at Birth Janet Sherlund, 2024-05-07 In *Abandoned at Birth* Janet Sherlund explores the inherent need adopted children have for a sense of belonging and the pain and courage that is required to discover their true identity Adoption is often painted as a happy inspirational act a baby finds a family and lives happily ever after But the truth is that adopted children experience displacement and rupture from their mother and that trauma can impact an individual for a lifetime Adoption can lead to feelings of loss and grief not just for the adoptee but for the biological and adoptive parents as well This startling fact comes vividly to life in Janet Sherlund's heartbreaking memoir *Abandoned at Birth* In her literary debut Janet Sherlund explores the complex issues so many adoptees and their parents grapple with including the complicated emotions of rejection loss grief denial and shame Sherlund who was given up for adoption within days of her birth shares her journey to fulfill her lifetime longing for connection with her family of origin her instinctive ache for connection with her birth mother and what it was like to have a borrowed identity In poignant detail Sherlund describes her quest to find out who she is where she came from and why she was given away And she reveals the pain and courage required to discover one's true identity With 5 million adoptees in the U S many of whom are discovering their biological roots on DNA websites *Abandoned at Birth* is the book for our time The insight Sherlund derived from her journey will encourage and console others on the same path while examining the inherent need of all of us to belong and understand our origins our culture and our genetic roots **Alice Neel** Phoebe

Hoban, 2010-12-07 Alice Neel liked to say that she was the century and in many ways she was She was born into a proper Victorian family and came of age during suffrage The quintessential Bohemian she spent more than half a century from her early days as a WPA artist living in the heart of the Village through her Whitney retrospective in 1974 until her death ten years later painting often in near obscurity an extraordinarily diverse population from young black sisters in Harlem to the elderly Jewish twin artists Raphael and Moses Soyer to Meyer Schapiro and Linus Pauling to the American Communist Party chairman Gus Hall creating an indelible portrait of 20th century America Neel's hundreds of portraits portray a universe of powerful personalities and document an age Neel painted through the Depression McCarthyism the Civil Rights Movement the sexual revolution of the 60s feminism and the feverish eighties Fiercely democratic in her subjects she portrayed her lovers her children her neighbors in Spanish Harlem pregnant nudes crazy people and famous figures in the art world all in a searing psychological style uniquely her own From Village legend Joe Gould with multiple penises to Frank O'Hara as a lyrical young poet from porn star Annie Sprinkle gussied up in leather to her own anxious nude pregnant daughter in law Neel's portraits are as arrestingly executed as they are relentlessly honest In this first full length biography of Neel best selling author Phoebe Hoban recounts the remarkable story of Neel's life and career as full of Sturm and Drang as the century she powerfully captured in paint Neel managed to transcend her often tragic circumstances surviving the death from diphtheria of her infant daughter Santillana her first child by the renowned Cuban painter Carlos Enriquez with whom she lived in Havana for a year before returning to America the break up of her marriage a nervous breakdown at thirty resulting

in several suicide attempts for which she was institutionalized and the terrible separation from her second child Isabetta whom Carlos took back to Havana In every aspect of her life Neel dictated her own terms from defiantly painting figurative pieces at the height of Abstract Expressionism convincing her subjects to disrobe which many of them did including surprisingly Andy Warhol to becoming a single mother to the two sons she bore to dramatically different partners No wonder she became the de facto artist of the Feminist movement When Time magazine put Kate Millet on its cover in 1970 she was asked to paint the portrait Very much in touch with her time Neel was also always ahead of it Although she herself would probably have rejected such label she was America s first feminist multicultural artist a populist painter for the ages Phoebe Hoban s Alice Neel The Art of Not Sitting Pretty tells the unforgettable story of a woman who forged a permanent place in the pantheon by courageously flaunting convention both in her life and her work
