Difference: A Symposium** Timothy Paul Fortin, 2024-11-05

This work offers a symposium on the nature of human sexual difference drawing on Plato s masterpiece having explored the observed phenomena of sexual difference four stories are told of the origins essence and ends of the human male and female First the evolutionists and then Simone de Beauvoir and Judith Butler present their accounts Next a fourth and unique vision for our age is added the thought of Thomas Aquinas is placed in dialogue with the evolutionists Beauvoir and Butler thereby

introducing into contemporary discourse a voice that is both ancient and new The work seeks to trace each protagonist's account to its fonts so providing a perspective from which various streams of thought might be understood both in their divergence and common origins It thus hopes to offer a common language and an interpretive key in a realm where confusion and misunderstanding too often reign

The Berkeley Literary Women's Revolution Marsha Hudson, Bridget Connelly, Doris Earnshaw, 2005 Even during the late 1960s academia remained largely the province of men That began to change at the University of California at Berkeley in 1969 when Marsha Hudson posted notices across campus proposing a feminist literary salon The purpose was to discuss women's literature a few female writers received passing notice in the classroom but the multitude was either ignored or forgotten The informal gatherings continued for years growing into an activist movement that established the first Women's Studies major at Berkeley helped produce the first major anthologies of women's poetry and fought for equality and recognition in every corner of the education system They risked their academic futures in the process but the efforts of those women and others helped change the face and shape of higher learning forever These 16 essays were written by members of Marsha's Salon and its successors the Comparative Literature Women's Caucus a group of female graduate students at UC Berkeley organized in 1969 by Marsha Hudson The group met for years and helped lead the charge to bring sexual equality to all facets of education These annotated essays recount the atmosphere of the time that made change necessary the upheaval brought about by the feminist revolution in education the direction that the movement took and the current state of feminist learning in academia An appendix features period letters and documents from group members regarding the need for changes at Berkeley as well as statistical information about women's studies and related subjects

Women's Liberation and the Dialectics of Revolution Raya Dunayevskaya, 1996 This collection of 35 years of Dunayevskaya's writings based on active participation interviews and meetings develops the dialectics of revolution which emerges from masses in motion including not only women and men but the forces of labour youth the black dimension and women's liberation
