D. Landis,2014-12-16 Longing tells the story of the greatest artistic couple in history Robert Schumann and Clara Wieck They met when she was eight years old and he was seventeen drawn together first by music and then by their passion for each other Drawing on their letters and remarkably frank journals J D Landis writes of Clara and Robert s enforced separations their marriage their artistic triumphs and failures and finally their shared devotion to and love for a young genius who both came between them and brought them together for the last time Longing was a New York Times Notable Book It was also named by The Guardian London as the second finest novel about music the first being Thomas Bernhard s Loser a judgment with which Mr Landis is delighted to concur **Football Fandom and Collective Memory** Przemysław Nosal,Radosław Kossakowski,Wojciech Woźniak,2024-06-18 This book examines the topic of identity and collective memory in football fandom Drawing on global research in history sociology and political science the book looks at how where and why football fans and supporters groups introduce particular role models into their self identity and performative narratives The book presents original cutting edge research that illustrates the complex multidimensional nature of the re formulation of collective memory and the elevation of role models It looks at the processes by which some supporters groups celebrate historical and contemporary figures including political leaders warriors revolutionaries or armed resistance groups that they believe embody patriotic regional or nationalist virtues as well as supporters groups who define their patriotism in opposition to these figures The book presents cases ranging from Ukrainian football ultras in the shadow of Russian aggression and Jewish role models in Germany s collective football memory to the symbology of Che Guevara and Diego Maradona in Brazilian and Argentinian football to hero formation and the myths of national identity in Australian football This is fascinating reading for anybody with an interest in the sociology culture or politics of sport or in fandom identity nationalism more broadly in sociology political science or history **The Herkomers** Sir Hubert von Herkomer,1910 **Desire in Dante and the Middle Ages** Manuele Gragnolati,2017-07-05 This volume

takes Dante's rich and multifaceted discourse of desire from the Vita Nova to the Commedia as a point of departure in investigating medieval concepts of desire in all their multiplicity, fragmentation and interrelation. As well as offering several original contributions on this fundamental aspect of Dante's work, it seeks to situate the Florentine more effectively within the broader spectrum of medieval culture and to establish greater intellectual exchange between Dante scholars and those from other disciplines. The volume is also notable for its openness to diverse critical and methodological approaches. In considering the extent to which modern theoretical paradigms can be used to shed light upon the Middle Ages, it will interest those engaged with questions of critical theory as well as medieval culture. **Louis Agassiz; His Life and Work** Charles

Frederick Holder, 1893 *Jewish Art in Nazi Germany* Dana Smith, 2022-03-27 This book provides a social and cultural history of Jewish art in Nazi Germany with a focus on the Jewish artists, art critics and audiences in Nazi Bavaria. From the time of its conceptualization in the autumn of 1933 until its final curtain call in November 1938, the Jewish Cultural League in Bavaria sustained three departments: music, visual arts and adult education. The Bavarian example steps outside the highly professional cultural milieu of Jewish Berlin and instead looks at relatively unknown efforts of Bavarian Jewish artists as they used art to define what it now meant to them to be Jewish under Nazism. Insightful and engaging, this book is ideal for advanced undergraduate students, graduate students and scholars interested in social and cultural histories of Jews in Germany. *The Life of Richard Wagner* Ernest Newman, 2014-03-20 Newman's Life of Wagner, published between 1933 and 1947, the culmination of forty years' research, is a classic biography. **Kaethe Kollwitz** Robert Joseph Fanning, 1956

Helene Deutsch Paul Roazen,2020-03-09 Student and protege of Sigmund Freud Helene Deutsch was one of the most influential psychoanalysts of her time An early woman analyst Deutsch was an ardent feminist and a leading proponent of

Freud's controversial theories about the psychology of women Deutsch was also one of the first prominent career women to combine a professional life with motherhood even though she never resolved her own conflicts over those contradictory demands At the time of her death in 1982 at the age of 97 Helene Deutsch was the last survivor of Freud's original circle from Vienna This volume is a definitive account of the life and works of this remarkable and enigmatic woman The author knew Deutsch personally and was given exclusive access to her papers after her death The private life of Helene Deutsch was as unconventional as her professional life While Felix Deutsch a physician who specialized in psychosomatic medicine was to remain her husband for fifty years and father her son Martin their relationship was highly eccentric Roazen produces evidence that indicates Felix Deutsch may have been homosexual also that their son was raised primarily by Felix as Helene was more interested in her career than was Felix in his and the Deutsches often lived continents apart With the rise of Nazism Helene Deutsch departed in 1935 for America She was welcomed in Cambridge Massachusetts by the Boston Psychoanalytic Society and was made director of the Society's new institute for the training of analysts Her two volume *The Psychology of Women* published in 1945 remains one of the foundations of modern analysis Roazen's biography is an authoritative portrait of a pioneer of psychoanalysis and one of the unique women of her day It will be of interest to psychoanalysts cultural historians and specialists in women's studies

Paradox, Aphorism and Desire in Novalis and Derrida Clare Kennedy, 2008 Building on recent investigations into affinities between early German Romanticism and French post structuralism this study brings together the work of Jacques Derrida with the writings of one of early Romanticism's most important theorists Friedrich von Hardenberg 1772-1801 better known as Novalis In contrast to recent criticism which traces the historical path from Romanticism to modern theory in broad strokes this book undertakes comparative readings of Novalis and Derrida's texts on literature and philosophy The book focuses on the significance both writers accord to paradox and argues that readings which are attuned to paradox can better appreciate the proximity of Romanticism and post structuralism As well as their affirmation of paradox the texts of Novalis and Derrida testify to a profound respect for the Other and the close readings of selected texts reveal remarkable similarities in their thinking on literature philosophy and representation and on the intricate interrelation between language identity and desire
