

A photograph of a two-lane asphalt road winding through a dense forest. The road has double yellow lines in the center and a white line on the right. The trees are dark and silhouetted against a twilight sky with soft, pinkish clouds. The overall mood is contemplative and serene.

You can't move forward
until you look back.

Looking Back, Moving Forward - Bittersweet Candace Wayne,2024-04-16 When lawyer wife and mother Candace Wayne's beloved husband John is diagnosed with Lewy Bodies Dementia she finally has a name for the small changes she's born witness to for years In this essay collection Candace offers snapshots of the years leading up to John's death and those that unfold afterward Task oriented and responsible Candace is efficient in her role as caretaker learning how to best support a husband who must come to terms with his slow creeping loss of self sufficiency Meanwhile Candace's daughters have their own experience with their father's changes and the whole family must bend without breaking to accommodate his loss By turns raw and contemplative Candace's essays depict family road trips restaurant outings and doctors appointments and finally John's last breaths Much like Joan Didion's *The Year of Magical Thinking* this collection is true to the experience of mourning taking the reader through the author's real time experiences before revisiting episodes through the lens of retrospect Ultimately the author's sadness makes way for reluctant optimism as Candace awakens to the bittersweet realization that the person her husband's death caused her to become is a woman she's grateful to know

Moving Forward, Looking Back Sarah M. Misemer,2010 Many critical shifts in concepts of time and society's consciousness of modernity were derived from the railway and World Standard Time in the nineteenth century These innovations restructured the way people viewed the world and dealt with public and private time The forward projectile motion along a linear track mimicked the passage of public chronological time Conversely the train also invoked a private nostalgic view of time as the traveler was yanked from his/her traditional view of the space time continuum via the train's velocity Travelers observed the landscape disappear in their backward glance from the window although the landscape and interior compartment's space remained stagnant This optical illusion caused passengers to perceive the world in new ways Thus the train unveils a conflictive blend of nostalgia

Solomon, 2021-04-21 You can deal with an issue all your life but until you choose to move on with a positive attitude you will remain stuck in your past There s power in a single positive thought Therein lies the flashlight to shine your path to recovery which reveals that you hold the power to your mind because it s you who feeds it and you hold the switch to a brighter day So turn it on My experience in moving forward in life began with me looking back and understanding the hurts of life I went through which led me to discover the power of forgiveness And when I did I made the decision to forgive and understand that everything happens for a reason it could be a life lesson Your future has a lot to do with your past You might not have had the chance to determine your past but you have a choice to turn your life around as well as the lives of the people around you So choose to use it wisely and so it matters with what attitude you are reflecting on your past I give you two options 1 the positive or 2 the positive Looking Back, Moving Forward DIANE Publishing Company, 1995-07 Recognizes the progress of
