Searching For Peace In Africa:

Searching for Peace in Africa Monique Mekenkamp, Paul van Tongeren, Hans van de Veen, 1999 The Horn of Africa

U.S. Diplomacy and the Search for Peace Michael H. Armacost, 1985 *The State, Ethnicity, and Gender in Africa*

Scott Straus, Aili Mari Tripp, 2024 Postcolonialism the politics of ethnic and religious identity and the role of women in African society and politics have become important and often connected foci in African studies Here fifteen chapters explore these themes in tandem With essays that span the continent this volume showcases the political histories challenges and promise of contemporary Africa Written in honor of Crawford Young a foundational figure in the study of African politics the essays reflect the breadth and intellectual legacy of this towering scholar and illustrate the vast impact Young had and continues to have on the field The book s themes build from his seminal publications and the essays were written by leading scholars who were trained by Young *The Palgrave Handbook of Peacebuilding in Africa* Tony Karbo, Kudrat Virk, 2018-01-30 This

handbook offers a critical assessment of the African agenda for conflict prevention peacemaking peacekeeping and peacebuilding the challenges and opportunities facing Africa s regional organisations in their efforts towards building sustainable peace on the continent and the role of external actors including the United Nations Britain France and South Asian troop contributing countries In so doing it revisits the late Ali Mazrui s concept of Pax Africana calling on Africans to take responsibility for peace and security on their own continent The creation of the African Union in 2002 was an important step towards realising this ambition and has led to the development of a new continental architecture for more robust conflict management But as the volume s authors show the quest for Pax Africana faces challenges Combining thematic analyses and case studies this book will be of interest to both scholars and policymakers working on peace security and governance issues in Africa *Africa* Air University (U.S.). Scott, Alexander Paul Hare, 1980 **Militarism, Warfare and the Search for Peace in Angola** Horace Campbell, 2001

Mapping Agency Ulrike Lorenz-Carl, Martin Rempe, 2016-05-13 Despite regionalism having developed into a global phenomenon the European Union EU is still more often than not presented as the role model of regionalism whose institutional designs and norms are adopted by other regional actors and organizations as part of a rather passive downloading process Reaching beyond such a Eurocentric perception Mapping Agency provides an empirically rich African perspective on regionalisms in Sub Saharan Africa It adopts an actor centred approach but departs from a rather simplified understanding of agency as exerting power and instead scrutinizes to what extent actors actually participate in or are excluded from processes of regionalism The value of this volume derives from the inclusion of historical dimensions its open multi actor approach to both formal and informal processes and its comparative perspective within but also beyond Sub Saharan Africa The chapters offer a multifaceted picture of agency beyond disciplinary divides where the EU is one actor amongst many and where local national regional and global state and non state actors shape and sometimes break processes

of regionalisms in Sub Saharan Africa Through Fire with Water Erik Doxtader, Charles Villa-Vicencio, 2003 This collection of essays presents 15 case studies of African countries whose recent past has been shaped by conflict It examines the historical roots of violence and the potential for reconciliation and justice **Finding a moral compass for South Africa** JM Vorster, 2023-07-31 The research question of this book reads Can South Africans amidst all the contemporary distrust in political leadership and moral decay find a moral compass that could lead them to a humane society of mutual trust respect for each other a flourishing life and a bright future for future generations This book presents new perspectives on the psychopathology created by colonisation the failures of the post 1994 dispensation regarding reconciliation transformation justice distorted family life violence unity in diversity as well as moral leadership and agency and indifference to a future of hope It proposes a new moral compass that can lead South Africa out of the abyss
