Smith, 2014-03-18 Looking at the change in work brought about by globalization this text examines how global competitive pressures in Asia are transforming workplace relations and impacting on strategies of managers as well as the responses and behaviours of trade unions and employees The volume brings together research from Australia and New Zealand as well as from China Japan Malaysia and Singapore to illuminate our understanding of what is actually happening to organizations workforces employee groupings and individual employees as a result of globalization and the intensification of global competition in Pacific Asia

Hong Kong as a Global Business and Financial Hub Tai-Lok Lui, Ingyu Oh, Chris Rowley, 2023-10-10 This book explores the manifold ways that the current confrontations between China and the US and political tensions within the Special Administrative Region SAR has brought Hong Kong to the forefront of emerging political frictions between Beijing and the territory and growing international rivalry between the two powerful nations of the world Unlike the situation in the post WWII decades which witnessed the internationalisation of the Hong Kong economy this New Cold War poses challenges to the SAR s status as a global city and international financial and business centre The enactment

of the National Security Law and the growing presence of Beijing in regulating the SAR's domestic affairs triggered strong reactions from many countries Hong Kong has to bear some of the consequences of measures imposed onto China as a result of current controversies The shadow of China also raises many eyebrows about the prospects of Hong Kong as a free and liberal city And the outbreak of COVID 19 and the concomitant interruption to economic flows and the movement of people further complicate the situation This book will be of great value to students and scholars in the fields such as Economics Sociology and Asia Pacific studies The chapters in this book were originally published in the Asia Pacific Business Review

ASEAN Business in Crisis Mhinder Bhopal, Michael Hitchcock, 2013-01-11 The impact of the Asia crisis has contributed to the debate about the need for regulation of global markets This book outlines the events leading up to and during the Financial Crisis of 1997 and assesses the responses of the financial contagion

Special Issue: Managed in Hong Kong Chris Rowley, 1999

The Appearing Demos Laikwan Pang, 2020-02-11 As the waves of Occupy movements gradually recede we soon forget the political hope and passions these events have offered Instead we are increasingly entrenched in the simplified dichotomies of Left and Right us

and them hating others and victimizing oneself Studying Hong Kong's Umbrella Movement which might be the largest Occupy movement in recent years The Appearing Demos urges us to re-commit to democracy at a time when democracy is failing on many fronts and in different parts of the world The 79 day long Hong Kong Umbrella Movement occupied major streets in the busiest parts of the city creating tremendous inconvenience to this city famous for capitalist order and efficiency It was also a peaceful collective effort of appearance and it was as much a political event as a cultural one The urge for expressing an independent cultural identity underlined both the Occupy movement and the remarkably rich cultural expressions it generated While understanding the specificity of Hong Kong's situations The Appearing Demos also comments on some global predicaments we are facing in the midst of neoliberalism and populism It directs our attention from state based sovereignty to city based democracy and emphasizes the importance of participation and cohabitation The book also examines how the ideas of Hannah Arendt are useful to those happenings much beyond the political circumstances that gave rise to her theorization The book pays particular attention to the actual intersubjective experiences during the protest These experiences are local fragile and sometimes inarticulable therefore resisting rationality and debates but they define the fullness of any individual and they also make politics possible Using the Umbrella Movement as an example this book examines the freed political agents who constantly take others into consideration in order to guarantee the political realm as a place without coercion and discrimination In doing so Pang Laikwan demonstrates how politics means neither to rule nor to be ruled and these movements should be defined by hope not by goals

Urban Marginality in Hong Kong's Global Diaspora Hee Sun Choi, 2019-01-30 This book aims to examine the characteristics roles and social values of public spaces in the globalized territory of Hong Kong Choi focuses on the usage of public space by marginalised communities particularly the foreign domestic helpers of Hong Kong By examining their weekly social and political activities across a range of public spaces in the city Choi addresses the influence of the marginalized on the wider community and built environment of this advanced capitalist society
