Season On The Earth Selected Poems O:

The Seasons Luke Fischer, David Macauley, 2021-07-01 Although the seasons have been a perennial theme in literature and art their significance for philosophy and environmental theory has remained largely unexplored This pioneering book demonstrates the ways in which inquiry into the seasons reveals new and illuminating perspectives for philosophy environmental thought anthropology cultural studies aesthetics poetics and literary criticism The Seasons opens up new avenues for research in these fields and provides a valuable resource for teachers and students of the environmental humanities The innovative essays herein address a wide range of seasonal cultures and geographies from the traditional Western model of the four seasons spring summer fall and winter to the Indigenous seasons of Australia and the Arctic Exemplifying the crucial importance of interdisciplinary research The Seasons makes a compelling case for the relevance of the seasons to our daily lives scientific understanding diverse cultural practices and politics **The Postcolonial**

Unconscious Neil Lazarus, 2011-06-30 The Postcolonial Unconscious is a major attempt to reconstruct the whole field of postcolonial studies In this magisterial and at times polemical study Neil Lazarus argues that the key critical concepts that form the very foundation of the field need to be re assessed and questioned Drawing on a vast range of literary sources Lazarus investigates works and authors from Latin America and the Caribbean Africa and the Arab world South Southeast and East Asia to reconsider them from a postcolonial perspective Alongside this he offers bold new readings of some of the most influential figures in the field Fredric Jameson Edward Said and Frantz Fanon A tour de force of postcolonial studies this book will set the agenda for the future probing how the field has come to develop in the directions it has and why and how it can grow further Encyclopedia of Literary Modernism Paul Poplawski, 2003-12-30 Modernism is still widely acknowledged as perhaps the most important and influential artistic and cultural phenomenon of the 20th century Written by expert scholars from around the world and covering hundreds of different topics in a clear incisive and critical manner this reference maps the complex field of modernism in a fresh and original way The principal focus of the book is on English language literary modernism and the period 1890 1939 yet many entries extend beyond those parameters to include important precursors and successors of the movement The book also covers the crucial European and interdisciplinary dimensions of modernism and provides complementary comparative perspectives from countries and regions not usually included in traditional accounts of the subject Entries cite works for further reading and the volume closes with a selected general bibliography Orientalism and the Postcolonial Predicament Carol A. Breckenridge, Peter van der Veer, 1993 This book explores the ways in which colonial administrators constructed knowledge about the society and culture of India and the processes through which that knowledge has shaped past and present Indian reality Memories of the Moderns Harry Levin, 1982 Harry Levin's *Memories of the Moderns* originally published by New Directions in 1980 is now presented in New Directions Paperback format This gathering of prose pieces reviews essays lectures introductions personal recollections and

epistles written for the most part during the 1970s combines criticism with reminiscence and is both an exploration of the idea of modernism within the international frame of comparative literature and a valediction By now what was so avant garde experimental difficult and sometimes shocking in the writings of the twentieth century modernists has permanently altered our literature the groundbreakers have become our classics Discussed here are Ezra Pound T S Eliot James Joyce Heinrich and Thomas Mann Hermann Hesse Ernest Hemingway John Dos Passos William Carlos Williams Conrad Aiken Jean Paul Sartre writing on Flaubert Francis Ponge W H Auden Delmore Schwartz Randall Jarrell I A Richards Edmund Wilson Vladimir Nabokov and F O Matthiessen There is as well an opening letter to James Laughlin who published Harry Levin s seminal book on James Joyce in 1941 **The Dial** Francis Fisher Browne,1929 **The Collected Poems of Henry Kirke White** Tim Fulford,2024-07-12 This book is the first ever scholarly edition of one of the bestselling and most revered poets in the nineteenth century a poet excluded from the canon by twentieth century critics A poor youth who died early from tuberculosis Kirke White shaped the popular image of the Romantic artist as a young rebel against convention who is too sensitive to survive in the harsh commercial world As a prodigy who made his incipient death the subject of his tragic poetry he was influential on both sides of the Atlantic on Keats Byron Shelley Browning Emerson and Bryant The edition restores his powerful macabre and prophetic verse to attention and also demonstrates his variety and range It includes a comprehensive introduction discussing the creation of his public image the marketing of his poetry and the impacts he made on nineteenth century poetry on labouring class writing and on publishing history **The Sri Lankan Loxodrome** Will Alexander,2009 A mesmerizing poetry collection by an ecstatic surrealist on imaginal hyperdrive Eliot Weinberger Select Poems of Percy Bysshe Shelley Percy Bysshe Shelley,1908 *Exile* Robert Nichols,1979 With *Exile* Robert Nichols concludes his innovative utopian tetralogy Daily lives in Nghsi Altai Thus far we have peered at this imaginary central Asian land through the eyes of exploring Westerners and the inhabitants themselves learning the ways of both city dwellers and country folk
