Shafer, 2016-04-15 Poet actor playwright surrealist drug addict asylum inmate Antonin Artaud 1896 1949 is one of the twentieth century's most enigmatic personalities and idiosyncratic thinkers In this biography David A Shafer takes readers on a voyage through Artaud's life which he spent amid the company of France's most influential cultural figures even as he stood apart from them Shafer casts Artaud as a person with tenacious values Even though Artaud was born in the material comfort of a bourgeois family from Marseille he uncompromisingly rejected bourgeois values and norms Becoming famous as an actor director and author he would use his position to challenge contemporary assumptions about the superiority of the West the function of speech the purpose of culture and the individual's agency over his or her body In this way as Shafer points out Artaud embodied the revolutionary spirit of France And as Shafer shows although Artaud was immensely productive he struggled profoundly with his creative process hindered by narcotics addiction increasing paranoia and an overwhelming sense of alienation Situating Artaud's contributions within the frenzy of his life and that of the twentieth century at large this book is a compelling and fresh biography that pays tribute to its subject's lasting cultural reverberations

Re: Direction Gabrielle Cody, Rebecca Schneider, 2013-09-13 Re: Direction is an extraordinary resource for practitioners and students on directing. It provides a collection of ground-breaking interviews, primary sources, and essays on 20th-century directing theories and practices around the world. Helpfully organized into four key areas of the subject, the book explores theories of directing, the boundaries of the director's role, the limits of categorization, the history of the theatre and performance art. Exceptionally useful and thought-provoking introductory essays by editors Schneider and Cody guide you through the wealth of materials included here. Re: Direction is the kind of book anyone interested in theatre history should own and which will prove an indispensable toolkit for a lifetime of study. Towards Embodied Performance Rachel Dickstein, 2024-06-07 Towards Embodied Performance invites directors and other generative performance makers to experiment with making their own original, visually stunning, sonically immersive, and physically rigorous embodied performance. Through historical context, the author's 30-plus years of experience, and original interviews with leading theatre artists, this book sets the stage for a new generation of artists building boundary-breaking work. Directors are often categorized into one of only two frameworks: the Stanislavskian director whose method is based on text analysis and character wants and needs, and the auteur director whose work might focus on visual spectacle at the expense of text or character objectives. This book argues that the director of embodied performance fuses these two approaches, acting as the author of the event. In Part I, readers will explore the core elements of embodied performance: space, time, body, language, and action, through a lens that bridges traditional directing methodology with experimental, devised, collaborative theatre-making. Part II provides examples of this embodied practice by multi-disciplinary artists in visual and sound installation, video, and film, dance, theatre, and new music opera, including such artists as Shirin Neshat, James Turrell, Bill T. Jones, Janet Cardiff, Okwui Okpokwasili, William Kentridge, and Heather Christian. Part III suggests creative prompts and exercises for performance makers to engage the visual, physical, textual, and sonic in compositional storytelling on stage. Towards Embodied Performance is an invaluable resource for theatre directors, devisers, and generative artists at all levels, from students to teachers, from early career to mid-career artists. Directors, actors, choreographers, designers, composers, writers, scholars, and engaged audience members can all use this text to explore

collaboratively created performance that invites its audience into the ripest version of the present moment Murder Most Queer Jordan Schildcrout, 2023-06-20 A fascinating look at the shifting meanings of murderous gay characters in American theater over a century *At the Threshold* Rana Esfandiary, 2023-10-20 This book examines the performance strategies used by contemporary Iranian artists and activists to reimagine Iranian ness in the context of Iran s local regional and global position This study identifies the important social and political interventions made by theatrical and performance pieces visual art and electronic music that articulate and reformulate Iranian ness by breaking away from fixed and constructed stereotypes projected on them by both the Islamic regime and Western power This book explores the reception and context within which artworks become meaningful performative acts Looking closely at the works of a notable female Iranian photographer Shadi Ghadirian in conjunction with the new generation of Iranian nonconformist artists such as Tahmineh Monzavi and Hedieh Ahmadi the visionary theatre productions of Ali Akbar Alizad and radically untraditional sound noise of the electronic music movement in Tehran this book calls attention to the Iran based artists who are tirelessly trying to raise awareness regarding the political violence imposed on Iranian identity at the legal top down and everyday bottom up levels This volume will be of great interest to student and scholars in theatre and performance photography art music sociology and politics
