Jane Raggedfir Was a Dike Steven Kladstrup,2022-09-08 Early Readers Praise For Jane Raggedfir Was a Dike a great read funny heroic and frightening a detailed account of a teacher s life laugh out loud storytelling heartfelt funny and eye opening If you are a veteran teacher this story will make you laugh And cry And maybe stamp your feet as you curse all the idiots who turned your job into a drive up window for people who simply want things their way If you re thinking about a career as a public school teacher in the United States reading this book may make you think twice Jane Raggedfir is an in your face heads up on what you ll truly be facing once you re on the job Written as a set of novels spanning the course of a veteran teacher s last year on the job Jane Raggedfir s story will have you laughing when you re not crying pondering when you re not simply appalled and in the end sympathizing with the people who are serving on the real world front lines we call classrooms doing their best to fight the good fight That s because this is the story of how impossible it is to actually be a teacher nowadays In Volume 1 Back to School you ll start learning about All the sacrifices All the endless expectations All the

so called leadership All the incompetence All the secrets All the compromises All the competition All the merciless scrutiny All the blame All the unfairness And last but not least all the consequences Inspired by issues and practices in the real world of education this first volume Back To School is your introduction to Jane Raggedfir a high school teacher who spent the last years of her career trying to hold back the waters of ignorance and save a troubled teen only to fail spectacularly thanks to all the hypocrisy and short sightedness that has too often turned public education into a fragmented fear based nightmare of self serving competition and back biting disrespect Get ready to experience the non public side of public education as Jane deals with the system and the system in turn deals with her Likewise get ready to learn the secrets that the rest of the staff doesn't know about Mrs Raggedfir like the truth that she is anything but safe in the classroom and is in fact disabled in a way that no one else can ever fully understand So if you're an admin in an American public school go ahead and burn this book right now before it challenges your tried and true ways of operating If you're simply on the outside looking in i.e. an interested party who wants to know why teachers and teaching seem so messed up these days this series will offer you plenty of insight into what's been going on particularly in some of the best schools No matter where you're coming from Jane Raggedfir will take you places you haven't been before in any other book about teaching Instead of all the rah rah rose colored I just love teaching stories Jane's journey will have you howling and shaking your head even as it clues you in on how compromised the profession really is and where many of the dark closets in your own local schools can be found Please Note This is Volume 1 of a planned series While this first volume stands on its own as a humorous and painful example of what it's really like for teachers when a school year is about to get underway it is also intended as an invitation to readers to come back for the rest of the story as additional volumes are released Volume 1 Back To School includes Prologue The Edge Part 1 The Dog Days of August Part 2 Workshop Week
