Robert Gildea

Republican France Divided Loyalties:

Republican France Peggy Phillips, 1993-07-28 Will French mainstream political parties and republican institutions survive extreme religious and racist movements on the right and left in the future This short political history of France since the 1960s examines the impact of student revolts the fall of the Berlin Wall Algerian fundamentalists and demographic and generational changes to define critical issues at the center of political debate in France today Political scientists historians scholars in French studies business people concerned with France and general readers will benefit from this analysis of the contemporary French political scene

Republican France Peggy Phillips, 1993-07-28 Will French mainstream political parties and republican institutions survive extreme religious and racist movements on the right and left in the future This short political history of France since the 1960s examines the impact of student revolts the fall of the Berlin Wall Algerian fundamentalists and demographic and generational changes to define critical issues at the center of political debate in France today Political scientists historians scholars in French studies business people concerned with France and general readers will benefit from this analysis of the contemporary French political scene

France Since 1945 Robert Gildea, 2002-03-14 The last fifty years of French history have seen immense challenges for the French constructing a new European order building a modern economy searching for a stable political system It has also been a time of anxiety and doubt The French have had to come to terms with the legacy of the German Occupation the loss of Empire the political and social implications of the influx of foreign immigrants the rise of Islam the destruction of rural life and the threat of Anglo American culture to French language and civilization Robert Gildea's account examines the French political system and France's role in the world from 1945 to 2000 He looks at France's attempt to recover national greatness after the Second World War its attempt to deal with the fear of German resurgence by building the European Community and its struggle to preserve its Empire He also discusses the Algerian War and its legacy and the later development of a neo colonialism to preserve its influence in Africa and the Pacific Gildea also examines the rise and fall of the two Republics the rise of and fall of De Gaulle and the revolution of 1968 along with topics such as the construction of the myth of the Resistance the painful truths of French involvement in anti Semitic persecution and France's continuing obsession with national identity

Colonialism Melvin E. Page, 2003-09-16 The most exhaustive reference work available on this critical subject in world history focusing on the politics economy culture and society of both colonizers and colonized The history of the last 500 years is the history of imperialism writes editor Melvin Page In the Americas as a result of imperialist conquest disease famine and war nearly wiped out a population estimated in the tens of millions Africa was devastated by the slave trade an integral part of imperialism from the 1400s to the 1800s In Asia even though native populations survived native political institutions were destroyed Imperialism also forged the two most important ideologies of the last five centuries racialism and modern nationalism In more than 600 essays presented in this three volume encyclopedia Page and other leading scholars historians

political scientists economists and sociologists analyze the origins of imperialism the many forms it took and its impact worldwide They also explore imperialism s bitter legacy the gross inequities of global wealth and power that divide the former conquerors primarily Europe the United States and Japan from the people they conquered **Encyclopaedia of Propaganda** Robert Cole,2022-03-24 The Encyclopedia of Propaganda examines all aspects of propaganda through history and is organized in an A to Z format The set defines the arenas in which propaganda is used such as politics war advertising and media pinpoints the political systems in which it is used such as Nazism Communism and McCarthyism and describes notable progenitors of propaganda and their works including Hitler and Mein Kampf Machiavelli and The Prince Sun Tzu and The Art of War and Plato and The Republic The Encyclopedia of Propaganda also examines noteworthy individuals who have employed propaganda to further their own agenda including Walt Disney Fidel Castro Jane Fonda the Rev Jerry Falwell Saddam Hussein Rush Limbaugh and Eleanor Roosevelt Organizations which have utilized propaganda in a systematic fashion are also included among them the Black Panther Party the Sandinista National Liberation Front and the People for Ethical Treatment of Animals This well organized easy to use reference should be a valuable research tool for students of world history politics and literature **Sex, Honor and Citizenship in Early Third Republic France** A.

