Searching for Sam Timothy S. Johnson, 2000 **Shadows of Tyranny** Ken McGoogan, 2024-08-24 Bestselling historian and author Ken McGoogan delves into dictatorships of the twentieth century to sound this crucial alarm about the possibility of democratic collapse in the United States and its implications for Canada Twentieth century novels such as George Orwell's 1984 and Margaret Atwood's *The Handmaid's Tale* produced visions of future dystopia that rang with echoes of past tyrannies Always implied was a warning that history's worst chapters are never truly closed and that we must not fail as many of our forebears did to recognize that the threat of totalitarianism cannot simply be wished away *Awakening to Invasion* an alarming and engrossing work of non fiction from acclaimed Canadian author Ken McGoogan draws on this sense of looping history to show how figures like Donald Trump replay many aspects of the authoritarianism that spread in the middle of the last century Calling not only on Orwell and Atwood but also on H G Wells Yevgeny Zamyatin Jack London and Hannah Arendt McGoogan traces the ways democracy succumbed to paranoia polarization scapegoating and demagoguery less than a hundred years ago These same forces he argues are now driving a far right movement in the United States that seems devoted to using Trump's warped charisma as a wrecking ball to clear the way for autocracy that closely resembles the dictatorships that stoked the Second World War With this prospect McGoogan's central questions become all the more pressing How should Canadians respond officially and individually to the possibility of democratic collapse in our powerful neighbour to the south Is talk of manifest destiny from right wing American firebrands like Tucker Carlson just chatter for the sake of notoriety Or is it a hint of the expansionist urges that always lie at the heart of authoritarianism and that may one day point the American military machine in our direction on the pretext of liberating us In the cautionary spirit of earlier visionary works *Awakening to Invasion* offers a galvanizing image of a dark possible future as well as an urgent call to act in the belief that we still have the time and ability to ward it off **Wounded Masculinity and the Search for (Father) Self**

in American Film Susan Mackey-Kallis, Brian Johnston, 2023-12-12 Drawing on texts and theorists of Greek myth psychoanalysis and masculinities Susan Mackey Kallis and Brian Johnston develop and offer a model of rhetorical and mythic criticism to analyze popular American film In this book Mackey Kallis and Johnston focus their analysis on films that point to the need for father atonement ego decentering and the resurrection of the lost feminine to heal our collective gendered cultural wounds Many of these mystic films they contend affirm the role of meaningful suffering compassion integration of the feminine self sacrifice and transcendence as antidotes to the inevitable woundedness of the human condition Ultimately the authors argue for the importance of digging into the substance of cultural wounds rather than superficially suturing them over to change the conversation about woundedness and provide a roadmap for healing gendered relations in contemporary American culture The book concludes with a discussion of Joseph Campbell's interpretation of the metaphorical power of myth and its transcendent function to argue for a theory of us rather than a theory of us versus them Scholars of film gender
