Sculpting Space Barry A Berkus:

Sculpting Space Barry A. Berkus, 2002 Berkus's custom residences bring to life the personalities and programmes of their clients. Rather than reiterating a signature style, Berkus approaches the design of a home as a collaborative process. Together the client and architect explore the needs. **Steven Ehrlich Architects** Michael Webb, 2002 Founded in 1970 Steven

Ehrlich Architects is a twenty person architectural team whose office is a converted dance hall in Culver City, California. This award-winning firm is internationally recognised for its distinctive residential designs that extend Los Angeles' tradition of architectural innovation, fusing technology with cultural and environmental sensitivity. This fine volume details Ehrlich's most famous projects and includes floorplans, delightful photographs and textual accompaniment by renowned architecture and design writer Michael Webb. **SELLING POINTS** Features the best work from this renowned architect culled from a career spanning decades. Showcases state-of-the-art architectural photography by the finest in the field. Blends some of the architect's original sketches with detailed floor plans and fantastic digital images. 122 col 91 b/w **Pure Form** Ivan Rijavec, 2000

Ivan Rijavec is an Australian architect based in Melbourne who continues to produce work that astounds both his peers and the wider community. Though commentators find it difficult to categorise and explain his work, images are the most reliable source with which to describe it; are only a few of the terms that have been used to describe the work of this remarkable architect. Rijavec likens the design process to a movie: 'I see my work as a strip of film that keeps changing in the viewer's mind. The appearance changes according to one's vantage point, giving inner life to the structure. If only all movies were this good.'

Interior Spaces of the USA and Canada Images, 2002 The international design community looks to *Interior Spaces of the USA and Canada* with great anticipation. In many ways it is akin to an address about the state of the union. It is very much a statement about where interior design is going in the United States. **Architecture/Art/Parallels/Connections** Barry A.

Berkus, 2000 Looks at the parallels between works of art that are often separated by long periods of time or spatial context.

Enjoying the Beat of Expression: An Emotional Symphony within **Sculpting Space Barry A Berkus**

In some sort of eaten by displays and the ceaseless chatter of quick conversation, the melodic beauty and emotional symphony produced by the published word usually diminish in to the background, eclipsed by the persistent noise and disruptions that permeate our lives. Nevertheless, located within the pages of **Sculpting Space Barry A Berkus** a stunning literary prize filled with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by an outstanding musician of language, that fascinating masterpiece conducts readers on a mental journey, well unraveling the concealed melodies and profound impact resonating within each cautiously crafted phrase. Within the depths with this emotional examination, we can examine the book is key harmonies, analyze its enthralling writing fashion, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.
