McCarthy,2007-12-01 The first major biography of one of Old Hollywood's greatest directors Sometime partner of the eccentric Howard Hughes drinking buddy of William Faulkner and Ernest Hemingway an inveterate gambler and a notorious liar Howard Hawks was the most modern of the great masters and one of the first directors to declare his independence from the major studios He played Svengali to Lauren Bacall Montgomery Clift and others but Hawks's greatest creation may have been himself As The Atlantic Monthly noted Todd McCarthy has gone further than anyone else in sorting out the truths and lies of the life the skills and the insight and the self deceptions of the work A fluent biography of the great director a frequently rotten guy but one whose artistic independence and standards of film morality never failed The New York Times Book Review Hawks's life until now rather an enigma has been put into focus and made one with his art in Todd McCarthy's wise and funny Howard Hawks The Wall Street Journal Excellent A respectful exhaustive and appropriately smartass look at Hollywood's most versatile director Newsweek The Reel Civil War Bruce Chadwick,2009-08-19 During the late

nineteenth century magazines newspapers novelists and even historians presented a revised version of the Civil War that intending to reconcile the former foes downplayed the issues of slavery and racial injustice and often promoted and reinforced the worst racial stereotypes The Reel Civil War tells the history of how these misrepresentations of history made their way into movies More than 800 films have been made about the Civil War Citing such classics as Birth of a Nation and Gone With the Wind as well as many other films Bruce Chadwick shows how most of them have until recently projected an image of gallant soldiers beautiful belles sprawling plantations and docile or dangerous slaves He demonstrates how the movies aided and abetted racism and an inaccurate view of American history providing a revealing and important account of the power of cinema to shape our understanding of historical truth **Celebrity Morals and the Loss of Religious Authority** John Portmann,2019-04-30 This book examines American popular culture to demonstrate that celebrities have superseded religious figures as moral authorities As trust in religious institutions has waned over recent decades the once frivolous entertainment fringe has become the moral center Young people and voters increasingly take cues from actors and athletes The book begins by offering a definition of celebrity and showing that the profile of celebrities has changed dramatically particularly since the 1960s They can now chart their own careers manage their own personal lives and weigh in on pressing moral issues in a manner that hasn't always been the case This can be to the good it is argued for some counterintuitive reasons Very few stars pretend to be moral exemplars unlike the frequently hypocritical elites they have replaced Others however are seemingly poorly qualified to speak on complex moral issues In the end it also turns out that who tells us how to feel about any moral issue counts at least as much as what they tell us This is a fresh look at the impact of celebrity culture on contemporary morality and religious authority As such it will be of great use to academics working in religious studies and ethics as well as popular culture and media studies Five Came Back Mark Harris,2015-02-24 One of The Hollywood Reporter's 100 Greatest Film Books of All Time One of the great works of film history of the decade Slate Now

a Netflix original documentary series also written by Mark Harris the extraordinary wartime experience of five of Hollywood's most important directors all of whom put their stamp on World War II and were changed by it forever Here is the remarkable untold story of how five major Hollywood directors John Ford George Stevens John Huston William Wyler and Frank Capra changed World War II and how in turn the war changed them In a move unheard of at the time the U S government farmed out its war propaganda effort to Hollywood allowing these directors the freedom to film in combat zones as never before They were on the scene at almost every major moment of America's war shaping the public's collective consciousness of what we've now come to call the good fight The product of five years of scrupulous archival research *Came Back* provides a revelatory new understanding of Hollywood's role in the war through the life and work of these five men who chose to go and who came back *The Suppressed Memoirs of Mabel Dodge Luhan* Lois Palken

Williams, 1996 A Texan's times and travels *Gods Like Us* Ty Burr, 2013-06-04

With 8 Pages of Black and White Photographs In this captivating history of stardom Boston Globe film critic Ty Burr traces our obsession with fame from the dawn of cinema through the age of the Internet Why do we obsess over the individuals we come to call stars How has both the image of stardom and our stars' images changed over the past hundred years What does celebrity mean if people can now become famous simply for being famous With brilliant insight and entertaining examples Burr reveals the blessings and the curses of celebrity for the star and the stargazer alike From Mary Pickford and Charlie Chaplin to Archie Leach aka Cary Grant Tom Cruise and Julia Roberts to such no-cal stars of today as the Kardashians and the new online celebrity *Gods Like Us* is a journey through the fame game at its flashiest most indulgent occasionally most tragic and ultimately it's most culturally revealing *Queen of the Court* Madeleine Blais, 2023-08-15 From the Pulitzer Prize winning journalist Madeleine Blais the dramatic and colorful story of legendary tennis star and international celebrity Alice Marble In August 1939 Alice Marble graced the cover of Life magazine photographed by the famed Alfred Eisenstaedt She was a glamorous worldwide celebrity having that year won singles women's doubles and mixed doubles tennis titles at

both Wimbledon and the US Open then an unprecedented feat Yet today one of America s greatest female athletes and most charismatic characters is largely forgotten Queen of the Court places her back on center stage Born in 1913 Marble grew up in San Francisco her favorite sport baseball Given a tennis racket at age 13 she took to the sport immediately rising to the top with a powerful aggressive serve and volley style unseen in women s tennis A champion at the height of her fame in the late 1930s she also designed a clothing line in the off season and sang as a performer in the Sert Room of the Waldorf Astoria Hotel in New York to rave reviews World War II derailed her amateur tennis career but her life off the court was if anything even more eventful She wrote a series of short books about famous women She turned professional and joined a pro tour during the War entertaining and inspiring soldiers and civilians alike Ever glamorous and connected she had a part in the 1952 Tracy and Hepburn movie Pat and Mike and she played tennis with the likes of Charlie Chaplin Marlene Dietrich and her great friends Clark Gable and Carole Lombard However perhaps her greatest legacy lies in her successful efforts working largely alone to persuade the all white US Lawn Tennis Association to change its policy and allow African American star Althea Gibson to compete for the US championship in 1950 thereby breaking tennis s color barrier In two memoirs Marble also showed herself to be an at times unreliable narrator of her own life which Madeleine Blais navigates skillfully especially Marble s dramatic claims of having been a spy during World War II In Queen of the Court the author of the bestselling In These Girls Hope Is a Muscle recaptures a glittering life story      **Hal Wallis** Bernard F.
