Sea Assault The Sinking Of Japans Secret Supership:

Twilight of the Gods Ian W. Toll, 2020-09-01 New York Times Bestseller No one has told the story of World War II in the Pacific from beginning to bitter end better than Ian W Toll This final volume concludes a brilliant trilogy Alex Kershaw New York Times best selling author of *The First Wave* and *Avenue of Spies* In June 1944 the United States launched a crushing assault on the Japanese navy in the Battle of the Philippine Sea The capture of the Mariana Islands and the accompanying ruin of Japanese carrier airpower marked a pivotal moment in the Pacific War No tactical masterstroke or blunder could reverse the increasingly lopsided balance of power between the two combatants The War in the Pacific had entered its endgame Beginning with the Honolulu Conference when President Franklin Delano Roosevelt met with his Pacific theater commanders to plan the last phase of the campaign against Japan *Twilight of the Gods* brings to life the harrowing last year of World War II in the Pacific when the U S Navy won the largest naval battle in history Douglas MacArthur made good his pledge to return to the Philippines waves of kamikazes attacked the Allied fleets the Japanese fought to the last man on one island after another B 29 bombers burned down Japanese cities and Hiroshima and Nagasaki were vaporized in atomic blasts Ian W Toll s narratives of combat in the air at sea and on the beaches are as gripping as ever but he also reconstructs the Japanese and American home fronts and takes the reader into the halls of power in Washington and Tokyo where the great questions of strategy and diplomacy were decided Drawing from a wealth of rich archival sources and new material *Twilight of the Gods* casts a penetrating light on the battles grand strategic decisions and naval logistics that enabled the Allied victory in the Pacific An authoritative and riveting account of the final phase of the War in the Pacific *Twilight of the Gods* brings Toll s masterful trilogy to a thrilling conclusion This prize winning and best selling trilogy will stand as the first complete history of the Pacific War in more than twenty five years and the first multivolume history of the Pacific naval war since Samuel Eliot Morison s series was published in the 1950s

World War II at Sea Spencer C. Tucker, 2011-11-10 The war at sea was a key aspect of World War II one that is too often under studied This comprehensive encyclopedia shares current understandings of the struggle to control the seas during that conflict and it opens our eyes to the reasons sea power continues to be of critical importance today Scholarly treatment of World War II is constantly changing as new materials inform new interpretations At the same time current military operations lead to reevaluation of the tactics and technologies of the past Marshalling the latest information and insights into this epic conflict *World War II at Sea* An Encyclopedia will enable students and other interested readers to explore specific naval engagements while also charting the transformation of naval history through innovations in ordnance In treating the naval aspects of World War II this two volume ready reference enhances the understanding of a part of the war that is often overshadowed by the fighting on land and in the air The encyclopedia focuses on the events individuals organizations and ideas that shaped the world s navies during World War II as well as the resultant battles that changed naval history It also covers the numerous innovations that occurred during the

conflict and shows how strategies evolved and were executed

The Japanese Submarine Force and World War II

Akihiko Yoshida, 2013-01-15 When first published in 1995 this book was hailed as an absolutely indispensable contribution to the history of the Pacific War Drawing heavily from Japanese sources and American wartime intercepts of secret Japanese radio messages a noted American naval historian and a Japanese mariner painstakingly recorded and evaluated a diverse array of material about Japan's submarines in World War II The study begins with the development of the first Japanese 103 ton Holland type submergible craft in 1905 and continues through the 1945 surrender of the largest submarine in the world at the time the 5300 ton I 400 class that carried three airplanes Submarine weapons equipment personnel and shore support systems are discussed first in the context of Japanese naval preparations for war and later during the war Both successes and missed opportunities are analyzed in operations ranging from the California coast through the Pacific and Indian Oceans to the coast of German occupied France Appendixes include lists of Japanese submarine losses and the biographies of key Japanese submarine officers Rare illustrations and specifically commissioned operational maps enhance the text

Out of the Depths Alan G. Jamieson, 2024-08-12 A highly illustrated voyage through shipwrecks ancient and contemporary Out of the Depths explores all aspects of shipwrecks across four thousand years examining their historical context and significance showing how shipwrecks can be time capsules and shedding new light on long departed societies and civilizations Alan G Jamieson not only informs readers of the technological developments over the last sixty years that have made the true appreciation of shipwrecks possible but he also covers shipwrecks in culture and maritime archaeology their appeal to treasure hunters and their environmental impacts Although shipwrecks have become less common in recent decades their implications have become more wide ranging since the 1960s foundering supertankers have caused massive environmental disasters and in 2021 the blocking of the Suez Canal by the giant container ship Ever Given had a serious effect on global trade

