Longing At Least Is Constant:

Longing at Least is Constant Kathryn Payne, 1998 *A Study Guide for Marie Howe's "What the Living Do"* Gale, Cengage Learning, A Study Guide for Marie Howe's What the Living Do excerpted from Gale's acclaimed Poetry for Students This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Poetry for Students for all of your research needs *Fireweed*, 1998 *The Cambridge Review*, 1882 Vols 1 26 include a supplement The University pulpit vols 1 26 no 1 661 which has separate pagination but is indexed in the main vol *Longing for Nothingness* Andrew Stein, 2010-01-25 In *Longing for Nothingness* Resistance Denial and the Place of Death in the Nursing Home Andrew Stein offers a groundbreaking new psychoanalytic treatment of the depression and other mental conflicts suffered by residents living in nursing homes Freud famously argued that humans had a dual drive toward life and toward death and in this new study Stein shows that residents may suffer because they cannot control one part of that dualism their longing for nothingness Weaving together elements of Freud's life and writings Lacanian and Kleinian notions and clinical material in a new and surprising manner Stein shows that a frightening breakdown of symbolic and imaginary defenses opens nursing home residents to these deeply repressed longings Because they often do not know how to respond the result is an increase in their suffering and tendency to despair *Longing for Nothingness* makes an impassioned plea for all people not only residents of nursing homes to fully acknowledge the role of death in the structures of their desires By doing this they will be spared the unnecessary suffering caused by the struggle to keep their longings for death repressed Stein presents an alternate strategy bringing the longings for death a little more into consciousness where they can be addressed without fueling debilitating symptoms like depression and rage **Faith, Reason, and Theosis** Aristotle Papanikolaou, George E. Demacopoulos, 2023-10-03 Theosis shapes contemporary Orthodox theology in two ways positively and negatively In the positive sense contemporary Orthodox theologians made theosis the thread that bound together the various aspects of theology in a coherent whole and also interpreted patristic texts which experienced a renaissance in the twentieth century even in Orthodox theology In the negative sense contemporary theologians used theosis as a triumphalistic club to beat down Catholic and Protestant Christians claiming that they rejected theosis in favor of either a rationalistic or fideistic approach to Christian life The essays collected in this volume move beyond this East West divide by examining the relation between faith reason and theosis from Orthodox Catholic and Protestant perspectives A variety of themes are addressed such as the nature grace debate and the relation of philosophy to theology through engagement with such diverse thinkers as Thomas Aquinas John Wesley Meister Eckhart Dionysius the Areopagite Symeon the New Theologian Panayiotis Nellas Vladimir Lossky Martin Luther Martin Heidegger Sergius Bulgakov John of the Cross Delores Williams Evagrius of Pontus and Hans Urs von Balthasar The essays in this book are situated within a current thinking on theosis that consists of a common albeit minimalist affirmation

amidst the flow of differences The authors in this volume contribute to the historical theological task of complicating the contemporary Orthodox narrative but they also continue the theological achievement of thinking about theosis so that all Christian traditions may be challenged to stretch and shift their understanding of theosis even amidst an ecumenical celebration of the gift of participation in the life of God

Our Desire of Unrest Michael Jacobs, 2018-04-24 Knowledge is never static It is always open to revolutionary thinking or to evolving development Similarly an individual's knowledge is always moving and indeed if the ability to think about ideas is lost an important part of the individual is also lost In this book a collection of some of the papers and lectures written by Michael Jacobs over a period of thirty or more years the author shows his own thinking at work as he challenges himself to look deeper at some important aspects of his discipline principally psychodynamic psychotherapy although always with reference to other forms of discourse such as literature and theology Here the reader will find the writer behind those popular texts such as *The Presenting Past* *Psychodynamic Counselling in Action* and *Shakespeare on the Couch*

God, Desire, and a Theology of Human Sexuality David H. Jensen, 2013-01-01 This work of constructive theology examines human sexuality in light of Christian faith and doctrine Jensen moves beyond the hot button social debates about sexual orientation and sexual practices to look for healing The seven chapters consider Scripture and sex the connections between the triune covenantal God and human sexuality Christ's incarnation and resurrection as affirming the beauty of flesh eschatology and sexual identity the ramifications of the Lord's Supper for human sexuality vocation and Christian callings to marriage celibacy and singleness and sexual ethics

Surprised by Faith Joy McBride,Daryl McCarthy,Bob VanderVennen,2009-03-26 Surprised by Faith celebrates the 75th anniversary of C S Lewis kicking and screaming his way into Christianity his 1931 conversion Lewis described himself as the

most dejected and reluctant convert in all England But a convert nonetheless surprised by joy This volume was inspired by Lewis s autobiographical account of the life events which led to his coming to faith an event that had a profound effect on his work and his relationships In *Surprised by Faith* Lewis s conversion is explored as both a rational quest for truth and a romantic quest for meaning This collection of essays commemorates Lewis s conversion but also celebrates examines and discusses what conversion means to us as scholars academicians and most importantly as human beings It s a kind of conversation about conversion The conversation s participants are individuals from a variety of backgrounds who themselves have been converted in the classic Christian sense *Surprised by Faith* hopefully will challenge the reader to think more deeply biblically and theologically about the transformation that takes place in each life that embraces Christ and moves from unbelief to belief The essays look at the influence of conversion on perspectives as they relate to various disciplines such as anthropology poetry psychology education philosophy and culture Rediscovering God's Grand Story James M.

Roseman,2017-09-15 In the passage to modernity we in the West have lost the ability to see things whole We ve closed our minds to all things transcendent and default to unbelief and can t make sense of the persistent echoes of the voice of God that reverberate in our souls In *Rediscovering God s Grand Story* James Roseman picks up the strands of science philosophy history the arts and theology and reweaves the tapestry to see a coherent story that makes the best sense of the world and provides real meaning and significance to our lives God s Grand Myth We see that the signals of transcendence that confound our culture of doubt are a universal language and vocabulary of the heart echoing the voice of God and in the very Judeo Christian story we so readily jettison is found the Author enabling us to see the world whole again This essay tells why the story and promise of Christianity is so hard to hear today but won t go away Could it be that as T S Eliot wrote in the mid twentieth century at the end of all our exploring will be to arrive where we started and know the place for the first time
