Forgetful Remembrance Guy Beiner, 2018-11-09 Forgetful Remembrance examines the paradoxes of what actually happens when communities persistently endeavour to forget inconvenient events The question of how a society attempts to obscure problematic historical episodes is addressed through a detailed case study grounded in the north eastern counties of the Irish province of Ulster where loyalist and unionist Protestants and in particular Presbyterians repeatedly tried to repress over two centuries discomfiting recollections of participation alongside Catholics in a republican rebellion in 1798 By exploring a rich variety of sources Beiner makes it possible to closely follow the dynamics of social forgetting His particular focus on vernacular historiography rarely noted in official histories reveals the tensions between professed oblivion in public and more subtle rituals of remembrance that facilitated muted traditions of forgetful remembrance which were masked by a local culture of reticence and silencing Throughout Forgetful Remembrance comparative references demonstrate the wider relevance of the study of social forgetting in Northern Ireland to numerous other cases where troublesome memories have been concealed behind a veil of supposed oblivion

Narrative and Voice in Postwar Poetry Neil Roberts, 2014-05-12 Poetry in English since the Second World War has produced a number of highly original narrative works as diverse as Derek Walcott's Omeros Ted Hughes Gaudete and Anne Stevenson's Correspondences At the same time poetry in general has been permeated by

narrative features particularly those linguistic characteristics that Mikhail Bakhtin considered peculiar to the novel and which he termed dialogic This book examines the narrative and dialogic elements in the work of a range of poets from Britain America Ireland Australia and the Caribbean including poetry from the immediate postwar years to the contemporary and novel like narratives to personal lyrics Its unifying theme is the way in which these poets with such contrasting styles and from such varied backgrounds respond to and creatively adapt the language worlds and hence the social worlds in which they live The volume includes a detailed bibliography to assist students in further study and will be a valuable resource to undergraduate and postgraduate students of contemporary poetry