USN Submarine vs IJN Aircraft Carrier Mark Lardas, 2025-01-16 Fully illustrated this book pits US Navy submarines against the aircraft carriers of the Imperial Japanese Navy at the height of World War II Before World War II the world's navies envisioned the submarine as a tool to hunt and kill cruisers and capital ships aircraft carriers and battleships Instead they became best known for their abilities as commerce raiders Yet hunting capital ships remained an important auxiliary role for the US submarine force in World War II Featuring specially commissioned artwork and mapping alongside carefully chosen archive illustrations this absorbing study focuses on five revealing battles between US submarines and Japanese aircraft carriers during 1942-44 At first a combination of factors bad torpedoes poor US tactics and plain bad luck foiled every US submarine attack on a Japanese capital ship in 1942 and 1943 But over the space of six months in 1944 from June through November of that year US submarines sank three of Japan's largest aircraft carriers as well as a battleship Thereafter Japanese capital ships clung to port or sheltered waters beyond the reach of submarines In this book Mark Lardas explains how the technologies and procedures employed by both sides helped to determine the victor in five revealing

clashes from the battle of Midway in June 1942 to the sinking of Shinano the largest warship sunk by a submarine in November 1944 The Bravest Man William Tuohy,2009-03-04 There s no margin for mistakes in submarines You re either alive or dead Richard O Kane Hailed as the ace of aces captain Richard O Kane winner of the Congressional Medal of Honor for his consummate skill and heroism as a submarine skipper sank more enemy ships and saved more downed fliers than anyone else Now Pulitzer Prize winning author William Tuohy captures all the danger the terror and the pulse pounding action of undersea combat as he chronicles O Kane s wartime career from his valiant service as executive officer under Wahoo skipper Dudley Mush Morton to his electrifying patrols as commander of the USS Tang and his incredible escape with eight other survivors after Tang was sunk by its own defective torpedo Above all The Bravest Man is the dramatic story of mavericks who broke the rules and set the pace to become a new breed of hunter killer submariners who waged a unique brand of warfare These undersea warriors would blaze their own path to victory and transform the Silent Service into the deadliest fighting force in the Pacific Fighting for Freedom ,1990 **World War II** Spencer C. Tucker,2016-09-06 With more than 1 700 cross referenced entries covering every aspect of World War II the events and developments of the era and myriad related subjects as well as a documents volume this is the most comprehensive reference work available on the war This encyclopedia represents a single source of authoritative information on World War II that provides accessible coverage of the causes course and consequences of the war Its introductory overview essays and cross referenced A Z entries explain how various sources of friction culminated in a second worldwide conflict document the events of the war and why individual battles were won and lost and identify numerous ways the war has permanently changed the world The coverage addresses the individuals campaigns battles key weapons systems strategic decisions and technological developments of the conflict as well as the diplomatic economic and cultural aspects of World War II The five volume set provides comprehensive information that gives readers insight into the reasons for the war s direction and outcome Readers will understand the motivations behind Japan s decision to attack the United States appreciate how the concentration of German military resources on the Eastern Front affected the war s outcome understand the major strategic decisions of the war and the factors behind them grasp how the Second Sino Japanese War contributed to the start of World War II and see the direct impact of new military technology on the outcomes of the battles during the conflict The lengthy documents volume represents a valuable repository of additional information for student research Sea Assault Joseph Enright,2000-10-15 During the Pacific leg of World War II the U S Navy struck an astounding blow to the Japanese a defeat which would become one of the greatest David and Goliath stories in the history of warfare Japan s Shinano was a mammoth 72 000 ton aircraft carrier equipped with a huge arsenal of guns and carrying some 4 000 men Yet a small U S submarine the Archer Fish less than a thirtieth the size of Shinano and carrying just 82 men managed to sink the gargantuan vessel into the embattled Pacific with just four strategically placed torpedoes Here vividly told by the Commander of the Archer Fish is the incredible

true story of this crushing victory and a fascinating account of heroism history and warfare
