Encyclopedia of Romance Fiction Kristin Ramsdell, 2018-09-07 As the first encyclopedia solely devoted to the popular romance fiction genre, this resource provides a wealth of information on all aspects of the subject. Romance fiction accounts for a large share of book sales each year, and contrary to popular belief, not all of its readers are women; roughly 16 percent are men. This enormously popular genre continues to captivate people reading for pleasure, and it also commands a growing amount of academic interest. Included are alphabetically arranged reference entries on significant authors, along with works, themes, and other topics. The articles are written by scholars, librarians, and industry professionals with a deep knowledge of the genre and so provide a thorough understanding of the subject. An index provides easy access to information within the entries, and bibliographies at the end of each entry, a general bibliography, and a suggested romance reading list allow for further study of the genre.

Ashes in the Wind Kathleen E. Woodiwiss, 2009-03-17 A woman burdened by war. A doctor torn between passion and duty. A sweeping tale of love in the face of dishonor from the incomparable storyteller Kathleen Woodiwiss. Alaina MacGaren is forced to flee the devastation of her homeland in the guise of a young boy only to find sanctuary in the arms of an enemy. Cole Latimer is a dashing Yankee surgeon who has served the Union faithfully, and his tender heart compels him to help a ragged innocent lad in need, never suspecting the rags conceal a bewitching belle suspected of being a rebel spy. But Alaina's masquerade does not fool Cole for long. And the strength, courage, and breathtaking sensuality of this woman, whom it would be treasonous to love, sets duty and desire at war within him. Yet Destiny has joined them for good or ill, and they both must follow where their hearts would lead them if they are to build a glorious new life together out of the ashes of the old.
