Modern English Society History And Structure 1850 197:

Structures and Transformations in Modern British History David Feldman, Jon Lawrence, 2011-01-20 This major collection of essays challenges many of our preconceptions about British political and social history from the late eighteenth century to the present Inspired by the work of Gareth Stedman Jones twelve leading scholars explore both the long term structures social political and intellectual of modern British history and the forces that have transformed those structures at key moments The result is a series of insightful original essays presenting new research within a broad historical context Subjects covered include the consequences of rapid demographic change in the eighteenth and nineteenth centuries the forces shaping transnational networks especially those between Britain and its empire and the recurrent problem of how we connect cultural politics to social change An introductory essay situates Stedman Jones's work within the broader historiographical trends of the past thirty years drawing important conclusions about new directions for scholarship in the twenty first century

The Politics of Regicide in England, 1760-1850 Steve Poole, 2000 This lively and accessible book reappraises the often complex relationship between British monarchs and some of their more troublesome subjects in the age of revolutions By exposing a rationale behind the efforts of the mad and the politically disaffected to intrude upon assault or pester kings and queens from George III to Victoria the author casts new light upon the contested languages of constitutionalism contract theory and the rights of petition The Hanoverian dynasty sought security from republicanism during the 1790s by reinventing itself as an affable domestic flexible and solicitous institution But majesty and approachability were to prove uneasy bedfellows and popular frustrations over unanswered petitions could provoke serious personal moments of crisis In its detailed reconstruction of the mentalities of such unsuccessful and forgotten Royal assassins as Margaret Nicholson James Hadfield and Dennis Collins this unique and pioneering study of monarchical history from below will interest the specialist and general reader alike and provoke fresh controversy over the viability of monarchies in the modern world

The Labouring Classes in Early Industrial England, 1750-1850 John Rule, 2014-01-21 This is the most comprehensive and up to date synthesis of current research on the social conditions experiences and reactions of working people during the period 1750 1850

The Rise of Market Society in England, 1066-1800 Christiane Eisenberg, 2013-12-01 Focusing on England this study reconstructs the centuries long process of commercialization that gave birth to the modern market society It shows how certain types of markets e g those for real estate labor capital and culture came into being and how the social relations mediated by markets were formed The book deals with the creation of institutions like the Bank of England the Stock Exchange and Lloyd's of London as well as the way the English dealt with the uncertainty and the risks involved in market transactions Christiane Eisenberg shows that the creation of a market society and modern capitalism in England occurred under circumstances that were utterly different from those on the European continent In addition she demonstrates that as a process the commercialization of business

society and culture in England did not lead directly to an industrial society as has previously been suggested but rather to a service economy

The Making of Curriculum Ivor Goodson,1995 This is a new updated version of Ivor Goodson's earlier work which explores A Number Of Aspects Of The Invention And Promotion Of So Called traditional subjects It has now been extended and has been updated to include the National Curriculum

Charity and the London Hospitals, 1850-1898 Keir Waddington,2000 Drawing on a comparative study of hospital records Charity and the London Hospitals investigates how and why Victorians contributed in order to show that benevolence was rarely amenable to a single form or reason Whilst charity remained central to the hospitals *raison d'être* philanthropy's contribution was modified at a financial and administrative level as hospitals shifted from being philanthropic to medical institutions Why this process occurred and the impact of professionalisation and scientific medicine are assessed

BOOK JACKET **Power and the Professions in Britain 1700-1850** Penelope J Corfield, Penelope J. Corfield,2012-10-12 The modern professions have a long history that predates the development of formal institutions and examinations in the nineteenth century Long before the Victorian era the emergent professions wielded power through their specialist knowledge and set up informal mechanisms of control and self regulation Penelope Corfield devotes a chapter each to lawyers clerics and doctors and makes reference to many other professionals teachers apothecaries governesses army officers and others She shows how as the professions gained in power and influence so they were challenged increasingly by satire and ridicule Corfield's analysis of the rise of the professions during this period centres on a discussion of the philosophical questions arising from the complex relationship between power and knowledge
