Rethinking America's Past Robert Cohen,Sonia E. Murrow,2021-11-01 No introductory work of American history has had more influence over the past forty years than Howard Zinn s A People s History of the United States which since its publication in 1980 has sold more than three million copies Zinn s iconoclastic critique of American militarism racism and capitalism has drawn bitter criticism from the Right most recently from President Donald Trump who at his White House Conference on American History in 2020 denounced Zinn as a Left propagandist and accused teachers aligned with Zinn of indoctrinating students to hate America and be ashamed of its history Rethinking America s Past is the first work to use archival and classroom evidence to assess the impact that Zinn s classic work has had on historical teaching and learning and on American culture This evidence refutes Trump s charges showing that rather than indoctrinating students Zinn s book has been used by teachers to have students debate and rethink conventional versions of American history Rethinking America s Past also explores the ways Zinn s work fostered deeper more critical renderings of the American past in movies and on stage and television and traces the origins and assesses the strengths and weaknesses of A People s History in light of more recent historical scholarship
