Hazen, 1992 Why do smokers claim that the first cigarette of the day is the best What is the biological basis behind some heavy drinkers belief that the hair of the dog method alleviates the effects of a hangover Why does marijuana seem to affect ones problem solving capacity Intoxicating Minds is in the author s words a grand excavation of drug myth Neither extolling nor condemning drug use it is a story of scientific and artistic achievement war and greed empires and religions and lessons for the future Ciaran Regan looks at each class of drugs describing the historical evolution of their use explaining how they work within the brain s neurophysiology and outlining the basic pharmacology of those substances From a consideration of the effect of stimulants such as caffeine and nicotine and the reasons and consequences of their sudden popularity in the seventeenth century the book moves to a discussion of more modern stimulants such as cocaine and ecstasy In addition Regan explains how we process memory the nature of thought disorders and therapies for treating depression and schizophrenia Regan then considers psychedelic drugs and their perceived mystical properties and traces the history of placebos to ancient civilizations Finally Intoxicating Minds considers the physical consequences of our co evolution with drugs how they have altered our very being and offers a glimpse of the brave new world of drug therapies **Poems of Charles Alan Long** Charles Alan Long, 2017-05-16 This book is a compilation of poems written by inspiration by Professor Emeritus Charles Alan Long that reflect a long career of scholarship with many historical and lyrical expressions hidden by layers of research and teaching A chronology of sorts it begins in Dr Long s youth in college over sixty years ago and continued until he was 80 as a teacher professor of research museum director soldier with success in bio mathematics natural history as a philosopher critic and member of a progressive family Some current practical problems studied from the vantage of evolutionist ecologist biblical critic naturalist and offended American include the sudden rise of marijuana political rhetoric usury beyond decency and by liberals and conservatives alike the erosion of personal liberty especially of speech and universities But the poems from laments to loves to joy to pathos and death poverty to wealth nature art music and poetry itself are presented in almost musical sadness or joy The history of an intellectual s scholarly travels whereas some poems are for children some for society some attacking evils some praising good people with merit even in deference to religions many nations and his beloved homeland The poems are in large part

visits into nostalgia and sentiment Cultures of many peoples in many nations are described as are many situations in America There is of course an American core but surely this poet loves good peoples and the history of Greece France Scotland Africa Russia and other places Loves genuine for many women inspired many lovely poems a lot of romance But profound in its argument is love for the poor and unhappy people love for art nature philosophy even sports science and math even religions It becomes unified by reason his active caring and his bursts of singing Much attention is given to geography history science and nature Virgil's Cinematic Art Kirk Freudenburg,2022-12-27 Through a series of close readings centered primarily on Virgil s Aeneid Kirk Freudenburg shows that the experiential effects that Virgil puts into play do serious narrative work of their own by structuring lines of sight both visual and emotive and shifting them about in ways that move readers interpellated as viewers into and out of the visual and emotional worlds of the story s characters **Shooting the Messenger** Paul L. Moorcraft,Philip M. Taylor,2008 As the literature on military media relations grows it is informed by antagonism either from journalists who report on wars or from ex soldiers in their memoirs Academics who attempt more judicious accounts rarely have any professional military or media experience A working knowledge of the operational constraints of both professions underscores *Shooting the Messenger* A veteran war correspondent and think tank director Paul L Moorcraft has served in the British Ministry of Defence while historian by training Philip M Taylor is a professor of international communications who has lectured widely to the U S military and at NATO institutions Some of the topics they examine in this wide ranging history of military media relations are the interface between soldiers and civilian reporters covering conflicts the sometimes grey area between reporters right or need to know and the operational security constraints imposed by the military the military s manipulation of journalists who accept it as a trade off for safer battlefield access the resultant gap between images of war and their reality the evolving nature of media technology and the difficulties and opportunities this poses to the military journalistic performance in reporting conflict as an observer or a participant Moorcraft and Taylor provide a bridge over which each side can pass and a path to mutual understanding *Shooting the Messenger* Paul Moorcraft,2011-10-31 Wars have dominated politics since history began In the modern era most of what the media reports on foreign conflicts comes from a small band of war correspondents As the furore over the Iraq Afghan and now the Libyan wars demonstrates Western governments and militaries often collude to keep their voters in the dark about the causes and the conduct of wars waged in their name In this entertaining and unspun account of modern war reporting the authors ask whether the media itself drives democracies to war Or does it serve to constrain evil ignorant and messianic leaders Are the heirs of William Howard Russell the first modern war reporter watchdogs or lapdogs In the age of Wikileaks and corrupt media empires what is the political impact of war correspondents Are they the heroes or harlots of their profession *A Grammar of Cinemopoiesis* Silvia Carlorosi,2015-09-17 Cinemopoiesis or cinema of poetry strikes us as a strange combination a phrase we initially read as an oxymoron Poetry is often associated with the abstract and the evocative while

