

The Longman Companion to Imperial Russia 1689-1917

David Longley

history *his-tō-ri*, n an account of an event; a systematic account of the origin and progress of the world, a nation, an institution, a science, etc; the knowledge of past events; the academic discipline of understanding or interpreting past events; a course of events; a life-story; an eventful life, a past of more than common interest; a drama representing historical events. — **a historian** (*his-tō-ri-an*) a writer of history (*also* in the sense of an expert or an authority on).

Longman Companion To Imperial Russia 1689 1917

Simonetta Cavaciocchi

Longman Companion To Imperial Russia 1689 1917:

Longman Companion to Imperial Russia, 1689-1917 David Longley, 2014-07-30 This is the first book of its kind to draw together information on the major events in Russian history from 1695 to 1917 covering the eventful period from the accession of Peter the Great to the fall of Nicholas II Not only is a vast amount of material on key events and topics brought together but the book also contains fascinating background material to convey the reality of life in the period [Russia: A History, New Edition](#) Gregory Freeze, 2002-03-28 Drawing on recently opened archival materials leading American and European scholars provide an authoritative interpretation of Russian history and culture ranging from the eighth century to the recent creation of the Commonwealth of Independent States **Russia: A History, new edition**, 2002-03-28 From the formation of the Russian state in the 14th century to the political power struggles of the 1990s and the uncertainties of the new millennium this new history offers a fresh and systematic account of Russian history across six tumultuous centuries With greater access to previously unobtainable material and with the gradual depoliticization of what was once an intellectual Cold War battleground historians are now able to tell the story of Russia more dispassionately and with greater precision than was formerly possible Drawing on the best contemporary scholarship and informed throughout by the latest archival research into previously classified sources thirteen international experts here reassess and reinterpret the history of one of the world's great powers What emerges is a powerful sense of national destiny of repeated themes unchanging conditions and cycles of circumstance Throughout Russian history all powerful autocrats like Ivan the Terrible or Stalin have maintained their authority through brutality but their omnipotence was always under threat circumscribed by geography compromised by bureaucratic incompetence pervasive corruption and resistance from below A curious combination a veneer of omnipotence a void of operational power has periodically dissolved into times of trouble as in 1598 1917 and 1991 when the impotence of the regime became transparent to all Russian rulers have also had to contend with the same immense physical challenges a hugely dispersed population a perennial dearth of means and men to govern a primitive infrastructure Plagued by natural disasters hamstrung by structural problems the Russian economy whether pre revolutionary capitalist Soviet socialist or post Soviet semi capitalist has had enormous and disruptive difficulties adapting to the competitive world of international markets Another immutable elemental fact has been Russia's multinational composition which continues to generate discontent and disorder Yet Russia is a great survivor as the years from 1995 show characterized by economic recovery institution building and a new mood of self assertion in world politics For too long Russian history has been dominated by myths and counter myths concocted by those seeking either to legitimize the existing order or to destroy it This book containing many little known illustrations represents an important attempt to rethink Russian history and to provide a new understanding of Russia's complex but ever fascinating historical development A compelling story in its own right it is also essential reading for anyone with a private or professional interest in Russia and its place in the world *Russia*

