Wallops Island Nan DeVincent-Hayes, Bowen Bennett, 2001 Located in Accomack County on Virginia s Eastern Shore Wallops Island was once a primitive swath of land uncivilized but by the wild ponies and mosquitoes that made its scrub covered shores their home But as the centuries passed the wildness of the island was radically altered by the influx of colonists then vacationers and eventually some of the brightest scientific minds in the country The history of Wallops Island has been one of transition In the colonial period John Wallop an industrious man and self made millionaire was granted much of the island s acreage by the English Crown for providing assistance to new colonists trying to reach Virginia In 1889 Wallops Island was bought and converted into a vacation destination for a handful of wealthy families from Pennsylvania who in turn sold the island to the federal government in the 1940s Once in the hands of NASA the island was transformed into a center for the high tech development of rockets missiles and the means for space travel From weather balloons and Tiamat missiles to aerodynamics and hurricane research the Wallops Island Flight Facility and its predecessors have been instrumental in the evolution and success of the American space program
