Seasons for Your Soul Sheila Cox Gagen, 2012-12-18 Seasons for Your Soul paints pictures for your mind as you reflect on how God is working and moving in your life Sheilas collection of poems psalms and reflections bring a feeling of peace and contentment The author keeps returning to one constant the love and mercy of God No matter where it is in the calendar year you are living through today Whether good or bad happy or sad you are dealing with life on some emotional level How often do you stop to be in tune with your feelings at any given moment Some people are more naturally inclined to relate to their inner selves while others may need to prime the pump Either way this book was brought together for you We pray that whatever type of day you are living you might connect with many pages and stages of life given throughout this book We would love for you to pause a moment each day for thought and reflection and to open up to your feelings The psalmists of the Bible seemed to understand this very process and were unafraid to share all of their feelings with a Holy yet infinitely compassionate God We are all in different places on our paths through this life We pray that you will be blessed with Gods peace and guidance as you move forward toward Him Join us in the journey Taste and see that the Lord is good blessed is the one who takes refuge in him Psalm 34:8

Supernatural Out of the Box Lisa Macklem, Dominick Grace, 2020-07-31 Supernatural is one of the most successful horror TV shows ever providing fifteen seasons of the adventures of Dean and Sam Winchester as they hunt monsters and save the world It has nurtured a passionate fan base which has been far more directly integrated into the show than is typical Wry and self aware Supernatural repeatedly breaks out of the televisual box to acknowledge its fans and its own fictionality Though there have already been several studies of Supernatural this volume is the first to focus extensively and intensively on the show's metafictional elements This essay collection argues that Supernatural is not merely a horror show but is a show about how

horror works as a genre and how fans interact with their favorite material From exploring how the show has equated authorship with divinity to considering its incorporation of fandom and closely reading several key episodes the essays in this volume seek to examine the multiple layers of textuality found in Supernatural
