preserving these special places This book tells the story of the rangers from their early days as soldiers and cowboys to their current role as protectors of the parks It is a story of dedication courage and love of the outdoors It is also a story of the challenges that the rangers face from climate change to pollution to overuse But despite the challenges the rangers remain committed to their mission They are the ones who keep the parks safe clean and accessible for all to enjoy They are the ones who educate visitors about the importance of conservation and stewardship And they are the ones who will continue to fight for the parks ensuring that they remain a source of inspiration and enjoyment for generations to come This book is a tribute to the rangers past and present It is a celebration of their work and a call to action for all of us to support them in their mission to protect our national parks If you like this book write a review
