Search For God:

A Search for God Carmine G. Barba, 2004 Should the act of creation by God be taken i.e. can it be considered in a light other than that of religion Indeed is it even possible to view it in terms of facts and knowledge rather than one of faith Virtually all organized religions assume the existence of God as the creator of the universe and all things in it This belief has always taken the form of faith and reason i.e. it is an act of faith and not necessarily one of knowledge which is in effect an assumption of belief rather than one based on scientific fact and unless this belief is brought into the realm of science we can never be certain beyond any doubt that God does indeed exist This author explains how scientific principles can enter into the explanation of God's existence and how the Act of Creation itself comes out of the hiddenness of God's root source of energy and into the open realm of 3 dimensionality **Anselm of Canterbury and the Search for God** John T.

Slotemaker, 2018-03-20 This volume provides a broad interpretation of Anselm's theological method through a study of his Monologion The Monologion has been chosen specifically because of its rich and nuanced account of the search for the one God Through a careful analysis of this text what becomes evident is that Anselm's theological project is much broader than a single argument or a simple account of how divine justice and honor are appeased What one encounters is a theology informed by the notion of the human desire for God and the honest search to come to know God in an intimate way The Monologion therefore will present an entry point into Anselm's theological project The second half of the volume will examine the reception history of Anselm's two most famous philosophical and theological contributions i.e. the ontological argument and the satisfaction theory Anselm is often misunderstood because his approach to theology is reduced to the one argument or a carefully construed calculus of human redemption such readings of Anselm abound and often obscure the Benedictine context within which his thought developed and so a careful reading of Anselm's texts and the history of reception and interpretation will offer a counter narrative to the standard perception of one of the greatest thinkers of Christian history

Searching for God Basil Hume, Basil Hume Osb, 2021-08-02 Looking for God with a monastic master in contemplative prayer **Searching for God** Gregory C. Higgins, 2014 Searching for God draws upon the traditional categories of systematic theology as it guides readers through the Catholic theological thought process involved in the search for God At each step we examine the work of a past thinker from the time of the early church up to the early twentieth century and a present thinker whose works are often required reading in theology courses Not only do readers have the opportunity to critically evaluate several important theological works in the Catholic tradition they can also enter into dialogue with those works as they engage in their own search for God Provided by publisher One Man's Search for God Rex L.

Sample, 2019-09-06 How does a Christian whose faith has been shaken by a highly secularized world find his way back to faith This book traces the autobiographical journey of one man's search for God and then attempts to help other Christians who have lost their way find their way back to the Father Searching for God Francis L. Gross, 1989 A practical book for

making good second starters in prayer morality choice of church and questions of religious content Searching for God is more concerned with choosing a good church than it is in finding the one true church It presents prayer as the beginning of contact with God and love as the foundation of morality **A Search for God in Time and Memory** John S. Dunne,1975

Searching For God And Finding Allah Gene Netto,2019-11-19 What does Islam say about Christianity Jesus the Trinity the Holy Bible and Almighty God What does Islam say about the Absolute Truth of Islam the Prophet Muhammad and the Holy Qur'an also spelled Koran If there is only One Almighty God then Christians and Muslims must be praying to the same God So what are the differences between the two religions and why do Muslims reject Christianity the Bible and Jesus as the Son of God but still accept Jesus as a prophet of God For non devout and ex Christians this book will explain the problems with Christianity from an Islamic perspective It will also explain that the Prophet Muhammad was sent to replace Jesus as the next person in a succession of prophets that started with the Prophet Adam and finished with the Prophet Muhammad For Muslims who grew up without a strong religious education this book will explain that all religions are not the same that Christianity is no longer valid or accepted by God and that we should use the logical brains that God gave us to understand Islam In this book you will discover that Islam is simply the continuation of Judaism and Christianity that Islam is the One True Religion of Almighty God and always has been since the time of Adam and Eve and that the Prophet Muhammad is the next messenger and also the Final Messenger from God that Jesus promised to his followers Gene Netto **Searching for God, the Precious Treasure, in My Daily Life** Reverend Peter G. Vu,2019-03-26 In an increasingly tumultuous world knowing God is by your side can make an enormous difference bringing strength comfort and peace In Searching for God the Precious Treasure in My Daily Life Rev Peter G Vu helps you see God's presence in everyday events and find the encouragement necessary to thrive in times of challenge Through prayer acts of charity and interactions with others you will see that God is before you behind you and all around you a benevolent guiding force to help you walk the path of the righteous A portion of the proceeds from book sales will benefit the American Red Cross and the Catholic Relief Services in addition to other charities Searching for God, Finding Love Teresa Leshner,2024-02-09 Searching for God not only offers an inspiring emotional insight to the author's journey to and through Islam it beautifully maps out Islamic principles in an understandable and relatable way Truly a five star read Ameena Blake Muslim scholar UK A story of a Christian who always carried Islam unknowingly in her heart until she finally discovered it then artistically crafted her experience with a feather Rarely does a book touch my heart and inspire me like that Fadel Soliman Bridges Translation of the Ten Qira'at of the Noble Quran One of my earliest memories is of contemplating God I was a freckle faced girl of five sitting quietly in catechism class when the teacher casually said God is bigger than everything The words hit me like a blast force The classroom disappeared the teacher's voice muted and I gasped at the revelation Bigger than the tallest tree in the yard Bigger than a mountain Bigger than the world The enormity of God impressed me but I couldn't help wondering If He is bigger than anything where

is He In this inspirational memoir Teresa Lesher shares her search for God She explores factors that have made her who she is as well as influencers who shape who she aspires to be and who lead her in her quest for the Divine She dissects basic concepts that have been essential for her understanding of God as well as paradigms that shape her experience of Him She shares her journey along the Divine Path and closer to Divine Presence through expressions of submission to Him This quest for God takes her to her innermost self and ends with a discovery of life an understanding of love and a commitment to truth
