Summary of Carl Gustav Jung's Modern Man in Search of a Soul Everest Media,2022-04-30T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 The use of dream analysis in psychotherapy is still a debated issue Many practitioners find it indispensable in the treatment of neuroses while others dispute the value of dream analysis and believe that dreams are a negligible by product of the psyche 2 Dreams can be used to reveal the unconscious causes of a neurosis The Freudian answer is that dreams often reveal the unconscious contents that are causal factors in a neurosis 3 The dream is an accurate representation of the patient's subjective state which the conscious mind denies exists or recognizes only grudgingly The patient's conscious ego could see no reason why he should not go steadily forward but the dream showed us how things really stood 4 There are dreams that explain the causes of a neurosis and there are others that do not The point is that there are neuroses whose origins we discover only at the end of an analysis and there are others whose origins we do not need to discover

Ideological Possession and the Rise of the New Right Laurie M. Johnson,2019-05-16 Political theorist Laurie M Johnson deals with Jung's analysis of the effects of modern scientific rationalism on the development of communism fascism and Nazism in the 20th century and applies this analysis to the rise of the New Right in the 21st century Jung's thought provides much needed insight into contemporary ideologies such as neoliberalism Identitarianism and the Alt Right Johnson explains Jungian analytical psychology as it relates to these topics with a chapter devoted to Jung's views of Friedrich Nietzsche who exemplifies the modern problem with his proclamation that God is dead and an in depth discussion of Jung's views on truth and the psychological function of religion as a safeguard against deadly mass movements She then turns to Jung's treatment of anti-Semitism and the Nazi movement and his views on race and racism Johnson applies these historical insights to the current manifestations of mass psychological disruption in the clash between neoliberals and the right wing populist and Identitarian movements on the rise in North America and Europe She concludes by discussing the search for an authentic and meaningful life in a West that rejects extremism and is
