Sea Changes Culture And Feminism:

Sea Changes Cora Kaplan, 1986 Radical feminism and literature Wild nights The feminist politics of literary theory Language and gender The indefinite disclosed The thorn birds Pandora s box Keeping the color in the color purple Wicked fathers Red Christmases Speaking writing feminism **Sea Changes** Cora Kaplan, 1986 Encyclopedia of Contemporary Literary Theory Irene Rima Makaryk, 1993-01-01 The last half of the twentieth century has seen the emergence of literary theory as a new discipline As with any body of scholarship various schools of thought exist and sometimes conflict within it I R Makaryk has compiled a welcome guide to the field Accessible and jargon free the Encyclopedia of Contemporary Literary Theory provides lucid concise explanations of myriad approaches to literature that have arisen over the past forty years Some 170 scholars from around the world have contributed their expertise to this volume Their work is organized into three parts In Part I forty evaluative essays examine the historical and cultural context out of which new schools of and approaches to literature arose The essays also discuss the uses and limitations of the various schools and the key issues they address Part II focuses on individual theorists It provides a more detailed picture of the network of scholars not always easily pigeonholed into the categories of Part I This second section analyses the individual achievements as well as the influence of specific scholars and places them in a larger critical context Part III deals with the vocabulary of literary theory It identifies significant complex terms places them in context and explains their origins and use Accessibility is a key feature of the work By avoiding jargon providing mini bibliographies and cross referencing throughout Makaryk has provided an indispensable tool for literary theorists and historians and for all scholars and students of contemporary criticism and culture **Between Men and Feminism (RLE Feminist Theory)** David Porter, 2013-05-20 Between Men and Feminism had its origins in a lively colloquium at St John s College Cambridge in 1990 It discusses how two decades of feminism have affected the ways men define their own masculinities and how they have responded in their own social sexual and political lives to the challenges posed by the evolving feminist critiques of patriarchy and maleness itself The collection contains a great diversity of approaches from Britain and North America It includes viewpoints from academics a poet an educational researcher and the members of an active men s group Gay issues feature prominently as do psychoanalytical views and a number of the pieces provide a refreshingly personal and practical outlook Between Men and Feminism shows men finding their own way within the spaces feminism has opened to them rediscovering their own gendered voices and participating in the transformation of controlling ideologies in their daily lives These very readable accounts will appeal not only to students in the social sciences and gender studies but to all men who find themselves responding to the feminist challenge **The Routledge Companion to Feminism and Postfeminism** Sarah Gamble, 2004-11-23 Approachable for general readers as well as for students in women s studies related courses at all levels this invaluable guide follows the unique Companion format in combining over a dozen in depth background chapters with more than 400 A Z dictionary entries The background

chapters are written by major figures in the field of feminist studies and include thorough coverage of the history of feminism as well as extensive discussions of topics such as Postfeminism Men in Feminism Feminism and New Technologies and Feminism and Philosophy The dictionary entries cover the major individuals and issues essential to an understanding both of feminism's roots and of the trends that are shaping its future Readers will find entries on people such as Aphra Behn Simone de Beauvoir Princess Diana Courtney Love and Robert Bly and on subjects such as Afro American feminism cosmetic surgery the new man prostitution reproductive technologies and slasher films The Cambridge Companion to Mary Wollstonecraft Claudia L. Johnson, 2002-05-30 A collected volume which addresses all aspects of Wollstonecraft's momentous and tragically brief career **A History of Feminist Literary Criticism** Gill Plain, Susan Sellers, 2007-08-30 Feminism has transformed the academic study of literature fundamentally altering the canon of what is taught and setting new agendas for literary analysis In this authoritative history of feminist literary criticism leading scholars chart the development of the practice from the Middle Ages to the present The first section of the book explores protofeminist thought from the Middle Ages onwards and analyses the work of pioneers such as Wollstonecraft and Woolf The second section examines the rise of second wave feminism and maps its interventions across the twentieth century A final section examines the impact of postmodernism on feminist thought and practice This book offers a comprehensive guide to the history and development of feminist literary criticism and a lively reassessment of the main issues and authors in the field It is essential reading for all students and scholars of feminist writing and literary criticism **Feminist Cultural Theory** Beverley Skeggs, 1995 This innovative new book brings together some of the leading writers on feminism to discuss their work and the key issues involved in feminist research They draw on a range of different areas such as literature film law television and history **Cultural Populism** Jim McGuigan, Dr Jim McGuigan, 2002-11 First Published in 2004 Routledge is an imprint of Taylor Francis an informal company Radicalizing Lawrence Robert Burden, 2021-12-28 In this study of D H Lawrence and critical theory Robert Burden pays particular attention to the critical formations that underpin the reception history of the main novels including the much maligned leadership novels because strong readings have always contested the meaning and significance of Lawrence and because there has been a persistent reluctance to approach his writing through post structuralist theory This study demonstrates in some detail that once Lawrence's texts are the objects of the newer critical paradigms their principles of coherence are understood differently and that older notions of textual unity are displaced by aesthetic structures of degrees of generic and linguistic destabilization This enables a radicalizing of Lawrence's fiction by drawing out its deconstructive effects on his myth making and essentialist notions of the self The sexual identities represented in the fiction are read as experiments or thought adventures as Lawrence himself characterized his work The different approaches to Lawrence's writing in this study lead to a radical reassessment of his relationship to Modernism especially in the light of the more elastic concept of Modernism in recent discussion and one which traditional Lawrence scholars have ignored What

emerges is a more self deconstructive Lawrence with some surprising results
