On Behalf Of The Wolf And The First Peoples:

On Behalf of the Wolf and the First Peoples Joe Marshall, Joseph Marshall, 1995 A collection of essays by a Native American reflect on the history and philosophy of his people as he describes his experiences traveling across the country

Respect and Responsibility in Pacific Coast Indigenous Nations E. N. Anderson, Raymond Pierotti, 2022-10-12 This book examines ways of conserving managing and interacting with plant and animal resources by Native American cultural groups of the Pacific Coast of North America from Alaska to California These practices helped them maintain and restore ecological balance for thousands of years Building upon the authors and others previous works the book brings in perspectives from ethnography and marine evolutionary ecology The core of the book consists of Native American testimony myths tales speeches and other texts which are treated from an ecological viewpoint The focus on animals and in depth research on stories especially early recordings of texts set this book apart The book is divided into two parts covering the Northwest Coast and California It then follows the division in lifestyle between groups dependent largely on fish and largely on seed crops It discusses how the survival of these cultures functions in the contemporary world as First Nations demand recognition and restoration of their ancestral rights and resource management practices **Louise Erdrich's Justice**

Trilogy Connie A. Jacobs, Nancy J. Peterson, 2021-10-01 Louise Erdrich is one of the most important prolific and widely read contemporary Indigenous writers Here leading scholars analyze the three critically acclaimed recent novels *The Plague of Doves* 2008 *The Round House* 2012 and *LaRose* 2016 that make up what has become known as Erdrich's justice trilogy Set in small towns and reservations of northern North Dakota these three interwoven works bring together a vibrant cast of characters whose lives are shaped by history identity and community Individually and collectively the essays herein illuminate Erdrich's storytelling abilities the complex relations among crime punishment and forgiveness that characterize her work and the Anishinaabe contexts that underlie her presentation of character conflict and community The volume also includes a reader's guide to each novel a glossary and an interview with Erdrich that will aid in readers navigation of the justice novels These timely original and compelling readings make a valuable contribution to Erdrich scholarship and subsequently to the study of Native literature and women's authorship as a whole **Whispers of the Ancients**

Song, Moses Beaver, 2010-05-05 Narratives inspired by the retelling of Indian stories and legends with gorgeous artwork

The First Domestication Raymond Pierotti, Brandy R. Fogg, 2017-11-28 A riveting look at how dog and humans became best friends and the first history of dog domestication to include insights from indigenous peoples In this fascinating book Raymond Pierotti and Brandy Fogg change the narrative about how wolves became dogs and in turn humanity's best friend Rather than describe how people mastered and tamed an aggressive dangerous species the authors describe coevolution and mutualism Wolves particularly ones shunned by their packs most likely initiated the relationship with Paleolithic humans forming bonds built on mutually recognized skills and emotional capacity This interdisciplinary study draws on sources from

evolutionary biology as well as tribal and indigenous histories to produce an intelligent insightful and often unexpected story of cooperative hunting wolves protecting camps and wolf human companionship This fascinating assessment is a must read for anyone interested in human evolution ecology animal behavior anthropology and the history of canine domestication

Indians and Emigrants Michael L. Tate, 2014-08-04 In the first book to focus on relations between Indians and emigrants on the overland trails Michael L Tate shows that such encounters were far more often characterized by cooperation than by conflict Having combed hundreds of unpublished sources and Indian oral traditions Tate finds Indians and Anglo Americans continuously trading goods and news with each other and Indians providing various forms of assistance to overlanders Tate admits that both sides normally followed their own best interests and ethical standards which sometimes created distrust But many acts of kindness by emigrants and by Indians can be attributed to simple human compassion Not until the mid 1850s did Plains tribes begin to see their independence and cultural traditions threatened by the flood of white travelers As buffalo herds dwindled and more Indians died from diseases brought by emigrants violent clashes between wagon trains and Indians became more frequent and the first Anglo Indian wars erupted on the plains Yet even in the 1860s Tate finds friendly encounters were still the rule Despite thousands of mutually beneficial exchanges between whites and Indians between 1840 and 1870 the image of Plains Indians as the overland pioneers worst enemies prevailed in American popular culture In explaining the persistence of that stereotype Tate seeks to dispel one of the West's oldest cultural misunderstandings