cinema suggests the concrete and the visible Yet various visual media use strong and often contradictory images whose symbolic force and visual impact stimulate the public's attention Abstract and emblematic images surround us and the poetic nature of these images lies in the way they speak beyond their apparent limits and stimulate connections on a subjective level A prosaic world like the contemporary one though no longer seems to hold a place for poetry We are inundated by the need to tell and to be told the need to build our lives through narratives But it is precisely here in this contemporary landscape that the cinema of poetry attempts to establish a space for itself exchanging the productive and industrial apparatus for the poetic stimulus of a sensory experience A Grammar of Cinepoiesis is a theoretical and practical guide to the cinema of poetry to its tools and forms It examines how the language of a cinema of poetry works both in its theoretical foundations and in its modes of representation and how it takes shape in the exemplary practice of Italian authors such as Pier Paolo Pasolini Michelangelo Antonioni Federico Fellini and the more recent Franco Piavoli and Matteo Garrone **Harbingers of Books**

to Come Dave Oliphant, 2009-09 The first major autobiography by a Texas poet this noteworthy account traces the life and times of a poet publisher critic and teacher from his childhood to the present day This remarkable life is examined through the works it produced 25 books in the fields of poetry fiction translation jazz history and book reviewing Proving that the literary and intellectual life in Texas far surpasses the state's stereotypes this record shows how the poet was instrumental in connecting Texas with many Latin American writers as well as with a wide world of music Poetry Harriet Monroe, 1948

Poetry as Spiritual Practice Robert McDowell, 2008-07-15 When we read and write poetry it is as if a long settled cloud in our mind suddenly dissipates and we are divine once again from the Introduction Poetry is the language of devotion in prayer chant and song Reading and writing poetry creates clarity deepens and expands spiritual inquiry and cultivates wisdom compassion self confidence patience and love In author Robert McDowell's words poetry makes you into a tuning fork of the Divine But poetry has disappeared over the centuries from religious ceremonies academic curricula and public discourse In Poetry as Spiritual Practice the first inspirational and instructional guide to combine poetry and spirituality McDowell restores poetry as the natural language of spiritual practice and invites you to recognize poetry as the pure sound and shape of your spirit Vividly illustrated with a wide range of poems from all historical eras and poetic traditions numerous religions and faiths and McDowell's own and his students work Poetry as Spiritual Practice will reintroduce you to the unique pleasure of verse And meditations throughout will allow you to integrate reading and writing poetry into your spiritual journeys and daily life Since many of us have long forgotten or never learned the mechanics and terminology of poetry trochaic feet and tropes trip us up we can't tell a villanelle from its shorter cousin rondeau and a terza rima may as well be a tanka this is also an instructional handbook on reading and writing poetry An engaging guide through the landscape of world poetry McDowell argues along the way for the many practical benefits of poetic literacy Making poetry an essential part of daily rituals aspirations and intentions will put you on the path to greater meaning growth and peace in your life At once an engaging

technical primer a profound meditation on the relationship between poetry and the Divine and an inspirational guide for integrating poetry into spiritual practice Poetry as Spiritual Practice will become a cherished companion **New**