Mansker,2011-10-03 A repositioning of French women s struggle for suffrage within the distinct cultural landscape of the masculine honour system Whether activists demanded admission to the popular ritual of the duel or publicly shamed men for their extramarital sexual behaviour they appropriated extralegal honour codes to enact new civic and familial identities

Yankee Go Home (& Take Me With U) George McKay,2016-10-06 We can do little to escape the experience of the United States of America through many media TV pop music youth culture Hollywood fast food How do these traces and images affect us Do we internalize them want to be American Do we can we resist them Is our desire for them a symptom of European pop culture s crisis From black face minstrelsy rap music and fiction to McDonald s rock festivals and Star Trek the cultural conception of America is critically unpacked by contributors from Europe Israel and the USA McKay rounds off the picture by offering a comprehensive introduction that explains theoretical approaches to Americanization from the thesis of Yankee cultural imperialism to America as site of liberation or fantasy *The Historical Roots of Political Violence* Ignacio

Sánchez-Cuenca,2019-06-06 Offers the first comprehensive analysis of the wave of revolutionary terrorism in affluent countries **Finding Monte Cristo** Eric Martone,2018-08-29 During his lifetime Alexandre Dumas 1802 1870 grandson of a Caribbean slave and author of *The Three Musketeers* and *The Count of Monte Cristo* faced racial prejudice in his homeland of France and constantly strove to find a sense of belonging For him Monte Cristo was a symbol of this elusive quest It proved equally elusive for those struggling to overcome slavery and its legacy in the former French colonies Exiled to the margins of society 19th and 20th century black intellectuals from the Caribbean and Africa drew on Dumas work and celebrity to renegotiate their full acceptance as French citizens Their efforts were influenced by earlier struggles of African

Americans in the decades after the Civil War who celebrated Dumas as a black American hero [The Color of Liberty](#) Sue Peabody, Tyler Stovall, 2003-06-30 DIVTraces the multiple histories of race and racial thinking over time in France and in Francophone areas of the globe div

Transnationalism, 2009-05-20 This book deals with transnationalism and captures its singularity as a generalized phenomenon The profusion of transnational communities is a factor of fluidity in social orders and represents confrontations between contingencies and basic socio cultural drives It has created a new era different from the past at essential respects This is an age of enriching cultural diversity fraught with threatening risks inextricably linked to contemporary globalization National sovereignty is eroded from above by global processes from below by aspirations of sub national groups and from the sides by transnational allegiances This is the backdrop against which this book delves into the fundamental issues relating to the nature scope and overall significance of transnationalism

France Since the Liberation Gino Raymond, 2024-02-20 This book focuses on the tension between the modernising thrust that places France on a trajectory of convergence with comparable liberal democracies and the defence of a national specificity that can act as a brake complicating France's relationship with its neighbours its present and its past This ambivalence in French political and social life stems from the conscious attempt to rebuild the nation after the trauma of Occupation during World War II and the new beginning provided by the Liberation The government of the Fourth Republic embraced the pursuit of a modernisation that would enable it to regain its place among the world's leading democratic states However this modernising ambition co exists with the belief in a specific destiny and a unique sense of mission that are intrinsic to the emergence of a sense of nationhood after the revolution of 1789 Raymond defines a critical perspective that draws together historical economic social and political issues into a coherent understanding of what makes France the way it is today Written with both academic rigour and a highly accessible clarity of style this volume is a valuable resource for students educators and researchers in French and European Studies

The Origins of the French Nationalist Movement, 1886-1914 Robert Lynn Fuller, 2014-01-10 This narrative history explores the emergence of one of the most influential Nationalist movements of modern Europe It explains how and why the movement united the far right with the far left in a militant campaign to wrest control of France from the moderate republicans who were attempting to stabilize the country after a century of political volatility The agitation groups propaganda machines street fighting gangs and political hustlers who made up the Nationalists all campaigned for one end to overthrow the Third Republic The eruption of the Dreyfus Affair 1894 1899 provided the Nationalists with a convenient target for their assaults the Dreyfusard defenders of a wrongly convicted Jewish army captain Alfred Dreyfus This work based on original archival research in France argues that the Nationalists posed a real and dangerous threat that dissipated only when their goals were adopted by more moderate competing groups

The French Communist Party During the Fifth Republic Gino G. Raymond, 2005-08-10 The demise of the French Communist Party PCF has been a recurrent feature of overviews of the Left in France for the past two decades and yet the Communists survive

This study examines the factors that undermined the position of the PCF as the premier party of France but also highlights the challenges that the party faces in a society disillusioned with politics and the new strategies that it is developing in order to revive its fortunes

France and 1848 William Fortescue, 2004-08-02 1848 was a year of revolution throughout Europe Examining the economic social and political crises this book evaluates the political history of France during the revolution of 1848 and the French political culture of the time

