Modern American Religion Martin E. Marty, 1991 **Vanguard of the New Age** Gillian McCann, 2012-05-03 Vanguard of the New Age unearths a largely ignored dimension of Canadian religious history Gillian McCann tells the story of a diverse group of occultists temperance leaguers and suffragettes who attempted to build a Utopian society based on spiritual principles Members of the Toronto Theosophical Society were among the first in Canada to apply Eastern philosophy to the social justice issues of the period from poverty and religious division to the changing role of women in society Among the most radical and culturally creative movements of their time the Theosophists called for a new social order based on principles of cooperation and creativity Intrigued by this compelling vision of a new age luminaries such as members of the Group of Seven feminist Flora MacDonald Denison Emily Stowe and anarchist Emma Goldman were drawn to the society Meticulously researched and compellingly written this careful reconstruction preserves Theosophist founder Albert Smythe's dream of a culturally distinct egalitarian and religiously pluralist nation *A. Philip Randolph* Cynthia Taylor, 2005-12-01 Important insights into the life and mind of one of the most significant civil rights leaders of the twentieth century A Philip Randolph founder of the Brotherhood of Sleeping Car Porters was one of the most effective black trade unionists in America Once known as the most dangerous black man in America he was a radical journalist a labor leader and a pioneer of civil rights strategies His proteg Bayard Rustin noted that With the exception of W E B Du Bois he was probably the greatest civil rights leader of the twentieth century until Martin Luther King Scholarship has traditionally portrayed Randolph as an atheist and anti religious his connections to African American religion either ignored or misrepresented Taylor places Randolph within the context of American religious history and uncovers his complex relationship to African American religion She demonstrates that Randolph's religiosity covered a wide spectrum of liberal Protestant beliefs from a religious humanism on the left to orthodox theological positions on the right never straying far from his African Methodist roots *What's Fair on the Air?* Heather Hendershot, 2011-07-15 The rise of right wing broadcasting during the Cold War has been mostly forgotten today But in the 1950s and 60s you could turn on your radio any time of the day and listen to diatribes against communism civil rights the United Nations fluoridation federal income tax Social Security or JFK as well as hosannas praising Barry Goldwater and Jesus Christ Half a century before the rise of Rush Limbaugh and Glenn Beck these broadcasters bucked the FCC's public interest mandate and created an alternate universe of right wing political coverage anticommunist sermons and pro business bluster A lively look back at this formative era What's Fair on the Air charts the rise and fall of four of the most prominent right wing broadcasters H L Hunt Dan Smoot Carl McIntire and Billy James Hargis By the 1970s all four had been hamstrung by the Internal Revenue Service the FCC's Fairness Doctrine and the rise of a more effective conservative movement But before losing their battle for the airwaves Heather Hendershot reveals they purveyed ideological notions that would eventually triumph creating a potent brew of religion politics and dedication to free market economics that paved the

way for the rise of Ronald Reagan the Moral Majority Fox News and the Tea Party

The Spiritual-Industrial Complex
 Jonathan P. Herzog, 2011-08-05 In his farewell address Dwight D Eisenhower warned the nation of the perils of the military industrial complex But as Jonathan Herzog shows in this insightful history Eisenhower had spent his presidency contributing to another lesser known Cold War collaboration the spiritual industrial complex This fascinating volume shows that American leaders in the early Cold War years considered the conflict to be profoundly religious they saw Communism not only as godless but also as a sinister form of religion Fighting faith with faith they deliberately used religious beliefs and institutions as part of the plan to defeat the Soviet enemy Herzog offers an illuminating account of the resultant spiritual industrial complex chronicling the rhetoric the programs and the policies that became its hallmarks He shows that well known actions like the addition of the words under God to the Pledge of Allegiance were a small part of a much larger and relatively unexplored program that promoted religion nationwide Herzog shows how these efforts played out in areas of American life both predictable and unexpected from pulpits and presidential appeals to national faith drives military training barracks public school classrooms and Hollywood epics Millions of Americans were bombarded with the message that the religious could not be Communists just a short step from the all too common conclusion that the irreligious could not be true Americans Though the spiritual industrial complex declined in the 1960s its statutes monuments and sentiments live on as bulwarks against secularism and as reminders that the nation rests upon the groundwork of religious faith They continue to serve as valuable allies for those defending the place of religion in American life

The American Religious Debate Over Birth Control, 1907-1937 Kathleen A. Tobin, 2017-07-06 The ongoing debates on the morality of artificial birth control sparked a heated public debate in the early twentieth century in an already religiously fragmented United States Many denominations took part in the deliberations both publicly and privately In examining the ideas about contraception and birth control at that time this book considers the cultural environment religion and its connection to the roots of birth control the questioning of religious doctrine the Protestants view of birth control the Lambeth conferences of 1930 the influence of conservatives and the influence of Catholics Also discussed is the historical context of fundamentalists versus modernists neo Malthusianism eugenics immigration the movement for legalization organized by Margaret Sanger and how the Catholic Church came to lead religious resistance to artificial birth control

