Philosophy and Kafka
Brendan Moran, Carlo Salzani, 2013-04-19 The relationship of philosophy with Kafka's oeuvre is complex It has been argued that Kafka's novels and stories defy philosophic extrapolation conversely it has also been suggested that precisely the tendency of Kafka's writings to elude discursive solution is itself a philosophical tendency one that is somehow contributing to a wiser relationship of human beings with language These matters are the focus of the proposed volume on Philosophy and Kafka The proposed collection brings together essays that interrogate the relationship of philosophy and Kafka and offer new and original interpretations The volume obviously cannot claim completeness but it partially does justice to the multiplicity of philosophical issues and philosophical interpretations at stake This variety informs the composition of the volume itself A number of essays focus on specific philosophical commentaries on Kafka's work from Adorno's to Agamben's from Arendt's to Benjamin's from Deleuze and Guattari's to Derrida's A number of essays consider the possible relevance of certain philosophical outlooks for examining Kafka's writings here Kafka's name goes alongside those of Socrates Kant Kierkegaard Nietzsche Wittgenstein Buber Heidegger Blanchot and Levinas Finally a number of essays consider Kafka's writings in terms of a specific philosophical theme such as communication and subjectivity language and meaning knowledge and truth the human animal divide justice and freedom In all contributions to the volume such themes motifs and interpretations arise To varying degrees all essays are concerned with the relationship of literature and philosophy and thus with the philosophical significance of Kafka's writings
Where Shall Wisdom be Found? Susan E. Schreiner, 1994-06-15 Through countless retellings from the Talmud to Archibald MacLeish and since the story of Job has been a fixture in the cultural imagination of the West captivating the human imagination and forcing its readers to wrestle with the most painful realities of human

existence In this study Susan E Schreiner analyzes interpretations of the Book of Job by Gregory the Great Maimonides Thomas Aquinas and particularly John Calvin Reading Calvin s interpretation against the background of his medieval predecessors she shows how central Job is to Calvin s struggles with some basic theological issues Calvin and his predecessors put forth a variety of explanations for Job s wisdom focusing on discussions of suffering inferiority enlightenment union with the Active Intellect immortality providence and faith The one unifying feature of these precritical Joban commentaries is a concern with intellectual perception in particular with what Job saw or understood What did the friends who defended God misperceive Why did they not see the situation correctly How does one explain Job s perceptual superiority over his friends These texts raise basic questions about the human capacity for knowledge Can suffering particularly inexplicable suffering elevate human understandings about God and self Can humans truly perceive the workings of providence in their personal lives Are evil and injustice a reality that we must confront before finding wisdom In her final chapter Schreiner shows that such concerns are not abandoned in modern critical commentaries and literary transformations of the Joban legend Her study concludes by tracing the trajectory of these concerns through the wide array of twentieth century interpretations of Job including modern biblical commentaries the work of Carl Jung and literary transfigurations by Wells MacLeish Wiesel and Kafka The result is a compelling demonstration of the vital insights the history of exegesis can yield for contemporary culture

Three Sons Daniel L. Medin, 2010-01-11 Franz Kafka was a self conscious writer whose texts were highly if mysteriously autobiographical Three giants of contemporary fiction J M Coetzee Philip Roth and W G Sebald have all acknowledged their debt to the work of Kafka both in interviews and in their own academic essays and articles for a general readership about him In this striking feat of literary scholarship Daniel Medin finds that the use of Kafka by Coetzee Roth and Sebald is similarly self reflexive and autobiographical That writers from such divergent national and ethnic traditions can have such unique critical readings of Kafka and that Kafka could exert such a powerful influence over their oeuvres Medin contends attests to the central place of Kafka in the contemporary literary imagination

The Mathematical Mind of F. M. Dostoevsky Michael Marsh-Soloway, 2024-11-19 The Mathematical Mind of F M Dostoevsky Imaginary Numbers Non Euclidean Geometry and Infinity reconstructs the curriculum and readings that F M Dostoevsky encountered during his studies and connects such sources to the mathematical references and themes in his published works Prior to becoming a man of letters Dostoevsky studied at the Main Engineering School in St Petersburg from 1838 to 1843 After he was arrested submitted to mock execution by firing squad and sentenced to penal servitude in Siberia for his involvement in the revolutionary Petrashevsky Circle in 1849 most of his books and journals from the period of his education were confiscated and destroyed by the Third Section of the Russian Secret Police Although most scholars discount the legacy of his engineering studies the literary aesthetics of his works communicate an acute awareness of mathematical principles and debates This book unearths subtexts in works by Dostoevsky communicating veins of mathematical thought that evolved

Journal of the Kafka Society of America ,1998 *Trials of Nature* Björn Quiring,2020-12-13 Focusing on John Milton's *Paradise Lost* this book investigates the metaphorical identification of nature with a court of law an old and persistent trope haunted by ancient aporias at the intersection of jurisprudence philosophy and literature In an enormous variety of texts from the Greek beginnings of Western literature onward nature has been described as a courtroom in which an all encompassing trial takes place and a universal verdict is executed The first introductory part of this study sketches an overview of the metaphor's development in European history from antiquity to the seventeenth century In its second more extensive part the book concentrates on Milton's epic *Paradise Lost* in which the problem of the natural law court finds one of its most fascinating and detailed articulations Using conceptual tools provided by Hannah Arendt Walter Benjamin Hans Blumenberg Gilles Deleuze William Empson and Alfred North Whitehead the study demonstrates that the conflicts in Milton's epic revolve around the tension between a universal legal procedure inherent in nature and the positive legal decrees of the deity The divine rule is found to consolidate itself by Nature's supplementary shadow government their inconsistencies are not flaws but rather fundamental rhetorical assets supporting a law that is inherently double formed In Milton's world human beings are thus confronted with a twofold law that entraps them in its endlessly proliferating double binds whether they obey or not The analysis of this strange juridical structure can open up new perspectives on Milton's epic as well as on the way legal discourse tends to entangle norms with facts and thus to embed itself in human life This original and intriguing book will appeal not only to those engaged in the study of Milton but also to anyone interested in the relationship between law history literature and philosophy English Critical Essays (nineteenth Century) Edmund David Jones,1924 **Kafka and**