Napoleon's Admirals Richard Humble, 2019-12-19 A most readable and interesting work deserves a place on the shelves of anyone interested in war at sea during the Great French Wars Nautical Research Journal On the four sides of the Arc de Triomphe in Paris serried tablets display the names of 660 honored commanders of the Revolutionary and Napoleonic Wars Most are those of generals and marshals of the French Army but 26 of them are those of admirals commanders of the fleets of Republican and Napoleonic France In *Napoleon's Admirals* Richard Humble presents not only their individual stories but an entirely new appraisal of the Anglo French naval war of 1793-1814 the longest sea war in modern history Many myths are exploded in this book from the long held idea that aristocratic officers of the French Navy emigrated en masse when the Revolution came leaving the Navy leaderless and doomed to repeated defeats at sea to the popular British belief that the naval war ended with Nelson's victory at Trafalgar Of the 26 Admirals of the Arc 23 had learned their trade in the French royal and merchant navies of the ancien régime Republican France could call on a wide range of seasoned combat veterans from the American Revolutionary War 1778-83 whose stories are a revelation in themselves In his account of the men who imposed such a strain in on the world's greatest Navy for 21 years Richard Humble has provided a remarkable addition to the well worn pages of conventional naval history Not only authoritative it makes a very enjoyable and instructive read The Napoleon Series Fills a major gap in this largely neglected period in French naval history International Journal of Maritime History 2004, 39(4), 481-490

The Promise of American Life Herbert David Croly, 2019-11-20 In *The Promise of American Life* Herbert David Croly presents a compelling analysis of the American identity and its potential for progress Written during the early 20th century this work is characterized by its progressive literary style weaving together historical context with a forward looking vision Croly advocates for a synthesis of liberty and community arguing that the American promise lies not in individualism alone but in the collective welfare making it a pivotal text during a time of national introspection and reform His ideas were influenced by the sociopolitical landscape of the Gilded Age exploring the tensions between capitalism and social equity Herbert David Croly a prominent political theorist and journalist co-founded the New Republic and was deeply engaged in the Progressive movement His experiences as a reformer shaped his thoughts on American society and governance Influenced by thinkers like John Dewey and the evolution of the American political landscape Croly sought to articulate a vision that transcended traditional notions of democracy emphasizing a balanced approach for the betterment of society *The Promise of American Life* is essential for any reader interested in the roots of contemporary American political thought It offers invaluable insights into the evolving

nature of democracy and the intricate interplay between individual rights and collective responsibilities making it a must read for students scholars and anyone invested in understanding the American ethos In this enriched edition we have carefully created added value for your reading experience A succinct Introduction situates the work s timeless appeal and themes The Synopsis outlines the central plot highlighting key developments without spoiling critical twists A detailed Historical Context immerses you in the era s events and influences that shaped the writing An Author Biography reveals milestones in the author s life illuminating the personal insights behind the text A thorough Analysis dissects symbols motifs and character arcs to unearth underlying meanings Reflection questions prompt you to engage personally with the work s messages connecting them to modern life Hand picked Memorable Quotes shine a spotlight on moments of literary brilliance Interactive footnotes clarify unusual references historical allusions and archaic phrases for an effortless more informed read

Wine, Sugar, and the Making of Modern France Elizabeth Heath,2014-10-09 This is an innovative study of how race and empire transformed French republican citizenship in the early Third Republic Elizabeth Heath integrates the histories of the wine producing department of Aude and the sugar producing colony of Guadeloupe to reveal the ways in which empire was integral to the Third Republic s ability to stabilize a republican regime that began to unravel in an age of economic globalization She shows how global economic factors shaped negotiations between local citizens and the Third Republic over the responsibilities of the Republic to its citizens leading to the creation of two different and unequal forms of citizenship that became constitutive of the interwar imperial nation state and the French welfare state Her findings shed important new light on the tensions within republicanism between ideals of liberty and equality and on the construction of race as a meaningful social category at a foundational moment in French history

Beyond the Tricolour Ian Birchall,2025-06-19 This book examines the theme of internationalism in the form of opposition to nationalism racism and war in the context of French history and in particular of the French socialist and working class movement Beginning with the defence of Dreyfus against anti Semitism it covers antimilitarism before 1914 opposition to the First World War the advent of Communism then the rise of Stalinism fraternisation with German soldiers during the Nazi occupation and support for national independence in Indochina and Algeria It looks at individuals and political organisations many of them neglected by mainstream history who argued against nationalism and took practical action in defence of internationalist principles

When people should go to the ebook stores, search instigation by shop, shelf by shelf, it is truly problematic. This is why we provide the ebook compilations in this website. It will very ease you to look guide **Republican France Divided Loyalties** as you such as.
