Michael Pavel, Ella Inglebret, 2007-05-30 Choosing the right college is a big decision for most people American Indian and Alaska Natives are no exception but finding a college that offers a good educational program in their major plus a strong support system for tribal traditions makes that decision even

more complex This volume will help Native people clarify their postsecondary aspirations improve their college choice and increase their success in college After a thorough examination of the issues that should be considered Pavel and Inglebret present the different types of colleges available programs and services to meet the special needs of Native students and financial aid options By answering many of the basic questions students have about going to college Pavel and Inglebret help to demystify the process and encourage more Native students to pursue a college education Special features include A list of colleges with Native American studies and those most friendly to Native Americans needs A list of sources for financial aid with contact information Interviews with Native American students on all aspects of their college experiences Suggestions for students on how to balance their new college experiences with their community and heritage **The Walking People** Paula Underwood,1993 A collection of Native American stories and legends The American Indian Mind in a Linear World Donald L. Fixico,2024-09-27 Now in its second edition The American Indian Mind in a Linear World examines the persistence of Native peoples in retaining their own worldviews from the pre Columbian era into the twenty first century The book explores the ways in which Indian people who are close to their cultural traditions think in a circular fashion understand by relying on visual analysis and make decisions from an Indigenous logic Yet Comanches have a different reality from Mohawks Apache ethos is not like that of the Lakotas and Indian men and women see things differently How and why is the Native mind different from the western world Why have white teachers and missionaries tried to change the minds of Native students The Indian perspective is not wrong it is simply different and inclusive another way of looking at the world and universe This edition updates the discussion with a new chapter on contemporary American Indian intellectualism and further analysis of the preservation of Indigenous traditional knowledge Approachable and engaging this volume is a key resource for students and scholars of Native American and Indigenous studies and Indigenous history The American Indian Mind in a Linear World Donald Fixico,2013-07-04 Currently there are three approaches to studying American Indians from how white Americans approach Indian studies from the dynamics or exchange of Indian white relations and from the Indian point of view Donald Fixico an American Indian has been teaching and writing history for a quarter of a century This book is the direct result of his experience as a scholar who thinks like an Indian in an academic environment created predominantly by non Indian thinkers This book addresses current approaches to studying Native American traditional knowledge and acknowledges an Indian intellectualism that has up until now been ignored in studying Native American history Written primarily from inside the Native world but fully cognizant of the American cultures outside of that world his unique voice speaks to a need for understanding the interior Native world a world in which linear thinking is atypical and circularity is preferable