Returning to the Lakota Way Joseph M. Marshall, III, 2014-11-03 In *Returning to the Lakota Way* prolific author Joseph Marshall presents the follow up to his highly regarded book *The Lakota Way* Using beautiful storytelling to relay traditional tales passed down through the generations Marshall once again takes the reader on a journey of growth and inspiration Each chapter presents one story that exemplifies a quality or way of life that will encourage in readers a sense of inner peace amidst the busyness of modern life From the hunting adventures of the raven and the wolf we see the importance of tolerance the lessons of the grasshopper impart the wisdom of patience and the experiences of a young man named Walks Alone teach us about silence and turning within Speaking to these and other universal qualities such as faith and selflessness Marshall gives readers insight into their own lives using tales from the past interspersed with stories from his own life growing up on the Rosebud Sioux Indian Reservation in South Dakota In him we see a clear example of the wisdom of history enhancing the state of the current world This magnificent work will give readers an insider's view of the Lakota people while providing universal lessons to enrich life

Anti-Indianism in Modern America Elizabeth Cook-Lynn, 2001 In this powerful and essential work Elizabeth Cook-Lynn confronts the politics and policies of genocide that continue to destroy the land livelihood and culture of Native Americans *Anti-Indianism in Modern America* tells the other side of stories of historical massacres and modern day hate crimes events that are dismissed or glossed over by historians journalists and courts alike Cook-Lynn exposes the colonialism that works both overtly and covertly to silence and diminish

Native Americans supported by a rhetoric of reconciliation assimilation and multiculturalism Comparing anti Indianism to anti Semitism she sets the American history of broken treaties stolen lands mass murder cultural dispossession and Indian hating in an international context of ethnic cleansing ecocide and colonial oppression Cook Lynn also discusses the role Native American studies should take in reasserting tribal literatures traditions and politics and shows how the discipline has been sidelined by anthropology sociology postcolonial studies and ethnic studies Asserting the importance of a native conscience a knowledge of the mythologies mores and experiences of tribal society among American Indian writers she calls for the expression in American Indian art and literature of a tribal consciousness that acts to assure a tribal nation people of its future Passionate eloquent and uncompromising Anti Indianism in Modern America concludes that there are no real solutions for Indians as long as they remain colonized peoples Native Americans must be able to tell their own stories and most important regain their land the source of religion morality rights and nationhood As long as public silence accompanies the outlaw maneuvers that undermine tribal autonomy the racist strategies that affect all Americans will continue It is difficult Cook Lynn concedes to work toward the development of legal mechanisms against hate crimes in Indian Country and elsewhere in the world But it is not too late

Violent Encounters Deborah Lawrence, Jon Lawrence, 2012-09-13 Merciless killing in the nineteenth century American West as this unusual book shows was not as simple as depicted in dime novels and movie Westerns The scholars interviewed here experts on violence in the West embrace a wide range of approaches and perspectives and challenge both traditional views of western expansion and politically correct ideologies The Battle of the Little Big Horn the Sand Creek Massacre the Battle of the Washita and the Mountain Meadows Massacre are iconic events that have been repeatedly described and analyzed but the interviews included in this volume offer new points of view Other events discussed here are little known today such as the Camp Grant Massacre in which Anglo Americans Mexican Americans and Tohono O odham Indians killed more than a hundred Pinal and Aravaipa Apache men women and children In addition to specific events the interviews cover broader themes such as violence in early California hostilities between the frontier army and the Sioux including the Santee Sioux Revolt and Wounded Knee and violence between European Americans and Great Basin tribes such as the Bear River Massacre The scholars interviewed include academic historians public historians an anthropologist and a journalist The interview format provides insights into the methodology and tools of historical research and allows questions and speculations often absent from conventional written accounts The scholars share their latest thoughts on long standing controversies address the political uses often made of history and discuss the need to incorporate multiple viewpoints Scholars and students of history and historiography will be fascinated by the nuts and bolts information about the practice of history revealed in these interviews In addition readers with specific interests in the events discussed will gain much new information and many fresh insights

Transatlantic Literary Ecologies Kevin Hutchings, John Miller, 2016-11-18 Opening a dialogue between ecocriticism and transatlantic studies this collection shows

how the two fields inform complement and complicate each other The editors situate the volume in its critical contexts by providing a detailed literary and historical overview of nineteenth century transatlantic socioenvironmental issues involving such topics as the contemporary fur and timber trades colonialism and agricultural improvement literary discourses on conservation and the consequences of industrial capitalism urbanization and urban environmental activism The chapters move from the broad to the particular offering insights into Romanticism s transatlantic discourses on nature and culture examining British Victorian representations of nature in light of their reception by American writers and readers providing in depth analyses of literary forms such as the adventure novel travel narratives and theological and scientific writings and bringing transatlantic and ecocritical perspectives to bear on classic works of nineteenth century American literature By opening a critical dialogue between these two vital areas of scholarship Transatlantic Literary Ecologies demonstrates some of the key ways in which Western environmental consciousness and associated literary practices arose in the context of transatlantic literary and cultural exchanges during the long nineteenth century