Gregory L. Freeze, 2009 *The history of Russia from Kievan Rus to Vladimir Putin* Russia A History cuts through the myths and mystery that have surrounded Russia from its earliest days with startling revelations from classified archives that until comparatively recently were not even known to exist A distinguished team of historians has stripped away the propaganda and preconceptions of the past to tell the definitive story of Russia from tenth century Kiev and Muscovy through empire and revolution to the fall of Communism and the new order of the 1990s and early 21st century A compelling story in its own right it is essential reading for anyone with an interest in Russia and its place in the world This updated edition now covers the developments in the Putin era in the first decade of the 21st century *The Origins of the Russian Revolution, 1861-1917* Alan Wood, 2004-06 A concise introduction to the Russian Revolution and its origins dating back to the emancipation of the Russian peasant serfs in 1861 *The Mathematical Mind of F. M. Dostoevsky* Michael Marsh-Soloway, 2024-11-19 *The Mathematical Mind of F M Dostoevsky* Imaginary Numbers Non Euclidean Geometry and Infinity reconstructs the curriculum and readings that F M Dostoevsky encountered during his studies and connects such sources to the mathematical references and themes in his published works Prior to becoming a man of letters Dostoevsky studied at the Main Engineering School in St Petersburg from 1838 to 1843 After he was arrested submitted to mock execution by firing squad and sentenced to penal servitude in Siberia for his involvement in the revolutionary Petrashevsky Circle in 1849 most of his books and journals from the period of his education were confiscated and destroyed by the Third Section of the Russian Secret Police Although most scholars discount the legacy of his engineering studies the literary aesthetics of his works communicate an acute awareness of mathematical principles and debates This book unearths subtexts in works by Dostoevsky communicating veins of mathematical thought that evolved throughout Classical Antiquity the Renaissance and the Scientific Revolution *The Russian Nobility in the Age of Alexander I* Patrick O'Meara, 2019-05-30 The reign of Alexander I was a pivotal moment in the construction of Russia's national mythology This work examines this crucial period focusing on the place of the Russian nobility in relation to their ruler and the accompanying debate between reform and the status quo between a Russia old and new and between different visions of what Russia could become Drawing on extensive archival research and placing a long neglected emphasis on this aspect of Alexander I's reign this book is an important work for students and scholars of imperial Russia as well as the wider Napoleonic and post Napoleonic period in Europe **Longman Companion to Britain since 1945** Chris Cook, John Stevenson, 2014-09-09 This timely new edition of the Longman Companion to Britain since 1945 compiled by the series editors themselves provides a wide ranging compendium of key facts and figures on British history from the start of the landmark Attlee government in 1945 to the final years of the 1990s The book embraces all major aspects of British history government and society reflecting the massive social political and economic changes that have transformed the face of Britain since the end of the Second World War Fully revised and updated this new edition covers the advent of Tony Blair the electoral victory of New Labour in 1997 and the

major constitutional changes currently underway in Britain This book will be invaluable to anyone interested in the history and politics of post war Britain from students and teachers to party activists and lovers of reader friendly reference books

A History of Russia Volume 1 Walter G. Moss,2003-07-01 This new edition retains the features of the first edition that made it a popular choice in universities and colleges throughout the US Canada and around the world Moss s accessible history includes full treatment of everyday life the role of women rural life law religion literature and art In addition it provides many other features that have proven successful including a well organized and clearly written text references to varying historical perspectives numerous illustrations and maps fully updated bibliographies accompanying each chapter as well as a general bibliography a glossary and chronological and genealogical lists

The Abolition of Serfdom in Russia David Moon,2014-09-25 In February 1861 Tsar Alexander II issued the statutes abolishing the institution of serfdom in Russia The procedures set in motion by Alexander II undid the ties that bound together 22 million serfs and 100 000 noble estate owners and changed the face of Russia Rather than presenting abolition as an event that happened in February 1861 The Abolition of Serfdom in Russia presents the reform as a process It traces the origins of the abolition of serfdom back to reforms in related areas in 1762 and forward to the culmination of the process in 1907 Written in an engaging and accessible manner the book shows how the reform process linked the old social economic and political order of eighteenth century Russia with the radical transformations of the late nineteenth and early twentieth centuries that culminated in revolution in 1917

A History Of Russia Volume 2 Walter G. Moss,2004-10-01 Moss has significantly revised his text and bibliography in this second edition to reflect new research findings and controversies on numerous subjects He has also brought the history up to date by revising the post Soviet material which now covers events from the end of 1991 up to the present day This new edition retains the features of the successful first edition that have made it a popular choice in universities and colleges throughout the US Canada and around the world

