## **Modern Canadian Childrens:**

Depicting Canada's Children Loren Lerner, 2011-04-07 Depicting Canada's Children is a critical analysis of the visual representation of Canadian children from the seventeenth century to the present. Recognizing the importance of methodological diversity, these essays discuss understandings of children and childhood derived from depictions across a wide range of media and contexts. But rather than simply examine images in formal settings, the authors take into account the components of the images and the role of image making in everyday life. The contributors provide a close study of the evolution of the figure of the child and shed light on the defining role children have played in the history of Canada and our assumptions about them. Rather than offer comprehensive historical coverage, this collection is a catalyst for further study through case studies that endorse innovative scholarship. This book will be of interest to scholars in art history, Canadian history, visual culture, Canadian studies, and the history of children. **Modern Canadian Children's Books** Judith

Saltman, 1987 The Canadian Children's Treasury Key Porter Books, 1994-04 Moving through time into many worlds of the Canadian imagination, The Canadian Children's Treasury features both traditional favorites including Robert Service's The Cremation of Sam McGee, E. Pauline Johnson's The Song My Paddle Sings, and poetry and fiction such as Joy Kogawa's Stephen's Whistle and Dennis Lee's Going Up North. 1994 Children in English-Canadian Society Neil Sutherland, Cynthia R. Comacchio, 2006-01-01 So often a long-awaited book is disappointing. Happily, such is not the case with Sutherland's masterpiece. Robert M. Stamp, University of Calgary, in The Canadian Historical Review. Sutherland's work is destined to be a landmark in Canadian history, both as a first in its particular field and as a standard reference text. J. Stewart Hardy, University of Alberta, in Alberta Journal of Educational Research. Such were the reviewers' comments when Neil Sutherland's groundbreaking book was first published. Now reissued in Wilfrid Laurier University Press's new series Studies in Childhood and Family in Canada with a new introduction by series editor Cynthia Comacchio, this book remains relevant today. In the late nineteenth century, a new generation of reformers committed itself to a program of social improvement based on the more effective upbringing of all children. In Children in English-Canadian Society, Neil Sutherland examines with a keen eye the growth of the public health movement and its various efforts at improving the health of children. **Canadian**

for young adult readers This book examines young adult science fiction in the U S and several other countries and explores issues central to the genre The first part of the book treats the larger contexts of young adult science fiction and includes chapters on its history and development Included are discussions of science fiction for young adults in the U S and in Canada Great Britain Germany and Australia These chapters are written by expert contributors and chart the history of young adult science fiction from the nineteenth century to the present The second section of the book considers topics of special interest to young adult science fiction Some of the chapters look at particular forms and expressions of science fiction such as films and comic books Others treat particular topics such as the portrayal of women in Robert Heinlein s works and representations of war in young adult science fiction Yet another chapter studies the young adult science fiction novel as a coming of age story and thus helps distinguish the genre from science fiction written for adult readers All chapters reflect current research and the volume concludes with extensive bibliographies