Wittgenstein Rebecca Schuman,2015-11-15 In *Kafka and Wittgenstein* Rebecca Schuman undertakes the first ever book length scholarly examination of Ludwig Wittgenstein's philosophy of language alongside Franz Kafka's prose fiction In groundbreaking readings she argues that although many readers of Kafka are searching for what his texts mean in this search we are sorely mistaken Instead the problems and illusions we portend to uncover the important questions we attempt to answer Is Josef K guilty If so of what What does Gregor Samsa's transformed body mean Is Land Surveyor K a real land surveyor themselves presuppose a bigger delusion that such questions can be asked in the first place Drawing deeply on the entire range of Wittgenstein's writings Schuman can only shed new light on the enigmatic Kafka **English Critical**

Essays of the XIX Century Edmund David Jones,1922 **The Postmodern Humanism of Philip K. Dick** Jason P. Vest,2009-02-17 In *The Postmodern Humanism of Philip K. Dick* Jason Vest examines how Dick adapted the conventions of science fiction and postmodernism to reflect humanist concerns about the difficulties of maintaining identity agency and autonomy in the latter half of the 20th century Vest also explores Dick's literary relationship to Franz Kafka Jorge Luis Borges and Italo Calvino **Trials of Authorship** Jonathan Crewe,2024-06-28 The English Renaissance has been the focus

of intense interpretive activity It has been a scene of trial for the critical methodologies of deconstruction feminism new historicism psychoanalytic poststructuralism and cultural studies Trials of Authorship extends and challenges this theoretically informed criticism Jonathan Crewe argues that the commitment to innovation transgression and radical change has increasingly obscured some powerfully resistant elements both in Renaissance culture and in these critical discourses themselves He calls for a recognition of defensive perverse and self limiting trends in Renaissance writing and also of the conservative investment by critics in the Renaissance as a cultural epoch Crewe focuses on the relatively stable poetic and cultural forms operative in the Renaissance He argues that these established forms which shape poetic composition social interaction and individual identity are subject to only limited reconstruction by English authors in the sixteenth century They facilitate and limit literary and social expression and result in more sharply conflicted literary production than current critics have been willing to acknowledge Moreover Crewe argues that while this literary production is dominantly masculinist it nevertheless reveals the stresses of negotiating complex structures of class and gender history and culture The literary results are accordingly varied and do not lend themselves to uniform interpretation Trials of Authorship presents a consecutive reading of English Renaissance authors from Wyatt to Shakespeare and redraws the existing picture of the English Renaissance in the sixteenth century It does so by concentrating on authors whose canonical status is somewhat precarious namely the poets Wyatt Surrey and Gascoigne and the non literary authors of two Tudor prose biographies The book makes a case for the continuing significance of all the texts in question while its emphasis on them also constitutes an intentional shift away from the Elizabethan period towards that of Henry VIII This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1990 Arthur Miller - Death of a Salesman/The Crucible Stephen Marino,2015-08-16 Arthur Miller was one of the most important American playwrights and political and cultural figures of the 20th century Both Death of a Salesman and The Crucible stand out as his major works the former is always in performance somewhere in the world and the latter is Miller s most produced play As major modern American dramas they are the subject of a huge amount of criticism which can be daunting for students approaching the plays for the first time This Reader s Guide introduces the major critical debates surrounding the plays and discusses their unique production histories initial theatre reviews and later adaptations The main trends of critical inquiry and scholars who have purported them are examined as are the views of Miller himself a prolific self critic **Fictions of Home** Martin Mühlheim,2018-04-23 This study aims to counter right wing discourses of belonging It discusses key theoretical concepts for the study of home focusing in particular on Marxist feminist postcolonial and psychoanalytic contributions The book also maintains that postmodern celebrations of nomadism and exile tend to be incapable of providing

an alternative to conservative xenophobic appropriations of home In detailed readings of one film and six novels a view is developed according to which home as a spatio temporal imaginary is rooted in our species being and as such constitutes the inevitable starting point for any progressive politics A Course of Severe and Arduous Trials Lynn Brunet, 2009 The artist Francis Bacon 1909 1992 and the writer Samuel Beckett 1906 1989 both convey in their work a sense of foreboding and confinement in bleak ritualistic spaces This book identifies many similarities between the spaces and activities they evoke and the initiatory practices of fraternal orders and secret societies that were an integral part of the social landscape of the Ireland experienced by both men during childhood Many of these Irish societies modelled their ritual structures and symbolism on the Masonic Order Freemasons use the term spurious Freemasonry to designate those rituals not sanctioned by the Grand Lodge The Masonic author Albert Mackey argues that the spurious forms were those derived from the various cult practices of the classical world and describes these initiatory practices as a course of severe and arduous trials This reading of Bacon s and Beckett s work draws on theories of trauma to suggest that there may be a disturbing link between Bacon s stark imagery Beckett s obscure performances and the unofficial use of Masonic rites