Suing for America's Soul R. Jonathan Moore, 2007-06-25 When John W Whitehead founded The Rutherford Institute as a Christian legal advocacy group in 1982 he was interested primarily in the First Amendment s religion clause serving clients only when religious freedom was at stake By the mid 1990s however religious rights were but one subset of all the freedoms that he saw threatened by an invasive government In *Suing for America's Soul* R. Jonathan Moore examines the foundation and subsequent practices of The Rutherford Institute helping to explain the rise of conservative Christian legal advocacy groups in recent decades Moore exposes the effects good and bad that such legal activism has had on the evangelical Protestant community Thought

provoking and astute *Suing for America's Soul* opens a revealing window onto evangelical Protestantism at large in late twentieth century America

Evangelizing the Chosen People Yaakov Ariel, 2003-06-19 With this book Yaakov Ariel offers the first comprehensive history of Protestant evangelization of Jews in America to the present day Based on unprecedented research in missionary archives as well as Jewish writings the book analyzes the theology and activities of both the missions and the converts and describes the reactions of the Jewish community which in turn helped to shape the evangelical activity directed toward it Ariel delineates three successive waves of evangelism the first directed toward poor Jewish immigrants the second toward American born Jews trying to assimilate and the third toward Jewish baby boomers influenced by the counterculture of the Vietnam War era After World War II the missionary impulse became almost exclusively the realm of conservative evangelicals as the more liberal segments of American Christianity took the path of interfaith dialogue As Ariel shows these missionary efforts have profoundly influenced Christian Jewish relations Jews have seen the missionary movement as a continuation of attempts to delegitimize Judaism and to do away with Jews through assimilation or annihilation But to conservative evangelical Christians who support the State of Israel evangelizing Jews is a manifestation of goodwill toward them

Religion and Public Life in the Pacific Region Wade Clark Roof, Mark Silk, 2005 Pretty much like the rest of the country only more so This quip from Wallace Stegner well represents the Pacific region's religious culture California Nevada and Hawaii emerged more recently more quickly and with more diversity and fluidity than the other United States Although influenced by Mexican Catholicism Native Traditions Asian Religions and Euro American Christianity no religious tradition dominates and a secular ethos usually reigns But this very religious indifference makes California and the rest of the region open to all sorts of missionary movements and religious innovations New organizational forms new spiritual therapies and new religious hybrids all compete for residents attention along with secular ways for making meaning With all these options residents of the region mix match and move between religious identities more than other Americans Without ignoring its diversity *Religion and Public Life in the Pacific Region*

highlights the key aspects of the region's fluctuating religions and its spirituality's impact on political life

A Case for Historic Premillennialism Craig L. Blomberg, Sung Wook Chung, 2009-02-01 Many evangelical readers who have learned the basics of eschatology from popular authors and more recently from novelists assume that dispensational premillennialism with its distinctive teachings about the pretribulation rapture of the church is the only reliable view of the end times and the return of Christ This volume however offers a compelling case for an alternative perspective one that was widely prevalent throughout church history The contributors all respected scholars in their respective fields suggest that classic premillennialism offers believers a more coherent and viable approach to understanding eschatology Their studies which examine eschatology from biblical theological historical and missiological approaches provide a broadly accessible argument for returning to the perspectives of historic premillennial eschatology

signaling that Catholics were considered not foreigners but heirs to the land of their Catholic forefathers

For God and Globe Michael G. Thompson, 2016-02-19 For God and Globe recovers the history of an important yet largely forgotten intellectual movement in interwar America Michael G Thompson explores the way radical left and ecumenical Protestant internationalists articulated new understandings of the ethics of international relations between the 1920s and the 1940s Missionary leaders such as Sherwood Eddy and journalists such as Kirby Page as well as realist

theologians including Reinhold Niebuhr developed new kinds of religious enterprises devoted to producing knowledge on international relations for public consumption For God and Globe centers on the excavation of two such efforts the leading left wing Protestant interwar periodical The World Tomorrow and the landmark Oxford 1937 ecumenical world conference Thompson charts the simultaneous peak and decline of the movement in John Foster Dulles s ambitious efforts to link Christian internationalism to the cause of international organization after World War II Concerned with far more than foreign policy Christian internationalists developed critiques of racism imperialism and nationalism in world affairs They rejected exceptionalist frameworks and eschewed the dominant Christian nation imaginary as a lens through which to view U S foreign relations In the intellectual history of religion and American foreign relations Protestantism most commonly appears as an ideological ancillary to expansionism and nationalism For God and Globe challenges this account by recovering a movement that held Christian universalism to be a check against nationalism rather than a boon to it **The Old Religion in a New World** Mark A. Noll, 2002 A foremost historian of religion chronicles the arrival of Christianity in the New World tracing the turning points in the development of the immigrant church which have led to today s distinctly American faith
