Cline, 2010-03-10 Jerusalem Besieged is a fascinating account of how and why a baffling array of peoples ideologies and religions have fought for some four thousand years over a city without either great wealth size or strategic importance Cline guides us through the baffling but always bloody array of Jewish Roman Moslem Crusader Ottoman Western Arab and Israeli fights for possession of such a symbolic prize in a manner that is both scholarly and engaging Victor Davis Hanson Stanford University author of *The Other Greeks* and *Carnage and Culture* A beautifully lucid presentation of four thousand years of history in a single volume Cline writes primarily as an archaeologist avoiding polemic and offering evidence for any religious claims yet he has also incorporated much journalistic material into this study Jerusalem Besieged will enlighten anyone interested in the history of military conflict in and around Jerusalem Col Rose Mary Sheldon Virginia Military Institute This groundbreaking study offers a fascinating synthesis of Jerusalem's military history from its first occupation into the modern era Cline amply deploys primary source material to investigate assaults on Jerusalem of every sort starting at the dawn of recorded history Jerusalem

Besieged is invaluable for framing the contemporary situation in the Middle East in the context of a very long and pertinent history Baruch Halpern Pennsylvania State University A sweeping history of four thousand years of struggle for control of one city An absorbing account of archaeological history from the ancient Israelites first conquest to today s second intifada Cline clearly lays out the fascinating history behind the conflicts USA Today A pleasure to read this work makes this important but complicated subject fascinating Jewish Book World Jerusalem Besieged is a fascinating account of how and why a baffling array of peoples ideologies and religions have fought for some four thousand years over a city without either great wealth size or strategic importance Cline guides us through the baffling but always bloody array of Jewish Roman Moslem Crusader Ottoman Western Arab and Israeli fights for possession of such a symbolic prize in a manner that is both scholarly and engaging Victor Davis Hanson Stanford University author of The Other Greeks and Carnage and Culture

**The Origins of Israeli Mythology** David Ohana,2012-01-23 It is claimed that Zionism as a meta narrative has been formed through contradiction to two alternative models the Canaanite and crusader narratives These narratives are the most daring and heretical assaults on Israeli Jewish identity The Israelis according to the Canaanite narrative are from this place and belong only here according to the crusader narrative they are from another place and belong there The mythological construction of Zionism as a modern crusade describes Israel as a Western colonial enterprise planted in the heart of the East and alien to the area its logic and its peoples The nativist construction of Israel as neo Canaanism demands breaking away from the chain of historical continuity These are the greatest anxieties that Zionism and Israel needed to encounter and answer forcefully The Origins of Israeli Mythology seeks to examine the intellectual archaeology of Israeli mythology as it reveals itself through the Canaanite and crusader narratives
