Scrovegni Chapel In Padua The:

Giotto Bruce Cole, 1993 Thirty miles to the southwest of Venice in a small park in Padua lies a modest red brick building the Scrovegni or Arena Chapel that contains one of the jewels of Early Renaissance art the most extensive fresco cycle by Giotto Perfectly preserved it established Giotto's genius for displacing the Byzantine style of painting and introducing the fundamental principles of Renaissance humanism into art Painted around 1306 the nearly forty large frescoes that cover the walls and ceiling of the Chapel tell stories from the lives of the Virgin Christ and the Virgin's parents Sts Joachim and Anne Created with a subtle yet brilliant array of colors shimmering blues golden reds subtle ivories these easy to read narrative panels have remained comprehensible and evocative to viewers for generations this may be because unlike much of the art that preceded Giotto his images contain sacred figures that behave in human ways bodies as well as faces that register human feelings familiar to us all The Scrovegni Chapel is Giotto's masterpiece it established him as the most famous artist of his day not only in Italy but in all of Europe It is little wonder that the art of Giotto has held the attention of Western civilization for over half a millennium Bookjacket *The Scrovegni Chapel in Padua* Anna Maria Spiazzi, 1993

Iconographic Atlas of Giotto's Chapel, 1300-1305 Claudio Bellinati, 2003 Giotto di Bondone is best known for the frescoes he painted in the Arena Chapel Padua his best preserved work In this exquisite magnificently illustrated volume Claudio Bellinati's texts help the reader to discover the literal poetic and artistic significance of every scene *The Usurer's Heart* Anne Derbes, Mark Sandona, 2008 At the turn of the fourteenth century Enrico Scrovegni constructed the most opulent palace that the city of Padua had seen and he engaged the great Florentine painter Giotto to decorate the walls of his private chapel 1303-5 In that same decade Dante consigned Enrico's father a notorious usurer to the seventh circle of hell The frescoes rank with Dante's Divine Comedy as some of the great monuments of late medieval Italian culture and yet much about the fresco program is incompletely understood Most traditional studies of the Arena Chapel have examined the frescoes as individual compositions largely divorced from their original context almost as if they were panels detached from an altarpiece and hung on a museum wall for the viewing pleasure of the connoisseur Anne Derbes and Mark Sandona in contrast consider each image as part of an intricate network of visual and theological associations comparable to that of Dante's poem The authors show how this remarkable ensemble of paintings offers complex meanings meanings shaped by several interested parties patron confessor and painter The Usurer's Heart pieces together new historical evidence on the chapel's origins and describes the fresco program as in part an attempt to ameliorate the Scrovegni family's reputation It interprets the chapel's fresco program and the chapel's place in the heart of an ambitious and guilt-ridden moneylender *A World History of Art* Hugh Honour, John Fleming, 2005 Over two decades this art historical tour de force has consistently proved the classic introduction to humanity's artistic heritage From our paleolithic past to our digitised present every continent and culture is covered in an articulate and well balanced discussion In this Seventh Edition the text has been revised to embrace

developments in archaeology and art historical research while the renowned contemporary art historian Michael Archer has greatly expanded the discussion of the past twenty years providing a new perspective on the latest developments The insight elegance and fluency that the authors bring to their text are complemented by 1458 superb illustrations half of which are now in colour These images together with the numerous maps and architectural plans have been chosen to represent the most significant chronological regional and individual styles of artistic expression