Russia's Bitter Path to Modernity Alexander Chubarov,2001-01-01 Will it follow the model of the Western capitalist democracies as those who applied the economic shock therapy of the early 90s hoped or will it chose its own distinct path of development In this history of Russia from 1917 to the present Alexander Chubarov teases out certain themes developed in his previous book on tsarist Russia The Fragile Empire One of the key factors to Russia s distinctiveness is its halfway location in the center of the Eurasian landmass This lends an inevitability to the traditional cultural schism between Westernizing reformers and Slavophiles Neither approach says Chubarov will work on its own Chubarov offers a balanced view abstaining from narrow ideologically biased assessments and examines the triumphs yes and failures of Russia s Soviet development within Russia s own cultural and historical context Without ever minimizing the brutalities of the Soviet period the state terror the collectivizations the labor camps the deportations of whole peoples Chubarov demonstrates much continuity between tsarist and Soviet Russia with the latter often repeating the former s mistakes Russia says Chubarov cannot turn its back on its Soviet experience Far

from being a blind alley or aberrant phase the Soviet period was an organic part of Russia history and was largely successful in turning Russia and most of the other Soviet republics into modern states *Schiavitù e servaggio nell'economia europea. Secc. XI-XVIII = Serfdom and Slavery in the European Economy* Simonetta Cavaciocchi, 2014 Il volume esamina i rapporti di lavoro non contrattuali schiavit e servaggio che a lungo contraddistinsero l'economia europea sia pure con andamenti assai diversi nelle differenti aree I saggi in esso contenuti esaminano la evoluzione del servaggio visto come il lato economico del regime signorile e delle diverse forme di sottomissione personale fino alla vera e propria tratta degli schiavi di cui i mercanti europei furono protagonisti mettendo in luce una situazione assai più complessa e articolata di quanto gli schemi interpretativi tradizionali lasciassero intuire *Longman Companion to the First World War* Colin Nicolson, 2014-07-15 This new Companion covers one of the most devastating conflicts in modern history The Great War traumatised a generation and shaped the whole of the twentieth century Speaking as loudly as any first hand account the facts and figures laid out in this volume reveal the sheer massive destruction caused by the war Covering all aspects of the conflict from its origins and course to the peace settlements and the crises they generated Colin Nicolson unravels historical controversies and also considers the social cultural and economic consequences of the war for the whole of Europe Containing all the essential facts and figures this Companion will be greatly welcomed by teachers academics and students alike *Longman Companion to Slavery, Emancipation and Civil Rights* Harry Harmer, 2014-06-11 This Companion provides the essential background to the defining fate of the African diaspora in the Americas and the Caribbean from the 15th to the 20th centuries Central to the book are detailed chronologies on the development and decline of the slave trade slavery in colonial North and South America the Caribbean and the United States movements for emancipation and the progress of black civil rights Separate sections look at the long running resistance against slavery and the black civil rights movements in the Americas and the Caribbean with a comparative chronology of apartheid in South Africa Supported by biographies of over 100 key individuals and a full glossary providing definitions of crucial terms expressions ideas and events this is required reading for anyone interested in the historical experience of slavery *A Companion to the Russian Revolution* Daniel Orlovsky, 2020-08-21 A compendium of original essays and contemporary viewpoints on the 1917 Revolution The Russian revolution of 1917 reverberated throughout an empire that covered one sixth of the world It altered the geo political landscape of not only Eurasia but of the entire globe The impact of this immense event is still felt in the present day The historiography of the last two decades has challenged conceptions of the 1917 revolution as a monolithic entity the causes and meanings of revolution are many as is reflected in contemporary scholarship on the subject A Companion to the Russian Revolution offers more than thirty original essays written by a team of respected scholars and historians of 20th century Russian history Presenting a wide range of contemporary perspectives the Companion discusses topics including the dynamics of violence in war and revolution Russian political parties the transformation of the Orthodox church Bolshevism Liberalism and more Although

primarily focused on 1917 itself and the singular Revolutionary experience in that year this book also explores time periods such as the First Russian Revolution early Soviet government the Civil War period and even into the 1920 s Presents a wide range of original essays that discuss Brings together in depth coverage of political history party history cultural history and new social approaches Explores the long range causes influence on early Soviet culture and global after life of the Russian Revolution Offers broadly conceived contemporary views of the revolution largely based on the author s original research Links Russian revolutions to Russian Civil Wars as concepts A Companion to the Russian Revolution is an important addition to modern scholarship on the subject and a valuable resource for those interested in Russian Late Imperial or Soviet history as well as anyone interested in Revolution as a global phenomenon

