Paterson Five:

Bus Transportation, 1922 *Pistols* Jeff Kinard, 2004-11-23 The development of the pistol helped bring the age of the armored knight to an end provided the elite with a status symbol of dangerous glamour and inspired both artisans and industrialists to reach new heights of invention Pistols follows the evolution of personal sidearms in Europe the United States and Asia from medieval era hand cannons with their clunky ignition systems to the revolutionary Colt revolvers of the 19th century to the modern semiautomatic weapons of today Full of fascinating insights and details this work shows how pistols brought about the decline of knights in armor and ultimately replaced the sword on the battlefield The book also explores the pistol's astonishing democratization as it moved from being a luxury item of the nobility to standard issue for soldiers to a mass produced commodity and source of intensive corporate competition Along the way readers meet the many colorful characters often eccentric geniuses who devoted themselves to pistol development **Studio**, 1898 Caledonia Alistair Beaton, 2013-10-16 Caledonia is a story of greed euphoria and mass delusion It is the story of a small poor country mistaking itself for a place that is both big and rich It is an ancient story for modern times William Paterson was a financial adventurer who in 1698 devised one of the most daring and disastrous speculations of all time His plan to found a Scottish colony in Darien on the isthmus of Panama in Central America and turn Scotland one of the poorest nations in Europe into a prosperous colonial power He invited the public to invest And they did in a big way Within weeks a vast proportion of the nation's wealth had been subscribed What went wrong Distance disease corruption and culpability all played a part in this ruinous episode Within a few years the Scots demoralised and impoverished gave up their nation's independent status and signed the 1707 Treaty of Union with England Inspired by documents journals letters songs and poems of the period celebrated playwright and satirist Alistair Beaton has created a work that is both a tribute to heroic ambition and a darkly witty take on the deceptions and self deceptions of rich and poor alike Caledonia will headline the Edinburgh International Festival in a co production with the National Theatre of Scotland and directed by Anthony Neilson opening on 13 August 2010 Sixteen Modern American Authors Jackson R.
