Sean Lemass Gills Irish Lives:

The Irish Experience Since 1800: A Concise History Thomas E. Hachey, Lawrence J. McCaffrey, 2015-01-28 This rich and readable history of modern Ireland covers the political social economic intellectual and cultural dimensions of the country's development from the origins of the Irish Question to the present day In this edition a new introductory chapter covers the period prior to Union and a new concluding chapter takes Ireland into the twenty first century All material has as been substantially revised and updated to reflect more recent scholarship as well as developments during the eventful years since the previous edition The text is richly supplemented with maps photographs and an extensive bibliography There is no comparable brief multidimensional history of modern Ireland *Ireland Today*, 1983 **Chasing Progress in the Irish Republic** John Kurt Jacobsen, 1994-04-14 This book first published in 1994 investigates the political causes and consequences of economic policy in Ireland addressing key debates in political economy *Understanding Contemporary Ireland* Richard Breen, Damian F Hannan, 2016-07-27 Thirty years ago the Irish State embarked on a programme of development which rapidly transformed the economy and with it Irish society This book is about that transformation and its effects In particular it focuses on the relationship between the policies pursued by the State and the class structure of Ireland It argues that despite promises of general prosperity the benefits of Ireland's economic development have been very unevenly distributed leading to a growing polarisation between social classes [Israel/Palestine and the Politics of a Two-State Solution](#) Thomas G. Mitchell, 2013-05-27 This is a dispassionate examination of the viability of a two state solution in the Israeli Palestinian conflict based on the politics of Israel Palestine and the United States It includes instructive case studies from South Africa in Namibia and the Irish claim to Northern Ireland The results of Israeli elections from 2001 to 2013 are analyzed with the conclusion that the Likud will be in any government coalition for at least the midterm future giving it a veto over policy A chapter examining the history and ideology of the secular right over the last 90 years follows There are three chapters of case studies the Likud withdrawal from the Sinai in 1979 1982 and from Gaza in 2005 the withdrawal of South Africa from Namibia in 1988 1989 and the dropping of Ireland's constitutional claim to Northern Ireland in 1998 under a Fianna Fail government the same party that wrote the constitution in 1937 A chapter examines Palestinian politics since the mandatory era and another the American Israeli alliance and American politics A concluding chapter draws lessons from the case studies and the analysis **De Valera** Tim Pat Coogan, 2015-12-16 Eamon de Valera The Long Fellow remains a towering presence whose shadow still falls over Irish life The history of Ireland for much of the twentieth century is the history of de Valera From the 1916 Rising the troubled Treaty negotiations and the Civil War right through to his retirement after a longer period in power than any other 20th century leader Eamon de Valera has both defined and divided Ireland He was directly responsible for the Irish Constitution Fianna Fail the largest Irish political party and the Irish Press Group He helped create a political church state monolith with continuing implications for Northern Ireland the social role of

women the Irish language and the whole concept of an Irish nation Many of the challenges he confronted are still troubling the peace of Ireland and of Britain and some of the problems are his legacy Tim Pat Coogan s comprehensive study of this political giant is a major addition to the history of Irish British relationships *Ireland and the European Union* Brigid Laffan,Jane O'Mahony,2008-10-06 Recent times have witnessed a dramatic turn around in Ireland s fortunes From being a poor and peripheral state it has emerged as a prosperous dynamic and self assured player among the nations of Europe For many the Irish experience provides a model of the potential rewards of European integration But just how far are changes in Irish society the result of EU membership What difference has the EU made to Ireland and for that matter Ireland to the EU This major new study of Irish European relations provides a rich account of Ireland s membership of the EU and the impact of the EU on the institutions policy and economy of Ireland It will be read with benefit by all who want to further understand what Europe means for Ireland and those wanting to learn from Ireland s experience in a comparative context *Ireland, Memory and Performing the Historical Imagination* Mary P. Caulfield,2014-12-09 This book explores the performance of Irish collective memories and forgotten histories It proposes an alternative and more comprehensive criterion of Irish theatre practices These practices can be defined as the rejected contested and undervalued plays and performativities that are integral to Ireland s political and cultural landscapes *Eamon de Valera* Tim Pat Coogan,1999 **Studies** ,1991 Includes section Review of books