Leaving Earth Robert Zimmerman,2019-02-14 In this definitive account of the quest to establish a human presence in lifeless outer space award winning space historian Robert Zimmerman reveals the great global gamesmanship between Soviet and American political leaders that drove the space efforts of both following the Apollo lunar landings in the 1960s and 1970s Beaten to the Moon by their Cold War enemies the Russians were intent on being first to the planets They knew that to reach other worlds they needed to learn how to build interplanetary spaceships and believed that manned space stations held the greatest promise for making that possible Thus from the very moment they realized they had lost the race to the Moon the Soviet government worked feverishly to build a viable space station program one that would dwarf the American efforts and allow the Russians to claim the vast territories of space as their own Like the race between the tortoise and the hare the ponderously bureaucratic Soviet Union actually managed to overtake the United States in this space station race Their efforts sometimes resulting in terrifying near death exploits not only put them far ahead of NASA it also served to reshape their own society helping to change it from a communist dictatorship to a freer and more capitalist society At the same time the American space program at NASA was also evolving but not for the better In fact in many ways the two programs and nations were slowly but inexorably trading places Drawing on his vast store of knowledge about space travel and modern history as well as hundreds of interviews with cosmonauts astronauts and scientists Zimmerman has superbly captured the exciting story of space travel in the last half of the twentieth century Leaving Earth tells that story and is required reading for space and history enthusiasts alike who wish to understand the context of the space exploration renaissance taking place now in the twenty first century

Reform, Revolution and Crisis in Europe Bronwyn Winter,Cat Moir,2019-10-31 Today Europe stands at a crossroads unlike any it has faced since 1945 Since the 2008 financial crash Europe has weathered the Greek debt crisis the 2015 refugee crisis and the identity crisis brought about by Brexit in 2016 The future of the European project is in doubt How will Europe respond Reform and revolution have been two forms of response to crisis that have shaped Europe s history To understand Europe s present we must understand that past This interdisciplinary book considers through the prism of several landmark moments how the dynamics of reformation and revolution and the crises they either addressed or created have shaped European

history memory and thought A History of Russia: To 1917 Walter Moss,2002 *Israel Disarmed* Mark W. Smith,2024-05-14 Where was the army Where were the police Where was the state An Israeli mother on the 10 7 attacks America s anti gun lobby wants you to leave guns to the professionals The police and military will protect you they say Really Ask the people of Israel how well that worked out for them On October 7 2023 Hamas terrorists murdered 1 200 Israelis in cold blood Civilians waited in anguish for the army or police to rescue them Why Because the country s restrictive gun laws left most people unarmed The Israeli government made an immediate about face after October 7 They loosened gun laws to allow as many citizens as possible to arm themselves So why are America s anti gun extremists so determined to brush aside the Constitution and force you to turn in your guns The lesson from Israel s experience should be clear If you wait until catastrophe comes it s too late

Enjoying the Tune of Phrase: An Psychological Symphony within **Longman Companion To Imperial Russia 1689 1917**

In some sort of eaten by displays and the ceaseless chatter of immediate transmission, the melodic beauty and mental symphony created by the published term frequently disappear in to the background, eclipsed by the persistent sound and interruptions that permeate our lives. But, located within the pages of **Longman Companion To Imperial Russia 1689 1917** an enchanting fictional value overflowing with organic thoughts, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that charming masterpiece conducts readers on a psychological journey, well unraveling the concealed songs and profound affect resonating within each carefully constructed phrase. Within the depths with this emotional assessment, we shall discover the book is main harmonies, analyze their enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
