The Mythology of Dogs Gerald Hausman,Loretta Hausman,1997-12-15 Fascinating stories abound in this magnificent treasure trove of dog stories ranging from beloved shaggy dog tales to rare references from 7th century Tibet to the works of John Steinbeck and Rudyard Kipling Includes accounts of the Maltese who hid under the skirt of Mary Queen of Scots at her beheading a Newfoundland who valiantly tried to save his owner as the TITANIC went down and much more Illustrated throughout Canis Modernis Karalyn Kendall-Morwick,2020-12-15 Modernist literature might well be accused of going to the dogs From the strays wandering the streets of Dublin in James Joyce s Ulysses to the highbred canine subject of Virginia Woolf s Flush dogs populate a range of modernist texts In many ways the dog in the late nineteenth and early twentieth centuries became a potent symbol of the modern condition facing like the human species the problem of adapting to modernizing forces that relentlessly outpaced it Yet the dog in literary modernism does not function as a stand in for the human In this book Karalyn Kendall Morwick examines the human dog relationship in modernist works by Virginia Woolf Jack

London Albert Payson Terhune J R Ackerley and Samuel Beckett among others Drawing from the evolutionary theories of Charles Darwin and the scientific literary and philosophical work of Donna Haraway Temple Grandin and Carrie Rohman she makes a case for the dog as a coevolutionary and coadapting partner of humans As our coevolutionary partners dogs destabilize the human not the autonomous self transparent subject of Western humanism the human is instead contingent shaped by its material interactions with other species By demonstrating how modernist representations of dogs ultimately mongrelize the human this book reveals dogs status both as instigators of the crisis of the modern subject and as partners uniquely positioned to help humans adapt to the turbulent forces of modernization Accessibly written and convincingly argued this study shows how dogs challenge the autonomy of the human subject and the humanistic underpinnings of traditional literary forms It will find favor with students and scholars of modernist literature and animal studies *Dogs Never Lie About Love* Jeffrey Moussaieff Masson,1998-09-08 Dogs fill our hearts with love and our minds with wonder but their emotional lives have remained unexplored since Darwin 125 years ago Now in *Dogs Never Lie About Love* controversial psychoanalyst Jeffrey Masson brilliantly navigates the rich inner landscape of our best friends As he guides readers through the surprising depth of canine emotional complexity Jeffrey Masson draws from myth and literature from scientific studies and from the stories and observations of dog trainers and dog lovers around the world But the stars of the book are the author s own three dogs whose delightful and mysterious behavior provides the way to exploring a wide range of subjects from emotions like gratitude compassion loneliness and disappointment to speculating what dogs dream of and how their powerful sense of smell shapes their perception of reality As he sweeps aside old prejudices on animal behavior Masson reaches into a rich universe of dog feeling to its essential core their master emotion love Like the dogs he loves Masson s writing will capture the reader with its playful mysterious and serious sides Its surprising insights provide a new dimension of understanding for dog owners everywhere **The 100 Silliest Things People Say about Dogs** Alexandra Semyonova,2009 An internationally acclaimed animal behaviourist debunks 100 myths about dogs and replaces them with the truth about canine nature [UNDERSTANDING YOUR DOG](#) Michael Fox,2015-05-13 Dr Fox s classic guide to dog psychology and behavior has been reissued Learn the motivation behind your dog s behavior *Dog's Best Friend* Mark Derr,2004-04 A comprehensive humane and bemused tour of the dog human relationship *Dog s Best Friend* combines anecdote research and reportage to illuminate our complex rapport with our cherished canine companions Tracking our national obsession with an animal that now outnumbers children in American households Mark Derr chronicles the evolution of the culture of the dog from the prehistoric domestication of tamed wolves to the modern horrors of overbreeding and inbreeding Passionate about his subject and intent on sharing his zeal Derr defends dogs with wit and flare producing here a quirky informative and fitting tribute to our love affair with canines big and small **Lincoln Lessons** Frank J.
