Managing Technology in the Hospitality Industry Michael L. Kasavana, John J. Cahill, 2003-01-01 Managing Technology in the Hospitality Industry Peter Jones, American Hotel & Lodging Association, Michael L. Kasavana, 2012-05-30

Technology now touches nearly every area of hospitality operations both students and industry professionals will benefit from this textbook's comprehensive introduction to the information systems used in hospitality. This textbook introduces students to the dynamic and critical field of technology within the hospitality industry. Readers will learn the basics of purchasing, implementing, maintaining, and effectively managing a variety of technology systems. The book covers applications for reservations systems, rooms management, and guest accounting, property management systems, point of sale technology, food and beverage management, and accounting, as well as selection and security maintenance for technology. **Lodging, Restaurant and Tourism Index**, 1999 *Hospitality Management and Digital Transformation* Richard Busulwa, 2020-12-28

Hospitality managers are at a critical inflection point. Digital technology advancements are ramping up guest expectations and introducing nontraditional competitors that are beginning to disrupt the whole industry. The hospitality managers whose organizations are to thrive need to get their organizations into a position where they can effectively leverage digital technologies to simultaneously deliver breakthroughs in efficiency, agility, and guest experience. *Hospitality Management and Digital Transformation* is a much needed guidebook to digital disruption and transformation for current and prospective hospitality and leisure managers. The book explains digital technology advancements, how they cause disruption, and the implications of this disruption for hospitality and leisure organizations. Explains the digital business and digital transformation imperative for hospitality and leisure organizations. Discusses the different digital capabilities required to effectively compete as a digital business. Discusses the new and/or enhanced roles hospitality and leisure managers need to play in effecting the different digital capabilities, as well as the competencies required to play these roles. Discusses how hospitality and leisure managers can keep up with digital technology advancements. Unpacks more than 36 key digital technology advancements, discussing what they are, how they work, and how they can be implemented across the hospitality and leisure industry. This book will be useful for advanced undergraduate and postgraduate students studying strategic management, IT, information systems, or digital business related courses, as part of degrees in hospitality and leisure management, as well as practitioners studying for professional qualifications. **Information Technology in the Hospitality Industry** Martin Peacock, 1995-01-01

With the advent of computerization, the business practice of the hospitality industry has been affected by information technology in common with other industries. The information technology revolution has meant wholesale changes and opportunities for the industry. This text examines the nature of these changes in the context of the consumer, looking at hospitality staffing, the strategic role which IT can play, the manager, company culture, and future implications. *Technology Strategies for the Hospitality Industry* Peter D. Nyheim, Francis M. McFadden, Daniel J.

Connolly,2005 For undergraduate graduate level courses in Hospitality Information Systems and Fundamentals of Hospitality Systems Cutting edge in perspective this is the first text to view Hospitality Information Systems as a source for business growth as well as a cost center Exceptionally practical in approach it explores current industry uses and features case studies industry interviews and an interactive web page Students learn how to develop new business strategies and tools including database marketing redefining the product mix and working within the new developmental structure of service sector organizations
